YENCHING'S 1934 HOME-COMING
SHOWS PROMISING SPIRIT

From N. Giot Gee, V. Am.,
Yenching University,
150 Fifth Ave.
New York City

An estimated crowd of between two and three thousand people saw Yenching put her best foot forward on the Annual Home-coming Day, April 28. Every department, college, and special enterprise had some exhibit or feature of entertainment ready for the visitors, who were present in larger numbers than at any time since the founding of the University, and it is the general opinion that they saw a more impressive Yenching than ever.

The Department of Biology had an interesting exhibit of the work being carried on toward the advancement of that science in China. Sociology's exhibit of the products of their Ching Ho Experiment Station impressed everyone with the new and improved goods which the villagers are turning out under Yenching's direction. In conjunction with this exhibit there was a striking display of native-made goods which illustrated the progress China is making toward the time when she will supply her own manufactured goods.

It was open-house day for both the Men's and Women's Colleges, and as the visitors tramped through the immaculate corridors of the dormitories and dropped in on their sons and daughters they realized that probably nowhere else in China do college students have such uniformly clean and modern living quarters. Out on the campus were the ice-cream wagons and other concessions of several student "teams" who are raising their share of the million dollars required for the endowment campaign. Pedestrians everywhere were buttonholed and urged to buy an ice-cream cone, a nosegay, or a lei of almond blossoms to help Yenching along.

The Department of Journalism was in the final day of its Fourth Annual Journalism Week, and at noon entertained at tiffin for approximately 100 guests, some of whom hailed from such far-flung countries as Sweden, Russia, Germany, Australia, and America.

Dr. J. Leighton Stuart gave a welcoming reception at his home at 10:00 A.M., and at noon addressed the alumni who had gathered for their annual reunion luncheon.

An all-day athletic program provided plenty of fun for the thousands of people who were wandering over the campus, looking at the exhibits, visiting their children or friends, or climbing up into the lofty water-pagoda which was opened for the day. Beginning in the morning with the customary bicycle races for both men and women, the program was enhanced by a spectacular tug-of-war across a narrow neck of the lake. Virtually all of the population of Chengfu village turned out to see their heroes, the University workmen, easily drag a bespectacled faculty team into the lake and through its chilly waters.

After the tug-of-war economist Harry Price successfully defended his tennis championship in a hard-fought match, and the girls' varsity volleyball team defeated a crack alumnae aggregation which now constitutes most of the best players in China.

0640

In the afternoon an interclass track and field meet provided more diversion, and was followed by a baby parade, the traditional donkey polo match between the school and the alumni, and a parade of the Animal Kingdom - ducks, Mongolian hounds, camels, goats, rabbits, flat-tailed sheep, etc., -- which had come from all parts of China to witness Yenching's big day.

OFFICE OF THE PRESIDENT

TELEGRAPH ADDRESS
"YENTA"

Dear Miss Van Sciver:

I have 4 letters dated July 8, and one dated July 16, from you, which came two or three weeks ago when I was away from Yenching. I have just returned to the office, so am trying to pick up the threads.

*+ ref. in room
J. Lee
M*

Pictures for the moment I shall not try to order or have sent, as we are not sure they would ever reach their destination. If, as time goes on, we can find a safe way to send them, we will. Meanwhile we have 60 or more slides, and also several rolls of movie film to be sent. The film is black and white, and I hope as soon as we get more normal, the Movie Committee can get together, write the scenario, and put it together into a connected story. This will take time, but we will not forget it if we can get back to a semblance of normal. At present we are just holding our breath from day to day to see if we can survive at all! I wonder if the rolls of colored films ever reached your office, via Miss Veghte and Dr. Elisseeff. If so, they may at least give you a little something to work on. If we ever take any more film, I will suggest 6 duplicates of colored where it seems advisable.

Pictures of the heads of departments I will bear in mind, but there will be so many changes and makeshifts that it may not have the same value as in ordinary times.

As for the booklet about the kindergarten department, I doubt if we will have any kindergarten this year. Mrs. H. B. Price, however, who is on furlough this year might be able to give you much information, as she was actively interested in the kindergarten here for several years. You no doubt will be seeing her in the office.

I am enclosing a list of our faculty who have left for America, or on furlough in America. We are also sending a list of students who finally got off for America. In some cases certain names may be on both lists, graduates who have later joined the faculty. The Chinese Embassy in Washington should also be able to furnish you with a complete list, not only of the new arrivals this year, but also those who are staying on from previous years.

Miss Burttt has not yet returned, having been greatly delayed by travelling conditions, but I will try to enclose a list of Americans who have studied at Yenching; if not now, at a later date. *(will send later.)*

I doubt if the Yenching News will function this year - at least there is none such at the moment. Democracy also, I hear, has been suspended, perhaps permanently.

We are in the midst of alarms and terroress, with nightly fighting in this immediate vicinity - the Japanese trying to rout out the "irregulars"; and also distant heavy bombing. Students are appearing on the campus, but the registration is not quite final as yet. The weather is simply perfect, but we can no longer enjoy walks outside the campus gates, let alone our usual hill trips!

*Very sincerely yours,
Doris Cummings*

Dear Fellow Alumnus:

From various reliable sources we are glad to inform you that Yenching University has made very good progress during this school year despite the present conflict in China; and attendance for the following year bids to restore a very busy and active life in our Alma Mater.

The New York Chapter of the Yenching Alumni Association in the U. S. held a meeting on April 16th and watched with pleasure three reels of films of Yenching school life taken during the past few years. The movie reminded us of happy memories which still linger in our minds, of our own college years and we all felt, that as loyal alumni in the U. S. we should do something to further the development of our beloved school. Recently, the New York Office of Yenching University received a request from the Yenching Nursery School appealing for a contribution of US\$30.00 with which they could build a long needed playground for the neighborhood children. To show our appreciation for what Yenching did for us, the alumni of the New York Chapter moved that the alumni in the U. S. make some contribution by bearing the responsibility of that particular sum for the Nursery School's playground in the near future.

An immediate problem arose, "How can we get the money?" As the traditional alumni association fee is \$2.00 per person per annum, the Treasurer of the National Yenching Alumni Association suggested that if every member in the U. S. could send his or her dues to the Treasurer immediately, the required \$30.00 could be withdrawn from the fees collected and sent back to Dr. Stuart to fulfill that purpose. To simplify the problem of sending money, the Treasurer further suggested that every local chapter should elect a temporary treasurer to collect the dues from each local alumnus and send the dues directly on one check before May 31st to the National Treasurer. Thereupon a receipt will be sent to him.

We need your full support and cooperation in this matter which we feel confident is a deserving project. As Dr. and Mrs. Sailer are soon sailing for China and Yenching University this summer, we earnestly hope that all money can be collected by May 31st. Then our association can request the Sailers to carry back this small "gift of loyalty and symbol of faith" to Dr. Stuart for the development of a new playground for the future generation of China.

Yours faithfully,

Frances Pei-Yueh Chen
Treasurer of National Yenching Alumni Association
International House
500 Riverside Drive

New York City
December 12, 1938

Dear Member of the Yenching Alumni Association:

Time has flown by quickly and my much delayed but nevertheless very sincere greeting to all the new Alumni in the United States and to those who are still here for further study, is at long last on its belated journey. Welcome to each and all of you and may your stay in the United States be as profitable and pleasant as desired.

With Christmas just around the corner, we are soon to have our reunion in New York City. The date for the event will be December 23rd, Friday. We shall first have a delicious Chinese dinner at the NEW ASIA RESTAURANT, 114th Street and Broadway, New York City at 7:00 P.M. sharp, and then we shall have a social gathering in Room A of the International House, 500 Riverside Drive. The New Yorkers will be greatly honoured if other members from out-of-town will come to join us to make this occasion a successful one. Any Alumnus visiting New York for the first time and wishing assistance for room accommodation or other arrangements, will please get in touch with Mr. Hsia Yun, John Jay Hall, Columbia University, New York City, Secretary of New York Chapter, or Miss Frances Chen, 625 West 113th Street, New York City.

At this reunion meeting, we wish to place special emphasis on the nomination and election of new secretary and treasurer for our National Association for the current year of 1939. Any member who cannot come to attend the annual meeting may have the privilege of nominating the new secretary and treasurer by sending in the names before December 23rd. A deliberate consideration will also be given to our national membership fee, and how we can make use of it. Outside of the business session, we are going to have a joyous party with Christmas atmosphere prevailing. Each Alumnus or Alumna is requested to bring a small exchange gift (value approximately \$.25), wrapped in colorful paper, so as to make the party a memorable one for all. Do try to come. Bring your friends and relatives! We need your cooperation!

Many of you old members must be anxious to know about the US\$30.00 we sent back to Yenching to build a playground for the Chongfu children. Dr. Stuart has written me two letters already, one acknowledging receipt and gratification for the sum which yielded CH\$172.04 and the other explaining that the sum has been used for equipment for two playgrounds already established near Yenching campus. Dr. Stuart feels that it is better to buy more apparatus for these two playgrounds rather than start another one with no equipment. I am writing him that he has full power to use the money as he thinks would give the most relief. Dr. Stuart wishes me to extend his greetings and appreciation to the Alumni here in the United States for our help and cooperation, both materially and spiritually.

In case any one knows of Yenching students who have not received this letter, please pass on this message and send me his or her name and address to add to our list. The Yenching Office has not been able to obtain a complete list of names from our Alma Mater and therefore our compilation of names is not complete. At the same time, will those planning to come to New York during the holidays please inform me so that I can make an approximate reservation for the dinner? Your cooperation in these matters will be deeply appreciated.

