ANNUAL REPORT OF THE TRUSTEES OF

The University of Nanking, Nanking, China

FOR YEAR ENDING JULY 31, 1915

To The University of the State of New York

This annual report is required by law to be transmitted to the Department on or before August 1, 1915.

Read these instructions carefully before filling this blank.

- 1 Use *perfectly legible* figures, not words, for all dates, amounts, numbers etc.
- 2 When the report makes two items of something which your records combine, e. g. expenditures on grounds and buildings, *estimate as nearly as possible* the division between the two, for if you merely bracket the items and give the total, it distorts both columns in the summary for the whole State.
- 3 When questions do not apply or can not be answered definitely, do not leave a blank, but make clear by the following marks that answers are intentionally, not accidentally omitted:
Line drawn through heading means "does not exist in this institution."
O in place of answer means "none this year."
? in place of answer means "fact unknown."
? preceding an answer means "probably" or "approximately"; e. g. ?324 means "to the best of our knowledge and belief about 324."
- 4 Change any term used so that the report shall accord exactly with facts; e. g. write "chairman" instead of "president."

ANNUAL REPORT OF THE TRUSTEES OF

THE UNIVERSITY OF NANKING, NANKING, CHINA.

Nanking

for year ending July 31, 1926

To The University of the State of New York

This annual report is required by law to be transmitted to the Department on or before August 1st

Read instructions carefully before filling this blank

- 1 Use perfectly legible figures, not words, for all dates, amounts, numbers etc.
- 2 When the report makes two items of something which your records combine, e. g. expenditures on grounds and buildings, estimate as nearly as possible the division between the two for if you merely bracket the items and give the total, it distorts both columns in the summary for the whole State.
- 3 When questions do not apply or can not be answered definitely, do not leave a blank, but make clear by the following marks that answers are intentionally, not accidentally omitted:
 Line drawn through heading means "does not exist in this institution."
 O in place of answer means "none this year."
 ? in place of answer means "fact unknown."
 ? preceding answer means "probably" or "approximately"; e. g. ? 324 means "to the best of our knowledge and belief about 324."
- 4 Change any term used so that report shall accord exactly with facts; e. g. write "chairman" instead of "president."

ANNUAL REPORT OF THE TRUSTEES OF

The University of Nanking

for year ending July 31, 1928

To the New York State Education Department

This annual report is required by law to be transmitted to the Department on or before August 1st

Read instructions carefully before filling this blank

- 1 Use perfectly legible figures, not words, for all dates, amounts, numbers etc.
 2 When the report makes two items of something which your records combine, e. g. expenditures on grounds and buildings, estimate as nearly as possible the division between the two for if you merely bracket the items and give the total, it distorts both columns in the summary for the whole State.
 3 When questions do not apply or can not be answered definitely, do not leave a blank, but make clear by the following marks that answers are intentionally, not accidentally omitted:

Line drawn through heading means "does not exist in this institution."

O in place of answer means "none this year."

? in place of answer means "fact unknown."

? preceding answer means "probably" or "approximately"; e. g. ? 324 means "to the best of our knowledge and belief about 324."

- 4 Change any term used so that report shall accord exactly with facts; e. g. write "chairman" instead of "president."

ANNUAL REPORT OF THE TRUSTEES OF

University of Nanking, Nanking, China

for year ending July 31, 1929

To the New York State Education Department

TRANSFER

This annual report is required by law to be transmitted to the Department on or before August 1st

Read instructions carefully before filling this blank

- 1 Use perfectly legible figures, not words, for all dates, amounts, numbers etc.
 2 When the report makes two items of something which your records combine, e. g. expenditures on grounds and buildings, estimate as nearly as possible the division between the two for if you merely bracket the items and give the total, it distorts both columns in the summary for the whole State.
 3 When questions do not apply or can not be answered definitely, do not leave a blank, but make clear by the following marks that answers are intentionally, not accidentally omitted:
 Line drawn through heading means "does not exist in this institution."
 O in place of answer means "none this year."
 ? in place of answer means "fact unknown."
 ? preceding answer means "probably" or "approximately"; e. g. ? 324 means "to the best of our knowledge and belief about 324."
 4 Change any term used so that report shall accord exactly with facts; e. g. write "chairman" instead of "president."
