Dr. J. L. Stuart
President, Yenching University
Peiping, China

My dear Dr. Stuart:

I submit herewith for your perusal, criticism, counter-offer, and/or approval a preliminary draft for the proposed organization to enlist financial aid of at least G$10,000 in the Territory of Hawaii for Yenta during the three-month campaign period between Apr&1-June, 1938, contingent upon the immediate developments in the military situation with particular reference to the North China area.

In the organization of this work it is imperative that a full-time and paid campaign manager be enlisted with the carrying out of this program in order that a better equipped and systematic appeal be made to both the more financially able-Americans and those Chinese who are naturally prejudiced against Northern appeals inasmuch as their ancestral homes are of the South. Concurrently, an advisory committee may be appointed from your office to supervise the conduction of this proposed appeal and to lend their names for the cause. A suggestive list of the better known citizens is herewith appended. So far as concerns the contemplated working committee, I believe Kenneth Chen and myself will be able to form such a body from former Yenta students to carry onward this program.

With reference to the methods and modes of appeal we have listed several important plans for your perusal. Of paramount importance and interest to those potential donors who have never visited Yenta we suggest several reels of film (8 m.m.) depicting in full the pictorial review of Yenta's campus, individual buildings, homes, staff members, extra-curricular activities, dormitories, etc. al. Moreover, we suggest the University furnish us with the necessary literature and materials for distribution. An album or two containing colored scenery in Yenta would be very helpful.

It is our conviction that before this campaign be effected, an opening letter from you authorizing this drive and also a letter explaining in the fullest, the present and future of Yenta, and the need of Yenta in the current turmoil. We feel that with your explanation our appeal will bear much more weight.

In the proposed drive the campaign will be conducted in the approved business manner and with a view of renewing such an appeal annually through the keeping of the donors in constant interest of Yenta's activities.

It is to be clearly understood at this time that no agency or individual in China, America, or elsewhere, shall be entitled to any portion of remittance to be made directly to your office as commission or other charges so entitled through contractual agreement with the University.

In the event of the University's approval of this campaign, I would offer my services as full-time manager and take leave from my other duties. However, please inform the University that should the administration feel that a faculty member should be so employed we will assure him of every courtesy and cooperation. So far as concerns my fees, the University shall decide whether the campaign manager be entitled to not more than 10% commission of all collections received from Hawaii during the drive or a flat salary fee of $200 per month for the duration of the campaign.

Should the drive be sanctioned, kindly so notify your New York City office; send us the literature, albums, films, and receipt books as soon as possible. In the meantime, kindly wire your official approval to "Kenneth Chen, COLWAI, Haw." with name of proposed campaign manager so we may definitely organize even though the manager may be sent directly from Yenta.

Yours very truly,

(Signed) Ch'eng Ch'ing-ho

President J. L. Stuart
Yenching University
Peking, China

Dear Dr. Stuart:

Mr. and Mrs. Arthur Rugh passed thru Honolulu a few days ago with the latest news about the activities in Yenching and needless to say, we were delighted to hear that the university is carrying on as usual without any interruption of work. He spent a very full day with us here. The boat docked about 11:30 in the morning, and immediately after arrival, Mr. Ralph Cole, general secretary of the YMCA here took him and Mrs. Rugh out for lunch. After lunch, a group of former Yenching students took him out for a drive up to the Pali. At four in the afternoon, a tea was arranged by the Y for them, to which were invited Y staff members as well as men interested in Christian activities. At this tea, Mr. Rugh spoke for about half an hour, telling briefly about the interviews he had in Japan with Japanese, the effects upon Christian activities by outside interference, and the need for continuing such an institution of higher learning as Yenching in view of the curtailment of educational activities in other institutions. Former Yenching students, about 20 in number, had supper with them, and after supper, the whole group repaired to our home, where we had a more informal and intimate meeting. At this meeting, Mr. Rugh went into greater details about the financial condition of the institution, the work that is being carried on, and the prospects of the future. I think on the whole he created a rather optimistic atmosphere, and all of us feel very proud of the institution carrying on as is doing.

Now as to our organization here. We did organize a Yenching Alumni Chapter here last summer, for we have in all over 25 former Yenching students here in the islands. The organization is not a very rigid one, we have only a chairman and secretary, no constitution, and meetings are called only when there is some thing definite to do. The spirit is I think very good. This organization would naturally be the one to work thru in any work concerning Yenching. After Mr. Rugh left, Hung Wu Ching and I talked the matter over, and he was of the opinion that if any attempt is made here to raise money, some one person must be spending full time on the work. So he outlined to me the idea which he has suggested to you in another letter. It seems to me that there is some truth in what he says, although I am not as optimistic as he is in raising $10,000 among the Chinese here. However, he seems to be pretty confident about his ability to get some money from the people, and I do not want to dampen his enthusiam. So we drafted the letter which he sent you. If you approve of his carrying on the campaign here, I think his plan is to have the Yenching alumni members work with him whenever necessary, but that he would act as campaign manager. In view of the fact that there are so many campaigns here for funds, it seems doubtful whether he can raise the amount, but I think the effort is worth trying. If we are not able to do much with the Chinese community, then we shall try to get Mr. Rugh to spend

January 11, 1938

about a week with us here on his way back to Yenching, at which time we hope to canvass the American community.

