SHANTUNG

Shantung Christian University

December 11, 1951.

Dr. F. M. Mosse,
Cheeloo University,
Tsinan, Shantung, China

My dear Dr. Mosse:

Mrs. Carr kindly forwarded to me the very attractive sketch you have drawn showing the School of Theology and the Chapel by moonlight.

You have made this scene so realistic that whenever I look at this picture I feel an acute pang of homesickness for the Cheeloo campus.

Mrs. Carr forwarded the picture to me for any publicity use we might be able to make of it, and requested that I return it to you if we had no immediate need for such illustrated material.

At the present time Cheeloo is not getting out any publicity material, and it is difficult to say when we will be doing anything at all along promotional lines. I am therefore, following Mrs. Carr's request and am returning the picture. However, I am very glad indeed to know that you have this material on hand, for it is quite likely that a little later on we may send you a request either for this picture, or possibly some other specimen of your artistic genius depicting other attractive spots on the Cheeloo campus.

If Margaret knew I were writing you I know she would wish to send her good wishes to Mrs. Mosse and yourself.

We have been so late in catching the Christmas Spirit this year that we failed to send our usual assortment of Christmas cards to our friends in China. However, we will both be thinking much of you during the holiday season. We trust that you will have a very delightful Christmas, and that 1952 will bring both to China and to Mei Kuo more of peace and prosperity than we have enjoyed in 1951.

Very cordially yours,

B. A. Carside

Dr. F. H. Mosse
c/o White Star Line
Arriving on S. S. Britannic
Boston, Mass.

Dear Mosse:

A very cordial welcome to Mei Kuo! I trust that you and Mrs. Mosse and the children had a pleasant journey across the Atlantic, and that you will have an even more pleasant stay here.

Dr. Weir writes that you are very doubtful about coming to the Annual Meeting of our Cheeloo Governors on October 17th. We would be very happy to see you, but do not wish to urge your coming if it would mean too much of an extra tax on you, or if it would seriously disturb your other plans.

I am enclosing herewith for your perusal a copy of the docket for the meeting. This will give you a very good idea of what will be coming up. You will notice that the most important item on the docket is the consideration of the proper course to follow in regard to the new hospital. We all regret very much that the British Section will not have any direct representation at the meeting. We were hoping that Dr. Paton could attend, but another important engagement in Pennsylvania makes that impossible. Dr. Warnshuis will be present and will have the proxies of most members of the British Section. While he will, I am sure, be able to represent quite fairly and quite effectively views of our British colleagues, it would be very helpful if someone direct from England could also be on hand. Dr. Thornton Stearns will probably be present, as will Dr. Samuel Cochran, so we will have at least two Cheeloo medical men present.

Whether or not we have you with us on October 17th, I hope that both Mrs. Garside and I will have the pleasure of seeing you and your family while you are so near.

Very cordially yours,

F. A. Garside

Dr. F. H. Mosse
99 Oxford Road
Longmeadow, Mass.

Dear Mosse:

Sorry you were not with us at the Cheeloo meeting on October 17th. I enclose a copy of the Minutes herewith.

We are very glad indeed however, that you are planning to be in New York from November 1 to November 3.

On November 3rd, our China Colleges are having a luncheon at the Commodore Hotel in honor of President Wu of Ginling, President Liu of Shanghai, and Bishop Roots. We will have several hundred guests present. Among them will be quite a number of old Cheeloo friends. Margaret and I are very anxious indeed to have you and Mrs. Mosse both present at the luncheon as our guests. I am making tentative reservations for you both.

There will also be a brief meeting of the North American Section of our Cheeloo Governors from 9:00 A. M. until 10:00 A. M. on November 3rd. We would be glad to have you present, though we would not press the matter if you aren't anxious to add board and committee meetings to your schedule. The Section will devote its attention chiefly to the discussion of plans for promotional work here in North America.

Sorry that your trip across the Atlantic was not particularly pleasant. I trust you will be feeling quite up to par again. Looking forward to seeing you next week, I am

Very cordially yours,

F. A. Garside

SHANTUNG

Dear Gairido

Very many thanks for your kind letter & the bunch of literature. I'd dearly like to have come to-morrow, but am just about all in after the trip. We had a patch of pretty bad weather, and that with the difficulty of getting proper diet on the ship have landed me with a sharp bout of the old ulcer trouble. I'd planned to go to Boston this week, but fear I'll have to call it off. The only thing to do is to keep quiet and live on milk for a few days till I can get straight again. It's a humiliating business, and I feel as if I had no face at all; but I'm afraid there's no help for it.

We hope to be in New York from 1st to 3rd Nov. and are much looking forward to seeing some of our old friends again. I just hate to miss this meeting, and feel very much of a quitter.

Again many thanks.

Penitently & sincerely yours

'Robin' Morse

Address in N.Y. { c/o Mr A. B. Hunt
96 Columbia Heights
Brooklyn

Dear Garride,

I got back from a postgraduate excursion on Saturday & found your letter waiting for me. We'd planned to leave N.Y. early on the morning of the 3rd, but your letter put a new complexion on things and we've been writing round to see if it will be possible to change our dates a little and leave on the 4th. I think that's going to be all right, but we shall not know finally till we get there. What luck that the dates fit so well. We're both very keen to meet the Governors (does that invitation apply to Alice also?) and also to attend that luncheon. We will assume that it's all right for both of us to attend both functions unless we hear from you to the contrary; and of course will let you know if anything happens to hinder us. Thank you ever & ever so much for your letter & the invitations. I've written our N.Y. address above.

very gratefully & sincerely yours

J. H. More

TRANSFER

Dear Mr Scott,

In view of recent serious news from China I felt it would be best for us to get in touch with you at once. I was to have sailed with my wife & baby from Vancouver on Sept 1st, but have been delayed by illness. I was a month in bed at home first, & then had to go into Hospital. Now all right now I think, and we've booked a passage on the Empress of Canada sailing on Sept 30th. The University are ~~were~~ expecting us to leave on the 15th, if our letters have got through by this time; we've twice

0799

had to postpone our sailings owing to my stupid illness. I doubt if the University people have our address yet - we've only just moved into these apartments - so will not know where to cable us if they should wish to; they probably don't even know yet that we are still in America, though we have sent a cable to-day to tell them, and hope it will get through.

You are getting all the latest news from China, I expect, and will know if it is all right to sail. I imagine will go to Shanghai, take a coastal boat up to Tsingtao & then from there to Tsinan by rail if there are any trains running.

If you wish to communicate with us, will be at the above address (116 Grosvenor Ave) till Sept 24th; after that

c/o Mrs Alice S. Rolf
885 13th Ave. W.

Vancouver B.C.
will find us up to the time of our

actual sailing.

We've had a splendid furlough, but the last few months in America have been rather spoiled by illness, a return of an old gastric ulcer, and I haven't done a quarter of the things I'd planned to do.

With apologies for troubling you & many thanks for all you do for us all the time.

Gratefully & sincerely yours

J. H. Morse