Yours sincerely,

(Signed) Frances P. Y. Chen

YENCHING COLLEGE FOR WOMEN

August 11, 1939

Dear Mrs. Macmillan:

We are trying to collect for you all the information we have about Yenching graduates who are going to America this summer. Dr. Lin, our Director of Studies, is writing to you about our men students. I would like to tell you what I can about some of the women. It is quite hard to keep track of all the alumnae who go to America, for often they change their plans after they have communicated with us. However, here is some data on six women who will probably be in America this fall.

Nancy Chou (Chou Nien-tze) has gone to Wellesley on a scholarship for graduate work in English Literature. She is a most vivacious and active girl, a granddaughter of Liang Ch'i-ch'ao. She will make a good ambassadress of China wherever she goes and should be an excellent person to meet student groups in and around Boston.

Dr. Kung Lan-chen (Mrs. Hsu P'eng-ch'eng) has gone to Detroit on a research grant from the Children's Fund of Michigan. She will be doing work in children's nutrition. Her husband has gone to Cornell for work in chemistry. Dr. Kung did some of her undergraduate work in Yenching and then went to America for study at Oregon and Columbia. For about six years she has been on our faculty, teaching home economics and chemistry. She is a first-rate scientist but sometimes a little prickly in social relationships.

Mabel Ch'en (Mrs. Wang Jun-ch'uan) has gone with her husband to the University of Minnesota. Unlike Dr. Kung, she uses her married name, but I am not sure whether her husband will be known in America as Wang Jun-ch'uan or as Teddy Wang. Both of them came from Honolulu to Yenching for undergraduate work. Last year Teddy was an instructor in our Department of Physics. Mabel is a protege of Miss Elizabeth Matthews of Cincinnati, who is on our prospect list.

You will find these three the most useful propagandists for the China Colleges, but since you want to keep in touch with all Yenching students in America, I should give you the names of three more: Liu Ping-sheng, after a year as assistant in our Department of Physical Education, has gone to Louisiana State University. Chi Ya-chao says she is going to Harvard. That sounds to me impossible; perhaps it is Radcliffe. Nan Ying-chen, who has just finished her sophomore year here, has applied to both Oberlin and Willamette. I think there is more chance of her being accepted by the latter. These three are not shining lights.

Sincerely yours,

(signed) Margaret Bailey Speer

33091 Hsu Yung Shan--25--Kiangsu--B.A.(Music)1937--Eastman School of Music

Was admitted into the University of Michigan as a graduate student in music where he went in the fall of 1938. He hopes to continue his studies in the Eastman School of Music, Rochester, N.Y. fall of 1939. In this latter institution he hopes to obtain a graduate degree. He is studying on his own. He seems to be making very satisfactory progress in his studies judging from reports that have come from him and from others. ✓

While in Yenching he distinguished himself by the presentation of a unique thesis-a concert of his own works in the spring of his graduation year. His compositions were all based either upon authentic Chinese melodies or upon his own themes which were Chinese in nature.

He graduated with high honors.

W36036 Kuo Huan Shou--24--Shantung--Freshman(Music)--Brier Cliff College
1936

This student had only one year in Yenching during which time she took no music courses of a fundamental nature. Just what her abilities and plans are we are not able to tell. She was a very bashful girl who never expressed herself except thru the piano and this expression was too immature to be able to form a judgment. ✓

Yenching Alumni Association
in U. S. A.

December 12, 1939

Dear Alumni:

Enclosed herein is the new list of Yenching alumni in the States. Although we have tried our best to make this list as complete and up-to-date as possible, there still exist errors and omissions. It will be greatly appreciated if you will notify the secretary if you have any corrections or additions. In the present list we have separated the names of those persons of or from whom we have had no news recently; presumably they have left this country or have changed their addresses. Will these persons themselves or others who know about them inform the secretary of their whereabouts. If there is no response, these names will be omitted in the next revision of the list so as to avoid unnecessary mailing and misguidance.

Very soon another year is over. We shall have our Annual National Reunion again this year at Christmas time in New York City where people usually converge during the vacation. The date is December 27th, and the place is Seth Low Hall, 106 Morningside Drive. Dinner will be served at 7:00 sharp. Please make reservations with the secretary at least three days before date. Your friends and relatives are welcome.

After the dinner the meeting at Seth Low will be devoted primarily to social activities and to recollections of life at Yenching, but a general election of the national committee officers will also take place.

The Committee consists of a secretary and a treasurer. Their term of office is one year. The election usually takes place at the annual reunion. So please nominate now a candidate for each of the above-mentioned offices, and send back the enclosed postal card with your nominations by return mail. Final vote will be cast on the leading candidates at the reunion on December 27th, and individually through mail in the case of those who cannot be present at the meeting.

May we call another thing to your attention --- the annual dues of one dollar. Although some paid it, there are still many who have not done so. It is as yet not too late to send it to the Treasurer, and we shall appreciate your cooperation.

We wish you a very happy Christmas and a prosperous New Year.

Sincerely yours,

FRANCES CHEN (Treasurer)

YUN HSIA (Secretary)

Dear Miss Van Sciver:

Thank You very much for coming to the Alumni dinner. Really you shouldn't have paid for it because we would enjoy to have you as guests. But since you ^{have} insisted, we accepted your money. However you didn't come to our after-dinner tea, so you only have to pay 75 cents for the dinner. We are refunding you and Miss MacMillan a quarter each^X. A total of 50 cents are enclosed herein in stamps. Please keep half and give the other half to Miss MacMillan.

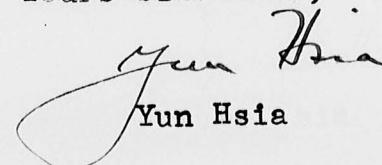

I have some ^{thing} more to bother ^{you}. Enclosed will you please find all the draft of a circular to the alumni in the States. Please have it mimeographed and send them out as soon as convenient. In each letter please enclose a post card with the names of the candidates and my address ^{on}, (see ~~example~~ herein).

In two or three days Miss Mrs. Frances Chen is going to send you some receipts for some of the alumni members. Please insert them in the circulates wherever the names coincide. This would save her the trouble of making separate envelopes and also save ^{some} stamps, but give you some extra work.

On a separate sheet I give you a few corrections and additions of addresses.

Wishing you a very happy New Year,

Yours sincerely,

Yun Hsia

Yenching Alumni Association
In U. S. A.

January 15, 1940

Dear Alumni:

We are very happy to report that our annual reunion was a great success. 36 persons were present at the dinner and some 50 showed up at the after-dinner party.

One resolution has been passed at the reunion to the effect that an amount of approximately \$500 national currency be sent to our Alma Mater to be used as prizes or scholarships for the students at Yenching at the discretion of President Stuart.

All present at the reunion, except one or two, paid their annual dues so that we already have an approximate amount of \$55 U. S. currency in the treasury. We hope the members of other cities will do the same by sending their dues now through mail to the retiring treasurer.

The nominations for the offices of the National Committee is now closed. The names of the leading nominees or candidates are enclosed herewith on a separate card which will serve as the final ballot. Please vote on them and send the card back to the retiring secretary by return mail.

(We wish to take this opportunity to request you to refrain from voting in favor of us, because Hsia has already served one term and Chen has served two terms in succession. It will be wiser and more proper to have the offices relinquished for other abler members. We are forced to be included as candidates because our names headed the nomination list. The support you have given us in the past is deeply appreciated but we truly and sincerely request that you vote for the other candidates on the list.)

Kindly look over the address list again and see whether you have any corrections or additions to make. We are planning to publish a supplementary list if there is sufficient material.

Please keep the National Committee or the Yenching University Office, 150 Fifth Avenue, New York City, in touch with any matters concerning Yenching or her alumni in the U. S. A.

Best wishes for a very Happy New Year.

Sincerely yours,

Dear Fellow Alumni:

According to the results of the mail election conducted three weeks ago by Hsia Yun, acting secretary, we wish to announce that we have been elected officers of the Yenching Alumni Association in U.S.A. for this year: with Kuan Yu Shan as secretary and Lucy Chow as treasurer. With deep appreciation and gratitude to all our fellow members and sincere hope to be worthy of the task entrusted to us, we hereby pledge ourselves to serve the Association to the best of our ability.

We wish to join you in expressing our gratitude to the retiring secretary and treasurer, whose splendid records and efforts have given us a deep inspiration for our task during the coming year.

To the members who have recently arrived in this country, we wish to offer hearty welcome on behalf of all the old members and sincerely hope that we, the old members may be of service to you whenever needed.

We sincerely urge our members in the various localities to organize local chapters and to meet as often as possible, inviting friends and relatives to participate in the social affairs.

In accordance with our Constitution, each member is requested to pay an annual membership fee of one dollar. Will you be kind enough to mail your check to Lucy Chow, 106 Morningside Drive, New York City? Our Association earnestly ask for your cooperation.

The further success of the Association is awaiting for your active participation. If there is any suggestion, please do not hesitate to send them to us.

Enclosed please find a supplementary list of the names and addresses of our members, with some of them just recently arrived from China.

We wish you a happy and successful year.

Very sincerely yours

December 29, 1940

Dear Friends:

Excuse me for taking the liberty of introducing myself to you. With many thanks I would tell you that I am one of the Yenching students who are awarded the scholarship which comes from your kind gift. Thank you very much for helping us.