As a result of Mr. Rugh's favorable report concerning the future prospects of Yenching, Dr. Theodore Richards has just gotten the Friend Peace Scholarship Committee together again to consider possible candidates to send to Yenching. We are now looking around for prospects. The chief problem will probably be to get the parents to consent to let their children go there.

Druing the Christmas season we received letters from Miss Wagner, Miss Speer, and the Sailers. All of them appear to be having a profitable time in America. Both Chao-ying and I are going on as usual, and our little Sylvia is also growing up fast. Our sincere thoughts and best wishes go forth to all of you on the campus. We hope that you will "pul through with banners flying."

Sincerely yours,

(Signed) Kenneth Ch'en

P.S. Judge and Mrs. Frear send their regards to you and Yenching. We have met them a number of times recently and both of them expressed keen interest in the university.

TELEGRAPH ADDRESS "YENTA"

Rec'd 3/8/38

Mr. B. M. Hedrick
150 Fifth Avenue
New York, N.Y.

My dear Mr. Hedrick:

I am enclosing herewith letters from one of our enterprising Yenching graduates, an American-born Chinese who came to us from Honolulu. You will note that he is proposing a three-months' campaign in the Islands with himself as full time manager, either on a flat salary basis or on commission. I think he is right in the suggestion that someone undertake this on a full time paid basis, and I have not the slightest hesitation in recommending him, both as to character, devotion to Yenching, and capacity for such a project. The Americans named in his proposed Advisory Committee are all good friends of ours and are known by name in the office. You will note that this interest was stimulated by Mr. Arthur Rugh who can advise with you further. I am writing and cabling, expressing my own personal approval, but making it clear that the final decision must be made in New York. I am also stating that I am asking that a cable be sent from New York indicating approval or otherwise of the plan. You will note the code address and the items, such as moving picture film, publicity material, etc, which they desire. It might also be well to send a list of former contributors. This plan is aimed primarily at Chinese in the Islands, but it might be followed by an effort among native Americans, or might be planned to include both. His name as used in Honolulu is Hung Wo Ching, and this would be the more natural method of addressing him, although in his letter to me he uses our local spelling.

We have a fairly large group of Yenching graduates from Honolulu who have returned there, and most of them belong to somewhat prominent families and all of them enthusiastic for Yenching. I had made sporadic efforts to do something in passing by, but it has never been very systematic or thorough-going. Although in some ways the present time is unpropitious, yet in another sense there are certain advantages. In any case, I should like to see our little group of graduates given this opportunity with the fullest possible support. It does not seem to me that it can do any harm, and it might be the basis for a permanent cultivation. In this connection I am suggesting that contributions be made for the present emergency, looking forward to renewal annually, but without a pledge to this effect. With these comments I leave the matter to your own discretion, in consultation with the proper committee of the Trustees, and with Mr. Rugh.

If approved will you see that letters are written to the members of the Advisory Committee requesting them to serve.

Very sincerely yours,

J. Leighton Stuart

ADDRESS COMMUNICATIONS IN CARE OF
KENNETH CHEN
UNIVERSITY OF HAWAII
HONOLULU, T. H.

Peiping, China
February 18, 1938

To our Hawaiian Friends:

It is with especial pleasure that I have heard of the proposal that a financial effort be undertaken among you for Yenching University. I have always wanted to have a constant and intimate bond between you and Yenching. For this reason I have welcomed the students who have come to us from your midst, and I could want no finer advertisement of our University than those of them who have returned to the Islands. It is in order that Yenching may do her very best toward training others like them from all parts of China and wherever there are Chinese overseas that I shall be grateful for your generous assistance.

The controlling aims and ideals of Yenching have, I hope, been sufficiently demonstrated by our record during the not quite twenty years of our history. You can be fully assured that whatever changes may have affected our environment, we shall never abandon or alter these. In fact all that has been happening recently in China strenghtens the need for such a service as we are trying to render by the training of Chinese youth not only in useful knowledge but in patriotic devotion and spiritual idealism.

Whether or not the complete objective for this special effort be realized, I hope it will be the beginning of closer association between you and Yenching to our mutual benefit and joy.

