Extract from letter of one Wilhelm Engel
from China
Luechow Jan. 4, '91.
From Journal, page 118, '91.

In Kaitien, we met a ger. Jewish Dr.
with a German wife who is reading a paper
see App. but it is only wattle talk.
On a field & how he manages it I
don't know. He also teaches in the
provincial med. coll. where the students
are anti Jern, and they live in a
new attic about 10 x 20 ft. divided by
partitioning into two rooms each just
big enough to hold a single bed & a
washed table. But they have good food
table, & somewhat dirty, but very
kindly. In fact they & other Germans at
the Badel Mission have distinguished the
people who have given the 2nd mile
in hospitality.

Here there is also an anti Nazi
refugee German Dr. running an
emergency hosp. all along, poor man
a few English & no Chinese.
His hosp. is an ex temple, better
quarters than the other, but no labor
atory, such equipment as there
was in the college in Kaitien. He seems
terribly lonely, as there is apparently
no European Community here &
he hasn't even got his wife, who is in
Hong Kong.

Fighting March 1925.

Mar 3 soldiers defeated south of here retreated by way of Cifer. - 15-20000 went thru city walking all way from Swatow, when they could not get on trains. On 4th March 5, they looted Kie-thai - There was a great fire earlier in evening. People very much frightened. 2 girls carried off.

Mar 6. - Soldiers left very suddenly seizing two men as carriers. People fled here for shelter - men, women, children. Brought valuable (gold ornaments)

On Tues Mar 17. shooting suddenly broke out in Kie-thai. Groups of people immediately started up hill towards Cfd to get shelter. As a matter of fact, there was more shooting up here, than near some of their houses.

Shooting continued all day across bridge. Two charges

were made, but unsuccessful. Men up on hills near our house shooting toward deserted people on road - & toward bridge.

All night shooting continued inside house.

Men inside city finally drove out intruders (said to be independent troops under a mandarin nearby who wanted to get rich quick by looting & stealing.)

Soldiers pursuing them broke in our gate; servants came running up stairs to tell us. Luckily I was at home, and gently pushed them out - much against their will however.

Bullets whizzed past house on both sides. Some bullets struck Baker house. He slept inside that night.