As I remember I wrote you last two years ago, telling about my family, my financial conditions, and some of the extracurriculum activities in Yenching. Now I am very glad to have this chance again to share with you something else. I am senior this year. This makes me happy, yet a little bit sorry at the same time. I don't know how to express such feeling. I take only three courses this semester, but I have to spend a lot of time for my thesis. The subject of it is "A Research of Peking Y. W. C. A." I stayed there two months in this summer vacation, to carry on my field work. A large part of my work is club work for the different groups, such as middle school girls, industrial girls, free school children, professional and business women...etc. Various activities kept me busy all the day, but I really got a lot of experience from them, and I found it very interesting. There is one thing which, to be sure, you would like to know, that is my job for next year is almost settled. I am asked to be a general secretary of an interior city of China. The definite place will be decided soon. I shall try to do my best in remembrance of your kind help.

With hearty thanks,

Sincerely yours,

Yin Hsiang

Dear Friends:

As one of the students in Yenching University who benefit by the scholarship fund from you, I am greatly obliged to you for your help, and am glad to write you something about myself. Three and a half years ago I was graduated from Bridgman Academy, Peking. And, having been recommended by the school to take the special entrance examination of Yenching, I was matriculated at the University in the summer of the same year, 1937. But then the University fees became a serious problem to me. My father, who is a long-retired government official and has neither deposit nor income now, cannot afford such expenses beside that of the large family which he has to support. To my great relief I was informed to be a recipient of a scholarship \$150 a year. I was, and shall ever be, deeply grateful for the aid of the scholarship by which I can complete my college education.

I am an English major of the Department of Western Languages, and have taken German as my correlated subject. I am interested in literature, and enjoy every kind of literary work, particularly drama and novel. Being a senior now, and having much more academic work besides my B. A. thesis, I can hardly spare my time to participate in many activities. But I am very much interested in the activities of the small groups of the Yenta Christian Fellowship, of which I was a member during the past three years. Also I enjoyed very much teaching the children in Sunday School and the working women in the Craft Factory nearby. But owing to the lack of leisure, I ceased to do both of these since this year.

Now it is time for me to decide the next step after graduating from college. At first I had in mind to take teaching as my future vocation, therefore I have taken many courses in education and practiced teaching in the Yenching Practice School. I have also the wish of going abroad to study if I have a chance. But now, realizing the more urgent demand of workers in many other fields than teaching, I have somewhat changed my mind. Most probably I shall go to the south and do some service for my country there. Yet I am afraid that both my knowledge and experience are so little that I shall be incompetent for any really useful work. On account of the rapidly changing situation, I cannot make a more definite statement about my future than that I will do my best.

Yours sincerely,

Chu Chang

Worked for one year with the Y.W.C.A. at Hangchow and for one year as librarian at St. Mary's Hall.

1926-27 - Freshman student at Yenching.

1929 - B.S. Oregon State Agricultural College.

1930 - M.S. Teachers' College, Columbia University, New York.

1932 - Ph.D. Columbia University.

Since 1932 a member of the Departments of Home Economics and of Chemistry in Yenching University.

1937 - Married Hsü P'eng-ch'eng, instructor in Chemistry, Yenching University.

1938-39 - Leave of absence; birth of a daughter.

1939-40 - Research work in nutrition and metabolism in Detroit on fellowship given by the Children's Fund of Michigan. In residence at Merrill-Palmer School in Detroit.

1940 - Assistant Professor, Department of Home Economics, Yenching.

Although Dr. Kung is not a Yenching graduate we claim her as one of our distinguished former students. Her excellent work in her freshman year at Yenching resulted in scholarship help for her to go to America for further work in home economics, a subject which Yenching was just beginning to develop. Miss Kung is now one of the best qualified women in China in a field of study which is recognized as of increasing importance all over the world and of extraordinary value for China. She is a tireless research worker and a stimulating teacher. The following statement in her own words gives a picture of the research program which she has been carrying on in Yenching with other members of the Yenching Departments of Home Economics and Chemistry.

"Our research program here has aimed at the practical nutritional and dietetic problems peculiar to China. We have avoided scientific problems of general interest which may be studied in other countries. We have tried to study the adequacy of the Chinese diet in the light of modern developments of nutrition and find ways of overcoming some of its deficiencies. For instance, the calcium content of an average Chinese diet is apt to be low, especially when growth is taking place. It is possible to increase it by using more vegetables and also more whole grain cereals. For the time being, we recommend the use of dried animal bones ground into a fine powder. Protein is another one of our problems. With the terrific rise in prices and the curtailment of animal foods, it is difficult to provide enough protein in the diet of even our students at Yenching, and such a situation is typical of the majority of our people. Soybeans may be used, but we have no ground for believing that they can take the place of animal foods. This problem is economic. We have no solution.

The problem we would like to work on but which we have not been able to find ways and means of financing, is the effects of storage, age and method of preparation and other factors upon the vitamin content of foods. A few experiments have been carried out, but they were not too satisfactory. We have not got the proper equipment and assistance to carry out experiments on vitamins."

Yuan Yung-chen

Born - February, 1910.

Middle School - Bridgman Academy, Peking

1932 - B.A. in Economics, Yenching

1932-1934 - Half-time Student Secretary in North China for the National Y.W.C.A.

Half-time religious worker at Ch'ung Tz'e School ("The School of Gentleness", Presbyterian Mission School for girls.)

1934-36 - Full-time, Religious Education, Ch'ung Tze School.

1936-37 - Student of theology at Selly Oak Training College, Birmingham, England.

1937-38 - Student at Hartford Theological Seminary, Hartford, Conn.

1938 to the present - First dean, and later principal, of Ch'ung Tz'e School.

Miss Yuan is a remarkable combination of what is best in old and in new China. With all the energy and initiative of a woman with modern education, she retains a complete understanding of the old ways and is therefore liked and trusted both by modern students and by their conservative parents. Since she has taken charge of Ch'ung Tz'e, the school has gone forward in every way. The quality of teaching has improved, the spirit is excellent, and the school finances have improved even though she has refused to yield to the usual temptation of middle school principals in these times to sacrifice quality to quantity and to take in more students than the school can adequately care for. Miss Yuan's quiet steady work has won for her a place of great respect in educational and religious circles in Peking.

Dear Friend:

It is our great pleasure to announce that Miss Tan Pin-pin is elected Secretary and Mr. Yuan Huan-yu Treasurer of the National Committee of Yenching Alumni Association in the United States. Under their able leadership, it is sure that this year will be one of great success.

Enclosed is a list of the names of those who have contributed to the fund in commemoration of the reopening of our alma mater in Free China. Thus far, \$446.50 has been collected, which has all been remitted to China through the Associated Colleges in China. Special credits are due to Mrs. Paul Chu, Mrs. C. H. Yung and Mr. Liu Chi-liang for their help in collecting contributions from our members.

We shall be obliged if you will notify is in case there is any mistake in the list.

With all the best wishes, we remain

Dear Dr. Kung:

The Yenching Alumni Association in the United States in cooperation with the Yenching Office in New York City are most desirous of honoring you at dinner during your visit to New York.

Alumni and former faculty members of Yenching look forward to having the privilege of hearing a message from you.

We are all thrilled by your presence among us and sincerely hope that you will find time to give us a word of guidance.

It is realized that your program in New York is an extremely crowded one, but it is hoped that you may be able to set aside the evening of August 28 or 29, or any other date, so that we may have the opportunity of doing honor to you.

We anxiously await your early reply so that we can make the necessary arrangements and get as large a group of Yenchingnians as possible for the signal occasion.

Renewing to you our highest regard, we remain,

Very respectfully yours,

Attention: Dr. Corbett

Gentlemen:

Enclosed please find a copy of a letter which I have just sent to Dr. H.H. Kung, Chancellor of Yenching University, in my capacity as National Secretary of the Yenching Alumni Association in the United States.

You will notice that the invitation to Dr. Kung for dinner was issued in the name of the Alumni Association and the Yenching Office following a telephonic ~~inf~~ conversation I had with Dr. Corbett last week. In the conversation, Dr. Corbett informed me that the Yenching Office would be glad to cooperate with the Alumni Association as co-sponsor of the dinner.

We have privately approached Dr. Kung and he intimated that he might be able to set aside either the evening of Aug. 28 or 29 for Yenching. Consequently, we have appointed a Dinner Committee of three, consisting of Mr. Joe K. Chen, Mr. Robert Chiang and myself, to make the necessary arrangements as soon as we have definite word from Dr. Kung.

Dr. Corbett also assured me that the Yenching Office could help send out notices to Yenching alumni and former faculty members, an ~~amfham~~ offer we will take advantage of once we hear from Dr. Kung.

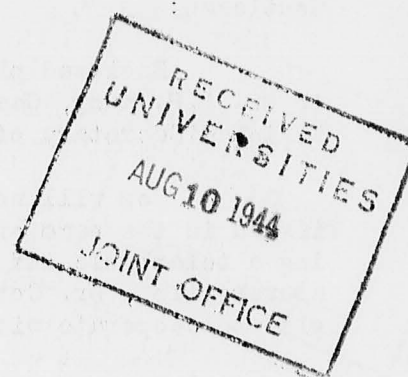

Thanking you for your cooperation, I remain,

Very sincerely yours,

T. C. T'ang

Dear Mr. Corbett:

This letter is long overdue. I meant to write you right after the Yenching dinner for Dr. Kung but never got around to it.

On August 29, I sent the following to Dr. Y.P. Mei, Acting President of Yenching, in Chengtu: "UNISTATES YENCHING ALUMNI ASSOCIATION MONDAY DINNERED CHANCELLOR KUNG WHO DELIVERED INSPIRING ADDRESS STOP OVER FORTY PRESENT INCLUDING YENCHING TRUSTEES DAVIS MCBRIER NORTH STOP TRUSTEE HENRY LUCE UNABLE PRESENT BUT WIRED QUOTE RESTORATION OF YENCHING MUST RANK AS ONE OF GREAT OPPORTUNITIES OF VICTORY STOP ALL YOU WHO LOOK FORWARD TO SHARING IN THIS TASK PROFOUNDLY GRATEFUL TO DOCTOR KUNG FOR HIS ENCOURAGEMENT COUNSEL UNQUOTE STOP GREETINGS TO YENCHING FACULTY STUDENTS (SIGNED) TC TANG NATIONAL SECRETARY".