Very sincerely yours,

Dear Dr. Stuart:

The following cable was sent to you yesterday:-

"TRUSTEES UNFAVORABLE THREE MONTHS CAMPAIGN HONOLULU
BUT SUGGESTING CAMPAIGN THROUGHOUT JUNE WITH TSAI
THERE LAST HALF JUNE TSAI ARRIVES SHANGHAI JULY TWELFTH
VEGHTE EXPECTS RETURN AUTHORIZED STECHERT SHIP ORDER
CABLE LATER REGARDING KRAMER"

The first part of this cable is in response to your previous communication, and to your further urgent call for a reply. It is probable that Mr. Garside will be writing you further on the subject of promotional work in Honolulu, before the week is over with.

The items with which I am particularly concerned are the return of missionaries, and the Stechert Order. In the latter case, I find that Stechert has not been paid for some bills totaling around $14.00, dated last Summer. As they were holding up the entire order, and positively refused to make shipment, we have guaranteed the payment of the smaller bill and have underwritten the last order which approximates $350.00, authorizing them to make shipment immediately. I trust this is what you desire. Quite naturally, if they demand payment we shall have to comply.

It has been a rather difficult matter to get Miss Veghte to reach a decision. Miss Speer has been in correspondence with her, but could not obtain a definite reply. Upon receipt of your cable, a lengthy telegram was dispatched, and she answered by saying that she expected to return to the field, God willing. The Presbyterian Board accepts your cable as meaning she is invited back to the University. I will follow that up with the hope of getting definite action at the next Board meeting.

In regard to Miss Kramer, there seems to be little that can be done at this end to induce her College to release her another year. Miss Speer wrote some time ago, but received a negative reply. She is communicating again with the hope that this decision will be reversed. We will cable as soon as we find the matter is definitely settled.

Very truly yours,

YENCHING UNIVERSITY

April 15, 1938

Mr. Kenneth Chen
University of Hawaii
Honolulu, Hawaii

Dear Mr. Chen:

The Yenching trustees have been considering the letters from President Stuart, Mr. Ch'eng Ch'ing-ho and yourself, relative to carrying on a special promotional campaign on behalf of Yenching University in Hawaii during the coming months. The trustees are deeply appreciative of the active interest which you and the other Yenching alumni in Hawaii have in the financial needs of Yenching, particularly at this time when such a serious emergency confronts the University. The trustees wish to give every support and encouragement to your activities on behalf of Yenching there in Hawaii.

The trustees are suggesting, however, that the proposed financial campaign in Hawaii might best be conducted at a time when Mr. Stephen Ts'ai, Controller of Yenching, could be present for at least a fortnight to participate in the undertaking. Mr. Ts'ai will arrive in Hawaii on June 16th, and will remain there until July 1st.

The suggestion of the Yenching trustees is that the intensive part of the Yenching promotional campaign be carried on during the month of June. Whether Mr. Ch'eng Ch'ing-ho will be available to assist in the campaign during June is not entirely clear from the correspondence. Some letters state that he would be available from April 1st to June 30th, others that he would be available only to June 1st. If Mr. Ch'eng is available during June, the Yenching trustees would be glad to engage his full time during that month at the salary suggested in his letter - US $200 for the month. Whether or not Ch'eng is available, we hope that you yourself can take an active part in the leadership of the campaign. If Mr. Ch'eng is not available, we hope that you can do the necessary organizing of the campaign.

It seems to us that the preliminary steps which should be taken are these:-

1st - Organize a Yenching Advisory Council for the Hawaiian Islands. At the present time Mr. McBrier, as Treasurer of the Yenching Trustees, is sending the letter of which a copy is attached to the following friends:

Dr. and Mrs. Theodore Richards, 2135 Oahu Avenue
Mr. Frank C. Atherton, 2234 Kamehameha Avenue
Hon. and Mrs. W. F. Frear, 1434 Punahou Street
Mrs. G. A. Johnston Ross, 2626 Terrace Drive
Mrs. Maud B. Cooke, c/o Alexander and Baldwin
Mr. Ralph Cole, Central Y.M.C.A.
Mr. Thomas Tam, Honolulu Trust Company
Mr. Chun Kam Chow, 1050 S Beretania Street
Mr. Lau Lin Look, 1216 Kinau Street

We would welcome your suggestions as to others to whom similar letters of invitation to join the Council might well be sent.

2nd - At as early a date as possible, a meeting of the members of the Advisory Council should be called, and a simple organization effected, including the election of a Chairman who will lend his influence and give active attention to the campaign.

3rd - Plans for the campaign should be drawn up, and as much preliminary work as possible should be completed before Mr. Ts'ai arrives on June 16th. We will send you from New York lists of Yenching friends in the Hawaiian Islands of whom we have any record here, and will give brief notations as to the background and interest in each case. We hope of course that this list can be greatly supplemented by the members of the Advisory Council and other Yenching friends there in Hawaii.

