Mr. M. B. Chang (Chang Moong-bau) -- History --

Mr. Chang is instructor in history. He graduated from our University in 1931 with good records, though the grades were not quite high enough for him to make the Phi Tau Phi Scholastic Honor Society. He first started out as a teacher of Western History in our University Middle School, but was later given charge of Freshman History. He is interested in the subject and has been giving his time almost exclusively to it for the last five or six years. He will be a very valuable addition to our college faculty, if he can have the opportunity to study abroad.

Note: Transcript of records is not available as all our students records have been lost because of the war.