The Yenching Office might like to have the above on record.

Enclosed is a copy of a statement of account for Yenching dinner in honor of Dr. Kung for your record. I have covered the deficit.

Mrs. C.H. Yung (nee Yang Yu-chieh), our National Treasurer, has asked me to inquire with the Yenching Office what should be done about the alumni contributions to the Yenching Scholarship Fund. Will you please discuss the matter with Miss Speer and let me know your recommendation? The sum is not large but I believe it will help some.

Miss Kuan Tsui-chen wrote that she has left Detroit and that her present address is International House, 59th St., Chicago, Ill.

Mr. Philip Yueh Wang has returned to China and is no longer affiliated with the New Jersey Agricultural Experimental Station. Will you please make the necessary changes in your next Yenching Directory?

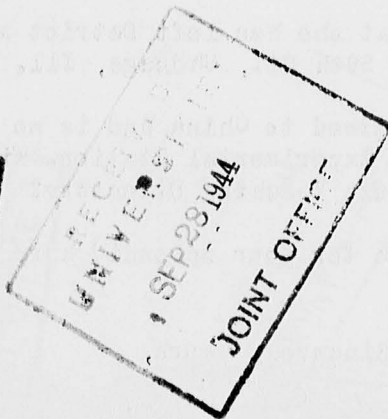

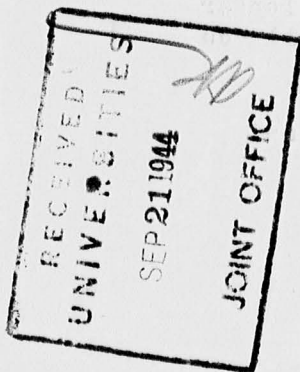

Our sincere thanks once again for your splendid help and cooperation.

(COPY OF LETTER FROM WEI YUNG-CH'ING, FORMER NATIONAL
SECRETARY OF YENCHING ALUMNI ASSOCIATION IN U.S.A. AND
NOW WITH THE YENCHING FACULTY IN CHENG TU, TO T.C.T'ANG)

Sept. 23, 1944

....I found life here is very hard for our students. Housing situation is really the worst. Office spaces are more than inadequate. Yet the boys' dormitory, which is a Confucius Temple, is even more crowded. About 200 or more are sleeping in one room of 20 by 30 feet. The food is very inadequate from nutrition point of view. There are about one tenth T.B. students. Each is paying 1,400 dollars per month for board. It would cost a student at least 15,000 dollars a semester, if he or she is lucky enough to get the money and to continue his schooling. How can anybody pay such a sum unless his father is a billionaire! Many students just don't have any money.

The above picture may be depressing. Nevertheless, our students work harder than before, and are more practical. Fellowship groups, academic clubs, wall papers and other student extra-curricular activities are shared and shouldered by most of them. Our University has a better fame among the five here, and our students usually rank top in joint classes among the five universities. This is something cheerful and something valuable about which the professors and officers in our university feel happy.

Now I am writing particularly for one thing. That is to ask for your leadership and help for our TEN MILLION ENDOWMENT CAMPAIGN. I know that a share from our alumni in America will be greatly appreciated. Two years ago while I was there we initiated a collection from our alumni there for Yenching's re-opening. Chou Shun-hsin, Hsia Yun, Miss Teng Shu-yuan, and I helped that campaign and we cabled back Yenching through C.A. Evans 500 dollars. What a small amount it was. However, it was appreciated by both faculty and students. This year since the beginning of the 10,000,000 dollars Campaign, there has been a great deal of hope put upon our alumni in America. People here count on your help. I am sure a share from America will be a thrilling stimulation to people here. It shows the keen interest, love, and loyalty to our Alma Mater.....

Looking forward to hearing the good news....

Sincerely yours,

Dear Mr. T'ang:

Your letter telling about the Yenching dinner to Dr. Kung was very welcome. I am glad that the affair did not produce a large deficit. It is generous of you to have covered this amount.

I am glad that you cabled an account of the dinner to Dr. Y. P. Mei. We are planning to print a resume of Dr. Kung's speech in the next number of "Yenching News" which will come out probably early in November.

I have written to Miss Speer asking for her suggestions on the Yenching Scholarship Fund and shall write you again when I have heard from her.

Thank you for the notice about the changes of address of Miss Kuan Tsui-chen and Mr. Philip Yueh Wang. These have been noted by the office. Miss Kuan is the daughter of one of my former colleagues in T'ungchou, so that I have been acquainted with her since she was a very young girl and I am naturally interested in her career.

Sincerely yours,

Charles H. Corbett

Dear Mr. T'ang:

Miss Speer has replied to my inquiry about the Yenching Alumni
as follows:

"I am glad to hear that Yenching Alumni have raised some money for the Scholarship Fund. The thing to do, I should imagine, is to ask Mrs. Yung to send the money that she has collected to your office together with the names of contributors so that Miss Groh or whoever succeeds her will have completed records. The money should be transferred to Chengtu as promptly as possible with word going to Dr. Mei about its source and our appreciation of the loyal efforts of our alumni."

You will be interested to know that Miss Groh was married to Mr. Harold Bone on September 30. She is giving, however, some time to helping her successor, Miss Cowing, get acquainted with the office.

With very kind regards,

Sincerely yours,

Dr. Charles H. Corbett
Yenching Office

Dear Dr. Corbett:

I am in receipt of two letters from Yenching in Chengtu-- one by Dr. Y.P. Mei and ~~km~~ one by Mr. Wei Yung-ching dated respectively Sept. 11 and Sept. 23 in connection with the NC\$10,000,000 ~~Xxxx~~ Campaign Yenching is waging in Free China. Enclosed I am sending you ~~xx~~ excerpts of the two letters.

Upon receipt of the letters, I called a meeting last Saturday night of officers of the National Chapter and New York Chapter (Mr. and Mrs. Robert Chiang were elected local Secretary and Treasurer respectively for the 1944-45 term) to discuss the matter. It was decided that a Committee of Ten be formed in New York to take charge of the local campaign, and that committee chairman or chairmen be named for San Francisco, Los Angeles, Ann Arbor, Chicago, Washington, Boston, New Orleans, New Haven, Honolulu, Cleveland and Philadelphia to take charge of the campaign in their respective localities. I also enclose a copy of the letter I have sent out to these chairmen.

Last Saturday night's meeting also discussed plans for the annual Yenching Christmas Party and nominated a slate of officers for the National Chapter for 1944-45.

As soon as we know of the time and place for the Christmas party, I will take the liberty of preparing a circular letter incorporating all the above information for Yenching alumni and faculty in this country and will appreciate your assistance in having the letter mimeographed and mailed for us. I will be happy to shoulder all expense.

A letter has been received from Dr. Y.F. Mei, Acting President of Yenching University, appealing to the Yenching Alumni Association in U.S.A. to raise NC\$500,000 in connection with Yenching's NC\$10,000,000 Campaign, now in full swing in Free China. Estimated at the missionary rate of exchange of 160:1 the quota allotted to Yenching alumni in America will be in the neighborhood of US\$2,000.

At a meeting of officers of the National Chapter and New York Chapter of the Yenching Alumni Association in U.S.A. on November 25, it was decided that the Scholarship Fund, originally sponsored by the Yenching Alumni Association in U.S.A. as outlined in a circular letter signed by me as National Secretary and by Mrs. C.H. Yung as National Treasurer on June 23, 1944, be merged with the NC\$10,000,000 Campaign Fund and that a fresh appeal be sent to all alumni and former faculty members for contributions to help meet the quota.

To date, the National Treasurer has received contributions amounting to \$259.00. This means that at least \$1,700.00 has yet to be raised.

To expedite fund-raising in this country, it was decided that the following be invited by the National Chapter to take charge of the campaign in their respective localities:

San Francisco: Miss Hsu Ching-yi and Mr. Winborne Lo
Los Angeles: Mr. Benjamin Soong
Ann Arbor: Miss Shen Yao
Chicago: Miss Lu Yi-chuang
Washington: Mr. Charles Lo and Miss Lois Ing
Boston: Mrs. K.S. Wang, Miss Tan Pin-pin and Mrs. F.M. Ku
New Orleans: Mrs. G.H. Wang
New Haven: Miss Tang Wen-shun
Honolulu: Mr. Philip Ho
Cleveland: Mr. Lin Cho-yuan
Philadelphia: Mr. Fung Shiu-tong

Meanwhile the following were invited to serve on the New York Committee with Miss Lucy Tou as Chairman: Mr. and Mrs. Joe K. Chen, Miss Grace Chao, Dr. Haia Yun, Mr. Chou Shun-hsin, Miss Chang Shu-yi, Mr. I.C. Sung, Mr. Chen Chin-miao and Mr. George Kao. Mr. and Mrs. Robert Chiang, respectively Secretary and Treasurer of the New York

0716

Chapter, and the National Secretary and National Treasurer are ex-officio members.

To ensure success of the campaign, it was thought advisable that the appeal for contributions be not confined to alumni alone, but also be extended to former faculty members and friends of alumni. Donations should be sent to the National Treasurer, Mrs. C.H. Yung, 160 Claremont Ave., Apt. 3A, New York 27, N.Y., who will forward same to the Yenching Office in New York. Official receipts will be issued by the Yenching Office.

