Dear Daddy:

Thanks for your nice letter. I've gotten quite good friends here at C.A. There has not really been any snow here. Once or twice there was enough to not quite cover the ground. If you want skiing or coasting you have to go to special places. But I have been skating at the rink several times & I rent skates there but they aren't very good ones. Here I go to the Anglican Church but most of the boys go to Union Church. Most of the time it has been rather warm here but tonight is very cold the wind is blowing like anything. The last few days I have been taking cold showers but tomorrow morning I will probably be a sissy.

How to ask you a lot about Nanking. I know Frishy's gone but was he actually killed or just lost? How is my bike and stamps? I don't expect my bike to be here. How about our savings in the bank? Were they taken? I suppose so but if not you can fork my money which amounted to about \$10.00 over to the poor. Was Hillcrest destroyed? If not what is it used for? Another thing I want to ask is the attitude of the Japanese

to the people? For instance about flags, mail,
schooling, language etc. What flag is used over
the University if the flagpole is up? I am a
scent now in Kobe only it is the British ^{kind} ~~the~~
Wangs still in our house in Nanking? How are
all our Chinese friends

In Kobe all cloth goods have gone up 15%.

Hope to see you

Your loving son,
Morton.