It is earnestly hoped that upon receiving this letter, you will proceed immediately to contact alumni and friends and get your campaign organized. For cities where more than one have been invited to head the campaign, please get in touch with each other at your earliest convenience. This applies to San Francisco, Washington and Boston.

A quota for each city has been temporarily set. New York, Washington, Boston and Honolulu are each asked to raise at least \$500; the other cities are asked to raise at least \$100 each.

It is hoped that the campaign can be closed before the end of the year so you will please report the results in your locality to Mrs. C.H. Yung before the deadline.

A circular letter to all alumni and faculty members, including excerpts of letters from Dr. Y.P. Mei and Mr. Wei Yung-ching (now with Yenching) and announcement about the forthcoming annual Yenching Christmas party as well as the slate of national officers for next year, will be sent out shortly through the Yenching Office.

Thanking you in advance for your cooperation, I remain,

Very sincerely yours,

Dear Dr. Corbett:

Thank you for your letter of December 4 in which you were kind enough to offer to assist in preparing circulars in regard to the Christmas party and other matters.

Enclosed please find two separate drafts which are self-explanatory. I have decided to prepare two separate letters as I didn't want to confuse the issues. One is to be issued to alumni, former faculty members and friends of Yenching in connection with the campaign fund; the other is issued to alumni in connection with the Christmas party, the election of officers for 1945 and other related matters.

I will be exceedingly grateful if your office will help me in putting the letters out. I am keenly aware of the time and effort you and your staff will be put through, and I will be more than happy to foot the bill. Please do not hesitate to let me know.

(COPY OF LETTER FROM ACTING PRESIDENT Y.P. MEI OF YENCHING
TO T.C.T'ANG, NATIONAL SECRETARY OF YENCHING ALUMNI ASSO-
CIATION IN U.S.A. DATED SEPT. 11, 1944)

Your cable of Aug. 29 reached me about a week ago. It is certainly very heartening to get the news of your party with Dr. Kung and of the opinions of such people like Mr. Henry Luce. This is the first day of class work for the new academic year, the University's third in Chengtu, and according to the usual practice in Peking the faculty held its Preseasonal Conference last Saturday. Your cable was read to the gathering. The faculty appreciated the kind greeting sent them by the Alumni Association in America, and would like to reciprocate by sending through you to the whole Alumni group their kindest regards.

The University is going quite well considering the circumstances we work under. Of course there have been difficulties and disappointments. But on the whole I think we may truthfully apply to Yenching in Chengtu the apt phrase that Churchill used in referring to the British Armed Forces, "They accomplished so much with so little." The \$10,000,000 Campaign has been coming very nicely. After 6 months' work and in spite of disturbances in several centers due to recent fighting, we have now in hand over \$8,000,000. It seems so possible and feels so tantalizing to reach our ~~gawk~~ final goal, that I have decided to spend the next 4 or 6 weeks on Campaign travel again.

Our aim is to be able to announce on the Anniversary Day, Dec. 8, that we have fully reached the goal of our \$10,000,000 Campaign. To be able to do that we have yet to put in a good deal of hard work. I am writing to turn to the Alumni Association in U.S.A. for help. We understand that the National War Fund and the U.C.R. place many restrictions, but we are not trying to approach the American public in general for this campaign. It is mainly a China Alumni effort. But we believe that the Alumni in U.S.A. are free to contribute without infringing on those restrictions and may even wish to have a share in the effort of their schoolmates in China who live under much more difficult financial conditions.

The present exchange the University can get is 1:15 and it is still on the up grade. Therefore a few thousand dollars, for instance, would go a long way towards our needs. Nothing would give us more encouragement and happiness than a cable from the U.S.A. Alumni Association before Dec. 8 to announce to us that you are making a gift of, say, half a million Chinese dollars towards the Campaign. I know this will take work and effort on the part of yourself and all Alumni. But isn't it worth trying though? Be sure to send the gift in U.S. currency through our New York office to us.....

With best wishes to you and all members of the Alumni Association,

Sincerely yours,

(Signed) Y.P. Mei

YENCHING ALUMNI ASSOCIATION IN THE U.S.A.

December 8, 1944

Fellow Alumni, Former Faculty Members and Friends of Yenching:

A letter has been received from Dr. Y. P. Mei, Acting President of Yenching University, appealing to the Yenching Alumni Association in USA to raise NC\$500,000 in connection with Yenching's NC\$10,000,000 Campaign, now in full swing in Free China. A similar letter has also been received from Mr. Wei Yung-ch'ing, former National Secretary of the Yenching Alumni Association in USA, and now on the faculty of Yenching in Chengtu.

At a meeting of officers of the National Chapter and New York Chapter of the Yenching Alumni Association in USA on November 25, it was decided, in the light of Dr. Mei's and Mr. Wei's letters, that the Scholarship Fund originally sponsored by the Yenching Alumni Association in USA be merged with the NC\$10,000,000 Campaign Fund--the original Scholarship Fund campaign was announced in a circular letter sent out by the Association on June 23, 1944. It was further decided that a fresh appeal be sent to all alumni and former faculty members for contributions to help meet the quota.

To date, the National Treasurer has received contributions amounting to US \$259.00. This means that at least US\$1,700 has yet to be raised.

To expedite fund raising in this country, it was decided that the following be invited by the National Association to take charge of the campaign in their respective localities: San Francisco--Miss Hsu Ching-yi and Mr. Winborne Lo; Los Angeles--Mr. Benjamin Soong; Ann Arbor--Miss Shen Yao; Chicago--Miss Lu Yi-chuang; Washington, D. C.--Mr. Charles Lo and Miss Lois Ing; Boston--Mrs. K. S. Wang, Miss Tan Pin-pin and Mrs. P. M. Ku; New Orleans--Mrs. G. H. Wang; New Haven--Miss Tang Wen-shun; Honolulu--Mr. Philip Ho; Cleveland--Mr. Lin Cho-yuan; and Philadelphia--Mr. Feng Chao-t'ang.

A similar Committee was formed for New York with Miss Lucy Tou as Chairman and the following as Members: Mr. and Mrs. Joe K. Chen, Miss Grace Chao, Dr. Hsia Yun, Mr. Chou Shun-hsin, Miss Chang Shu-yi, Mr. I. C. Sung, Mr. Chen Chin-miao, and Mr. George Kao. Mr. and Mrs. Robert Chiang, respectively Secretary and Treasurer of the New York chapter, and the National Treasurer and National Secretary are ex-officio members.

To ensure the success of the campaign, it was thought advisable that the appeal for contributions be not confined to alumni alone, but also be extended to former faculty members and friends of alumni. Donations should be sent to the National Treasurer, Mrs. C. H. Yung, 160 Claremont Avenue, Apt. 3A, New York 27, N. Y. Mrs. Yung will forward same to the Yenching Office which will issue official receipts.

It is earnestly hoped that upon receiving this letter, those who have not sent in their contributions thus far will do so immediately while those who have already donated are urged to make additional donations. Enclosed are copies of letters from Dr. Mei and Mr. Wei which will give us an idea of the hardships the faculty and student body of Yenching are going through in Chengtu--the situation undoubtedly has been greatly aggravated in the face of the military crisis in China.

0726

A quota for each city has been temporarily set. New York, Washington, Boston, and Honolulu are each asked to raise at least US\$500; other cities are asked to raise at least \$100 each.

It is hoped that the campaign can be closed before the end of the year so please send in your check to Mrs. Yung at your earliest convenience.

The need is urgent and the cause is worthy. At no other time has Yenching required so pressingly unstinted support of its alumni, former faculty members and friends. Let us respond heartily--and promptly.

Very sincerely yours,

(Signed) T. C. T'ang, National Secretary

YENCHING ALUMNI ASSOCIATION IN USA

December 8, 1944

Dear Fellow Alumni:

It has been nearly a year since we were given the honor to serve as officers of the Association for 1944 and as our term draws to a close, we wish to make the following report:

The Yenching Campaign Fund

On June 23, 1944, we sent a circular letter to all alumni through the Yenching Office announcing the opening of a Scholarship Fund in this country among Yenching alumni to help tide over some Yenching students at Chengtu who suffered economic hardships and who were worthy of help. Together with that letter was sent you a revised Directory of Yenching Alumni in the United States which was compiled and distributed through the courtesy of the Yenching Office. Then letters were received by Dr. Y.P. Mei and Mr. Wei Yung-ch'ing announcing the inauguration of a NC\$10,000,000 Campaign by Yenching in Chengtu. It was thereupon decided to merge the Scholarship Fund with the Yenching Campaign Fund, and a separate appeal is being issued to all alumni, former faculty members and friends of Yenching for ~~generous~~ generous donations to help meet our quota, which is approximately US\$2,000. Your immediate response will be appreciated.

Dinner for Chancellor Kung

On the evening of August 28, 1944, the Association gave a dinner in honor of Dr. H.H. Kung, who is also Chancellor of Yenching University. There were about forty-five present, including alumni, three members of the Board of Trustees, several staff members and other friends. Dr. Kung ~~speak~~ spoke paying warm tribute to the accomplishments of Yenching in the past and to the courage with which Yenching-in-Chengtu is seeking to maintain its standards and carry on its traditions. On August 29, the National Secretary cabled Acting President Y.P. Mei as follows: "The Yenching Alumni Association in USA on August 28 tendered a dinner in honor of Chancellor H.H. Kung, who delivered an inspiring address. More than forty were present, including Trustees Davis, McBrier and North. Trustee Henry Luce was unable to be present, but he wired: 'The restoration of Yenching must rank as one of the great opportunities of victory. All of you who look forward to sharing in this task are profoundly ^{grateful} to Dr. Kung for his encouragement and counsel.' Greetings to Yenching faculty and students."

SUBSCRIPTION: \$1.00

This year's Christmas Party will be well worth your time and money. As all the proceeds minus the expense will go to the Campaign Fund, please bring as many friends to the party as you can. Let us help a good cause.

The Membership Fee

Membership fee is \$1.00 per annum. The National Treasury is in a lean state as the National Treasurer reports a balance of only \$33.53. Please send in your check for \$1.00 to Mrs. C.H. Yung, 160 Claremont Ave., Apt. 3A, New York 27, N.Y., as soon as possible.

Election of Officers

The following slate has been nominated as candidates for national officers for 1945:

For National Secretary: Mr. Robert Ho-ch'i Chiang
Mr. George K'uei K'e-yi Kao

For National Treasurer: Mr. Chen Chin-miao
Mrs. T.S. Lauh (Ho Chen-yi)

Enclosed is a blank for nominations for officers of the National Committee for the next year. This blank together with your membership fee should be mailed to Mrs. C.H. Yung not later than December 20. Checks should be made payable to Mrs. C.H. Yung.

With seasonal greetings,

Sincerely yours,

(Signed) T.C. T'ang, National Secretary

YENCHING ALUMNI ASSOCIATION IN THE U.S.A.

December 8, 1944

Fellow Alumni, Former Faculty Members and Friends of Yenching:

A letter has been received from Dr. Y.P. Mei, Acting President of Yenching University, appealing to the Yenching Alumni Association in USA to raise NC\$500,000 in connection with Yenching's NC\$10,000,000 Campaign, now in full swing in Free China. A similar letter has also been received from Mr. Wei Yung-ch'ing, former National Secretary of the Yenching Alumni Association in USA, and now on the faculty of Yenching in Chengtu.

At a meeting of officers of the National Chapter and New York Chapter of the Yenching Alumni Association in USA on November 25, it was decided, in the light of Dr. Mei's and Mr. Wei's letters, that the Scholarship Fund originally sponsored by the Yenching Alumni Association in USA be merged with the NC\$10,000,000 Campaign Fund--the original Scholarship Fund campaign was announced in a circular letter sent out by the Association on June 23, 1944. It was further decided that a fresh appeal be sent to all alumni and former faculty members for contributions to help meet the quota.

To ~~that~~ date, the National Treasurer has received contributions amounting to US\$259.00. This means that at least US\$1,700 has yet to be raised.

To expedite fund raising in this country, it was decided that the following be invited by the National Association to take charge of the campaign in their respective localities: San Francisco--Miss Hsu Ching-yi and Mr. Winborne Lo; Los Angeles--Mr. Benjamin Soong; Ann Arbor--Miss Shen Yao; Chicago--Miss Lu Yi-chuang; Washington D.C.--Mr. Charles Lo and Miss Lois Ing; Boston--Mrs. K.S. Wang, Miss Tan Pin-pin and Mrs. P.M. Ku; New Orleans--Mrs. G.H. Wang; New Haven--Miss Tang Wen-shun; Honolulu--Mr. Philip Ho; Cleveland--Mr. Lin Cho-yuan; and Philadelphia--Mr. Feng Chao-t'ang.

A similar Committee was formed for New York with Miss Lucy Tou as Chairman and the following as Members: Mr. and Mrs. Joe K. Chen, Miss Grace Chao, Dr. Hsia Yun, Mr. Chou Shun-hsin, Miss Chang Shu-yi, Mr. I.C. Sung, Mr. Chen Chin-miao, and Mr. George Kao. Mr. and Mrs. Robert Chiang, respectively Secretary and Treasurer of the New York Chapter, and the National Treasurer and National Secretary are ex-officio members.

To ensure the success of the campaign, it was thought advisable that the appeal for contributions be not confined to alumni alone, but also be extended to former faculty members and friends of alumni. Donations should be sent to the National Treasurer, Mrs. C.H. Yung, 160 Claremont Ave., Apt. 3A, New York 27, N.Y. Mrs. Yung will forward same to the Yenching Office which will issue official receipts.

It is earnestly hoped that upon receiving this letter, those who have not sent in their contributions thus far will do so immediately while those who have already donated are urged to make additional donations. Enclosed are copies of letters from Dr. Mei and Mr. Wei which will give us an idea of the hardships the faculty and student body of Yenching are going through in Chengtu--the situation undoubtedly has been greatly aggravated in the face of the military crisis in China. A quota for each city has been temporarily set. New York, Washington, Boston and Honolulu are each asked to raise at least US\$500; other cities are asked to raise at least \$100 each.

It is hoped that the campaign can be closed before the end of the year so please send in your check to Mrs. Yung at your earliest convenience.

The need is ~~urgent~~ ^{so pressing} and the cause is worthy. At no other time ~~does~~ ^{as} Yenching ~~require~~ ^{require} the unstinted support of its alumni, former faculty members and friends. Let us respond heartily--and promptly.

Very sincerely yours,

(COPY OF LETTER FROM ACTING PRESIDENT Y. P. MEI OF YENCHING
TO T. C. T'ANG, NATIONAL SECRETARY OF YENCHING ALUMNI ASSO-
CIATION IN U. S. A., DATED SEPT. 11, 1944)

Your cable of Aug. 29 reached me about a week ago. It is certainly very heartening to get the news of your party with Dr. Kung and of the opinions of such people like Mr. Henry Luce. This is the first day of class work for the new academic year, the University's third in Chengtu, and according to the usual practice in Peking the faculty held its Preseasonal Conference last Saturday. Your cable was read to the gathering. The faculty appreciated the kind greeting sent them by the Alumni Association in America, and would like to reciprocate by sending through you to the whole Alumni group their kindest regards.

The University is going quite well considering the circumstances we work under. Of course there have been difficulties and disappointments. But on the whole I think we may truthfully apply to Yenching in Chengtu the apt phrase that Churchill used in referring to the British Armed Forces, "They accomplished so much with so little." The \$10,000,000 Campaign has been coming very nicely. After 6 months' work and in spite of disturbances in several centers due to recent fighting, we have now in hand over \$8,000,000. It seems so possible and feels so tantalizing to reach our final goal, that I have decided to spend the next 4 or 6 weeks on Campaign travel again.

Our aim is to be able to announce on the Anniversary Day, Dec. 8, that we have fully reached the goal of our \$10,000,000 Campaign. To be able to do that we have yet to put in a good deal of hard work. I am writing to turn to the Alumni Association in U.S.A. for help. We understand that the National War Fund and the U.C.R. place many restrictions, but we are not trying to approach the American public in general for this campaign. It is mainly a China Alumni effort. But we believe that the Alumni in U.S.A. are free to contribute without infringing on those restrictions and may even wish to have a share in the effort of their schoolmates in China who live under much more difficult financial conditions.

The present exchange the University can get is 115:1 and it is still on the up grade. Therefore a few thousand dollars, for instance, would go a long way towards our needs. Nothing would give us more encouragement and happiness than a cable from the U.S.A. Alumni Association before Dec. 8 to announce to us that you are making a gift of, say, half a million Chinese dollars towards the Campaign. I know this will take work and effort on the part of yourself and all Alumni. But isn't it worth trying though? Be sure to send the gift in U.S. currency through our New York office to us.....

With best wishes to you and all members of the Alumni Association,

Sincerely yours,

(Signed) Y. P. Mei

Hsü Ti-shan (B.A., Yenching, 1920; B.D., Yenching, 1922; M.A., Columbia, 1924; B.Litt., Oxford, 1926)

Mr. Hsü is well-known in connection with the new literature movement and has done a considerable amount of writing under a pen name. An additional interest has been comparative religions with special attention to Buddhism. In connection with this study he spent some time in India and learned Sanskrit.

After teaching for some years at Yenching, he went to the University of Hongkong as chairman of the Department of Chinese in that institution. He is a prominent member of literary and academic circles in that city.

Hsiung Fu-hsi (B.A., Yenching, 1923)

Mr. Hsiung is an important figure in the field of modern Chinese drama. After doing advanced study in America he returned to Peking to serve as head of the Drama Department in the National College of Fine Arts where he both wrote and directed modern drama. He later taught at Yenching and then joined the Mass Education Movement in Ting Hsien where he experimented with drama for the farmers and their families. This proved quite successful but was stopped by the present hostilities. He is now in Chungking, writing and directing patriotic plays.

Yen Ching-yüeh (M.S., Yenching, 1929; New York School of Social Work, 1930-31; Ph.D., Chicago, 1934)

A specialist in criminology and penology, Mr. Yen served as assistant research fellow of the Academia Sinica and later of the Social Science Research Council at the University of Chicago. He did special research in the field of criminology and culture in the U.S.S.R., later teaching at Yenching for one year.

He is now Assistant Governor of the Municipal Gaol in Shanghai.

Ch'ü Shih-ying (B.A., Yenching, 1921; ~~M.A., Yenching,~~ Ph.D., Harvard)

Mr. Ch'ü's particular interests have been philosophy and education. After teaching experience in several Chinese universities he became connected with the Mass

Education Movement in Ting Hsien, Hopeh, where he helped develop the Mass Education Program. He is now Director of the Institute of Rural Training and Research in Chungking. The Institute, under the National Council for Rural Reconstruction, is partially supported by the Rockefeller Foundation as part of its China program.

Information on some prominent graduates
of the Department of Journalism

David Lu: Born in U.S. Graduated from the department of Western language at Yenching in 1929. Served as department assistant in the department of journalism, 1929-30. Went to Missouri in 1930 as the first Yenching exchange fellow and stay there for two years, returning in the summer of 1932 to rejoin the department of journalism, this time as an instructor. Resigned a year later to join The Peiping Chronicle as an assistant news editor, which position he resigned at the beginning of 1934 to join the business department of the China Press in Shanghai. In 1935, he resigned from the China Press to enter the employ of Reuters Ltd., Shanghai as a head of their translation service. Resigned this position at the end of 1936 to join the English Service of the Central News Agency in Shanghai. Before the outbreak of the Sino-Japanese hostilities he was appointed manager of the Central News Agency in Hongkong, which position he held until two months ago when he left for the United States.

Norman Soong: Born in Honolulu. Graduated from the department of journalism in 1934. Spent one year at Missouri. Returned in 1935 to join the Peiping Chronicle as assistant editor of the Weekly Chronicle. Stayed one year on the Chronicle and then went to Shanghai to join the China Press, later going to Nanking as assistant correspondent, eventually becoming its chief Nanking correspondent. Was

Hsieh Wan-ying

(Mrs. Wu Wen-tao)

Born: 1901
Middle School: Bridgman Academy, Peking
(American Board School for girls)
B.A.: Yenching University, 1923
M.A.: in English Literature, Wellesley College, Wellesley, Mass., 1926
Instructor in Department of Chinese in Yenching University, 1926-29
Married: June, 1929, to Wu Wen Tsao, Ph.D., member of the Department of Sociology, Yenching University.
Three children: One son born in 1931; two daughters born in 1935 and 1937.

Hsieh Wan-ying first achieved a national literary reputation when she was still a young girl in middle school and her first poems and sketches were published under the pen name of Ping Hsin or "Icy Heart". Her work had a prominent place in the Chinese Literary Renaissance, that important movement of young writers who urged the use of the Chinese vernacular, or Pai Hua, as a literary medium instead of Wen Li, the old literary language. Miss Hsieh continued to write Chinese sketches when she was in America, where her work for her master's degree was interrupted by a severe illness and a long period of recuperation from tuberculosis. After her marriage to Professor Wu she continued to be a source of inspiration to many of the younger generation through her many contacts with students both in her home and on the Yenching campus. In 1936 she accompanied her husband to Europe for his sabbatical leave, returning to Peking less than a week before the now famous incident of the Marco Polo Bridge. In the summer of 1938 Dr. and Mrs. Wu and their children made the long trip from Peking to Kunming, feeling that, although their many ties with Yenching would never be completely severed, they wanted to throw in their lot with the people of unoccupied China. Dr. Wu joined the Department of Sociology of Yunnan University and continued his sociological studies of some of the border tribes of the Southwest. The Wus lived in the city of Kunming until continued air raids made it seem best to move the children to a small village some distance from the town. In November, 1940, the family moved again to Changking where both Dr. and Mrs. Wu are now working with the National Government. Mrs. Wu's gifts of literary skill, rare personal charm, and capacity for friendship, make her one of Yenching's most distinguished alumnae.

WOMAN AGRICULTURIST DIES

The death of Mrs. Shen Tsung-han, (nee Shen Li-ying), 44, wife of the assistant director of the National Agricultural Research Bureau, is a great loss to the development of scientific agriculture in China.

Mrs. Shen died of cerebral hemorrhage on October 7 in the midst of an experiment in the laboratory of her office at Jung-chang, Szechwan, where she was in charge of the Jung-chang branch of the National Agricultural Research Bureau. The late Mrs. Shen was a graduate of Yenching University and Wellesley College.

Outstanding among her achievements during her connection with the bureau was the development of a new variety of wheat known as Chung Nung (National Agricultural) 28 as the result of a 7-year experiment on more than 1,700 varieties of wheat collected from all parts of the world. The new variety has been widely propagated in the provinces of Szechwan and Kweichow. Its established merits are a higher yield and stronger resistance against diseases.

Following up this success, she was able to develop more improved strains of wheat through hybridization between the Chung Nung 28 and those native varieties of wheat capable of earlier harvests. Such hybrids possess the combined merits of greater yield and resistance to insect pests as well as earlier ripening. The Ministry of Agriculture and Forestry appropriated \$120,000 this autumn for their propagation.

China Builds A Railway Through Her Backyard

Chang Yin-tang

Taken from The China Fortnightly of November 16, 1941

SOUTHWESTERN Yunnan was formerly an isolated, land-locked region which was accurately described as China's backyard. Its outward relationships were local and regional, limited to intercourse with western Yunnan and Burma's Northern Shan States. Even then, the amount of trade passing through the region was insignificant in the past. The customs revenue of its principal trading center Tengyueh, about 115 miles east-southeast of Burma's northernmost rail terminus at Myitkyna, always ranked last in list of all China's customs offices.

Then came the war. Surveyors, highway engineers and laborers appeared in the region. From Kunming, westward over the high plateau through Tsuyung and Hsiakwan, and winding around the mountains from there through Paoshan, Lungling and Chefang to Wanting on the China-Burma border, they carved a road. Caravans of motor trucks appeared from Burma carrying strange, heavy cargoes over this new highway. Not long afterward, the same trucks returned carrying equally strange cargo back down the road. Businessmen followed. Now industrial projects stud the countryside of southwestern Yunnan, Tengyueh no longer trails at the end of China's list of customs offices, and the whole area has become alive with trade and communications activity—all because of the highway through the region to Burma, which is now China's most important strategic and trade connection with the outside world.

But the Burma Highway has only begun the economic development of southwestern Yunnan. Full development of all economic resources in the region depend upon the completion of the projected Yunnan-Burma Railway, which is the key to the opening up of the whole of the economically promising region of western Yunnan. The region to be traversed by the railway lies in the innermost part of southwestern China on the vertex of the Indo-China peninsula. It is a region of mountains and valleys, plateaux and basins, averaging from 4,800 to 8,000 feet above sea level in the north, to 1,300 and 4,800 feet above sea level in the south.

Before the highway came into existence, 90 per

Chang Yin-tang is Professor of Geography at the National Tsing Hua University at Kunming who made a field survey of geographical bases for economic development along the projected Yunnan-Burma Railway on behalf of the Ministry of Economic Affairs in 1939-40. He graduated from Peiping's Yenching University in 1926, studied at the University of Liverpool's School of Geography under a Holt Fellowship, worked with several distinguished British geographers before returning to Yenching University as lecturer in geography (1930-3), has since been with Tsing Hua University. He is author of "Economic Developments and Prospects of Inner Mongolia," "Problems of Mongolia," "Methods of Geographical Study" (in Chinese).

cent of the trade between Yunnan and Burma passed through Tengyueh along the caravan routes from Myitkyna and from Bhamo on the Irawaddy River. The remaining 10 per cent went along the Kunlong Ferry route. As soon as the highway was opened for traffic in 1938, trade was divided almost equally between the highway and the Tengyueh caravan routes. By early 1940, the highway was carrying 60 per cent of the total Yunnan-Burma trade, less than 40 per cent was left to the Tengyueh routes, and the Kunlung route was practically deserted, with less than 3 per cent of the total trade traffic moving over this southern path.

The amount of trade along the motor road has been increasing rapidly at the expense of the caravan routes on both sides. Each is competitive to the other, the shift in traffic volume showing that the whole of western Yunnan is within one unit-region in trade transaction and transportation. This shift of trade traffic from caravan to the motor route is unavoidable because the difference in cost between the two types of transportation is so great that past tradition cannot hold its swing. Caravan transportation is three times as costly as motor transport.

Since railway transportation is much cheaper than motor truck transportation, there is no question that when the Yunnan-Burma Railway is completed, the bulk of trade between Yunnan and Burma will be tapped again to the railway—from both caravan and motor routes. Therefore, as the Bhamo and Myitkyna caravan routes to Tengyueh captured the commerce of the past and the Lashio-Wanting motor road holds the bulk of trade at present, the Yunnan-Burma Railway will monopolize trade traffic between Yunnan and Burma in the future.

Worthy of notice is the fact that southwestern Yunnan's development has been retarded because of its scant population, the area having been depopulated by malaria and massacres during the Panthay rebellions of 1855-73. Working in collaboration with the Yunnan-Burma Railway Administration today is the American Anti-Malaria Medical Mission, which will have as its main task the organization and training of forces of doctors, entomologists, sanitary engineers and technical men to combat malaria in the area along the projected railway. Once these forces make an area safe for human habitation again, perhaps even before the railway is completed, refugees from other provinces and other colonists will make their appearance.

The construction of both motor and rail transportation lines through southwestern Yunnan are direct results of war expediency, but there is every indication that trade, industry and colonization will continue to develop and grow even after the war. The Tengyueh customs district will certainly not fall back to its previous insignificant position, and the whole region will remain important both in its original economic development and in China's trade relationship with the outside.

Dear Friend:

When Yenching University reopened in free China "educated Chinese were as elated as Frenchmen would have been if the Sorbonne had reopened on the Free French island of St. Pierre." (Time magazine - October 14, 1942)

We Americans too should rejoice. Needed more than ever because of the closing of many universities in China, America's educational outpost continues to supply her ally with educated manpower for the war and the reconstruction thereafter. And, notwithstanding Japanese suppression, Christian and democratic ideals and American-Chinese friendship continue to be fostered.

But Yenching's campus and equipment are lost, and most of her students and faculty are virtually penniless. You can help in rebuilding this great university. Your help is urgently needed to build up a fund to give relief to such students and faculty who are in financial distress.

Contributions are being accepted by the local Yenching Alumni committee. Checks or drafts may be made out to "Yenching University, New York City", and forwarded in care of The Liberty Bank, P. O. Box 1480, Honolulu.

Receipts will be mailed directly to you from the New York office.

Yours very truly,

THE YENCHING ALUMNI IN HAWAII

EDUCATION

Yenching Reopens

On Dec. 7 Yenching University, near Peiping, was the biggest, richest and best-equipped Christian university in China. Then Jap soldiers seized its \$2,500,000 campus, one of the world's loveliest, put its President J. Leighton Stuart in "honorable confinement." Last week, as it has done each autumn since 1920, Yenching began a new semester—in Free China's Chengtu, 2,000 miles from its old campus. The new Yenching, though it had lost its President, had many of the same faculty and students, the same standards of untrammelled scholarship. Educated Chinese were as elated as Frenchmen would have been if the Sorbonne had reopened on the Free French island of St. Pierre.

With campus and equipment gone, Yenching makes shift in three middle and primary school buildings in Chengtu, limits its enrollment to about 250 (a quarter of its pre-war students). But 3,000 candidates, a record for a missionary college anywhere, anytime, took its entrance examinations.

U.S.-supported Yenching was one of only three universities that survived the Japanese invasion of North China. It flew the U.S. flag and kept its Chinese students right up to Pearl Harbor. When the Japs seized the college, students and faculty lit out for West China. One group of nine, trapped in a village surrounded by Japanese, were rescued by a timely guerrilla raid. Another party, penniless, found a roll of bedding on a train, turned it in to the Y.M.C.A. They were rewarded with \$2,000 by a merchant who had lost it—hidden in the roll was \$7,000.

Yenching's alumni and trustees reopened their university not only to continue its own life but to forestall the opening by the Japanese of a bogus Yenching on the old campus. Though the university lost its campus, it did not lose its \$2,800,000 endowment: that was safely in the hands of its board of trustees in Manhattan. At Chengtu (nickname: "Little Peiping"), where it is a neighbor of West China Union University and three other Christian universities (Ginling, Nanking, Cheeloo), Yenching is likely to remain one of the world's great universities: to its already distinguished faculty it plans to add several eminent foreign scholars.

YENCHING ALUMNI ASSOCIATION IN U.S.A.

December 1, 1942

Dear Fellow Alumni:

It has already been about a year since we last wrote to you. There are so many things we want to tell you that, because of the limited space, it is necessary to confine this letter to a few points which we think are particularly significant to our Association.

The Reopening Fund Campaign.

Probably you have already heard about the reopening of our Alma Mater in Chengtu, this September. According to the latest report, a part of the old faculty and students have already arrived from Peiping and entrance examinations with a record number of candidates have been held. There were, as we were told, about 3,000 applicants for admission, but the limited facilities have forced our school authorities to admit only one out of every thirty applicants. Responses to the appeal for funds to help the faculty members and students coming out from Peiping and to cover expenses of preparations for the reopening, were instantaneous. Dr. H. H. Kung was the first donor, giving \$10,000 Chinese for preparation expenses; the Board of Trustees in New York remitted \$10,000 U.S.; the Ta Kung Pao contributed \$100,000 N.C. for reestablishing the Department of Journalism; the Christian universities in Chengtu promised us to share with them their laboratory and library facilities; the local authorities have been making every possible effort to seek accommodations for our fellow students. Now should we, the alumni now residing in the United States, do something to help this newly revived mother-school of ours?

After careful consideration, we, the officers of the National Committee, in cooperation with the New York chapter of the Alumni Association, decided to sponsor a drive to raise from the alumni and their friends a fund of not less than \$5,000 N.C. to be remitted, if possible, to Chengtu before December 25th, the anniversary of our university. In order to avoid unnecessary inconvenience, Dr. Y.P. Mei, now a responsible officer of Yenching, should be allowed to use the money at his discretion. Of course, we are not hoping that a sum of this size will be any appreciable help to the school; it is merely a gesture - a gesture of our love of our Alma Mater.

At the present rate of exchange, \$5,000 N.C. means about U.S. \$275.00. In view of the large number of our alumni in this country, our expected goal can easily be attained if we have - as undoubtedly we shall have - the support of every member of our Association. This campaign is a good chance for you to express your love and admiration for your Alma Mater. We are sure that you will not miss it.

The Annual Christmas Party.

TIME: Monday, December 28th, at 8 p.m.
PLACE: Earl Hall, Columbia University, New York City
(Broadway at W. 117th Street, one block from
the W. 116th Street Station of the IRT Subway).
PROGRAM: All-cast "Broadway" show, dancing, refreshments, etc.

Last year's party was grand, this year's will be even better. This is the only chance to meet your out-of-town friends of Yenching. You cannot afford to miss it! Bring your friends, as many as you wish.

The Membership Fee.

Our membership fee is \$1.00 per annum. This year, it has been decided that all the balance of the receipts, after allowing for the minimum expenses of the association, will also be contributed to the reopening fund. Your membership fee will therefore mean your support of the Alumni Association as well as the reopening fund campaign.

The Name List.

With this letter we are also sending you a newly revised name list of the members of our Association. Despite the revisions, it is necessarily incomplete. Any corrections or additions that you might be able to contribute toward its perfection would be heartily appreciated. The list was typed and mimeographed by the Yen-ching Office here in New York. Undoubtedly, we all feel grateful for the service.

Report of the Treasurer for the First Eleven Months of 1942.

(COPY OF LETTER FROM WEI YUNG-CH'ING, FORMER NATIONAL SECRETARY OF YENCHING ALUMNI ASSOCIATION IN U. S. A. AND NOW WITH THE YENCHING FACULTY IN CHENG TU, TO T. C. T'ANG)

September 23, 1944

....I found life here is very hard for our students. Housing situation is really the worst. Office spaces are more than inadequate. Yet the boys' dormitory, which is a Confucius Temple, is even more crowded. About 200 or more are sleeping in one room of 20 by 30 feet. The food is very inadequate from nutrition point of view. There are about one tenth T. B. students. Each is paying 1,400 dollars per month for board. It would cost a student at least 15,000 dollars a semester, if he or she is lucky enough to get the money and to continue his schooling. How can anybody pay such a sum unless his father is a billionaire! Many students just don't have any money.

The above picture may be depressing. Nevertheless, our students work harder than before, and are more practical. Fellowship groups, academic clubs, wall papers and other student extra-curricular activities are shared and shouldered by most of them. Our University has a better fame among the five here, and our students usually rank top in joint classes among the five universities. This is something cheerful and something valuable about which the professors and officers in our university feel happy.

Now I am writing particularly for one thing. That is to ask for your leadership and help for our TEN MILLION ENDOWMENT CAMPAIGN. I know that a share from our alumni in America will be greatly appreciated. Two years ago while I was there we initiated a collection from our alumni there for Yenching's re-opening. Chou Shun-hsin, Hsia Yun, Miss Teng Shu-yuan, and I helped that campaign and we cabled back Yenching through C. A. Evans 500 dollars. What a small amount it was. However, it was appreciated by both faculty and students. This year since the beginning of the 10,000,000 dollars Campaign, there has been a great deal of hope put upon our alumni in America. People here count on your help. I am sure a share from America will be a thrilling stimulation to people here. It shows the keen interest, love, and loyalty to our Alma Mater....

Looking forward to hearing the good news....

Sincerely yours,

(Signed) Wei Yung-ch'ing)

Dear Dr. Stuart:

I am enclosing a copy of a letter I sent today to Mr. Henry R. Luce, inviting him to be one of the speakers at the Yenching Reunion Dinner. I hope he will accept. If you should see or talk to him during the next few days would you please put in a word urging him to come?

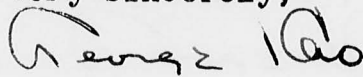

I am getting up the general circular to alumni and faculty members and will send it to the Yenching office to be mimeographed and mailed in a day or two. It would be helpful if it could be announced that you and Dr. Mei and Mr. Luce would be the speakers.

Please consider this our formal invitation to you to be our guest of honor and main speaker. The time and place for the dinner will be: Thursday, December 27, at 7:30 p.m. at Park Central Hotel, Seventh Avenue and 55th Street.

It was very pleasant to have you with us at the small gathering last Friday. After you left we had a short business session during which we mapped out our plans for this dinner. I am looking forward to a very successful event. Meanwhile, will you not spread the word around in the Yenching office, and through it we hope to reach many of our former faculty members and other friends who may be interested in attending. Names of persons who wish to attend and those whom we should invite may be sent in to me. In each case we would like to know whether the person should be a paying guest or guest of the Alumni Association.

Hoping to see you again soon,

Very sincerely,

George Kao

Dear Mr. Luce:

The Yenching University Alumni Association in the United States would very much like to have your company as one of the speakers at a dinner in honor of President J. Leighton Stuart, to be held at Park Central Hotel, Seventh Avenue and 55th Street, on Thursday, December 27, at 7:30 p.m.

Present will be Yenching graduates and faculty members, as well as trustees and friends of the University, who will join in celebrating Dr. Stuart's return from nearly four years of confinement by the Japanese and Yenching's reopening on the Peiping campus.

To make the occasion a really memorable one the Committee is eager to have you address the gathering, along with Dr. Stuart and Dr. Y. P. Mei, Acting President of Yenching University in Chengtu. We know that, as a member of the Board of Trustees who recently made an extensive trip in post-war China, you will have much that is valuable to tell. And we feel sure, knowing your deep interest in Christian education in China, particularly in Yenching, that you will want to arrange your busy schedule so that you will be able to honor us with your presence.

May I extend the greetings of the Association and hope that you will give us an early and favorable reply.

Very sincerely yours,

George Kao
National Secretary
Yenching University Alumni
Association in the U.S.