In most of the areas where promotional work on behalf of Yenching and the other colleges has been carried on during recent years, a preliminary letter has been sent to our constituency, giving general information as to the work of the University, and stating that some designated representative will call at about a given date to tell them more of what the institution is doing. If all this could be done before Mr. Ts'ai arrives, he would then be able to begin immediately to talk with individual friends who are already waiting for his coming. Can you make arrangements there for sending such a letter over the signature of the Chairman of your local Advisory Council?

Undoubtedly you will wish to arrange for a number of meetings, small and large, at which Mr. Ts'ai will be present and can give a statement as to the work and needs of the University. Mr. Ts'ai is bringing one copy of the Yenching motion picture film and also a set of colored pictures of Yenching. We leave to your judgment the decision as to the number and size of these meetings. Our general experience has been that while a few larger gatherings may be valuable, more effective results can be secured by calling together smaller groups of interested and influential friends.

What will be the cost of sending out letters and arranging meetings as suggested above, and for carrying on the other activities related to your campaign? How will these expenses be met? Usually local committees have provided the funds for carrying on their own activities, though under special circumstances the Yenching trustees have assisted in meeting these expenses.

With a copy of this letter following by regular mail, we will enclose specimen letterheads used by our China Colleges here in America in connection with efforts in various communities. We are also mailing to you by parcel post 500 copies of a small folder entitled "The Story of Yenching ... Her Past and Her Future," and an equal number of pledge cards for your use in Hawaii.

We are today sending you the following cable - "YENCHING TRUSTEES RECOMMEND HAWAIIAN CAMPAIGN DURING MONTH OF JUNE. STEPHEN TS'AI PLANNING SPEND LAST HALF JUNE HAWAII. AIRMAILING SUGGESTED DETAILS."

We will be writing you again within the next week, to give some additional information and suggestions. We would welcome your comments and criticisms of the suggestions given above.

With sincere appreciation of all your interest and activity on behalf of Yenching, I am

Very sincerely yours,

Secretary

PRINCETON-YENCHING FOUNDATION

150 FIFTH AVENUE

NEW YORK, N. Y.

April 19, 1938

Mr. Kenneth Chen
University of Hawaii
Honolulu, Hawaii

Dear Mr. Chen:

In discussing the proposed Honolulu campaign for Yenching University, it occurs to me that there is a group of Princeton University alumni in Hawaii and that since you will undoubtedly secure gifts from some of these men, it would be advisable for me to explain to you the relation of Princeton-Yenching Foundation to Yenching University.

Princeton-Yenching Foundation is an organization of Princeton men responsible for an annual appropriation to the Princeton-Yenching School of Public Affairs at Yenching University. It is supported entirely by voluntary contributions from Princeton men all over the world. There is a definite understanding between Yenching University and Princeton-Yenching Foundation that Princeton men are to be solicited for the Foundation and that contributions made by them go toward the appropriation of the Foundation to the School of Public Affairs at Yenching.

In your campaign in Hawaii we would be very glad to have you include the Princeton men there, with the understanding of course that while any contributions they make will be counted in the total amount you raise for Yenching University, such gifts from Princeton men there will be credited to Princeton-Yenching Foundation for its appropriation to the School of Public Affairs. Joining in such a campaign as this is rather a new thing for the Foundation, and we feel that we want to protect for the Foundation the income we have built up largely on the loyalty of Princeton men to the work Princeton is doing in China.

If Princeton men are invited to participate in any meetings, we would appreciate it very much if the Princeton connection with Yenching could be stressed. In our publicity material to them, we have told the story of the development of the Princeton interest in the social science program at Yenching and the three departments of Economics, Political Science and Sociology; we have told about the work of the Sociology Department in the Ching Ho Experiment Station, and of the pioneer work done by Stewart Burgess, Princeton '05, who, until his return to America, was our representative at Yenching. All of this will be of great help to us in our future solicitation from the Home Office to these Princeton men in Hawaii, and will also give them the feeling that the work we have told them about during past years is definitely a part of Yenching's program.

Mr. Ts'ai is thoroughly familiar with this connection between Princeton and Yenching and can assist you in any contacts you make with that group in Hawaii, but you will of course be making your plans before his arrival and I therefore thought it advisable to explain these facts to you.

In forming your Advisory Council, you may want to invite one or two prominent Princeton alumni in Hawaii to join your committee. In this way they could help you in soliciting gifts from other Princetonians there and also help you with efforts to raise your general fund for Yenching. Attached is a list of all Princeton men in Hawaii, with a notation about those who have been supporting our work. We will leave to your

own judgment the selection of those who would be most helpful in your committee. When your selection is made, we shall be glad to send a confirming letter of invitation from here, but, in order to save time, you will probably want to extend the invitation to them at once.

We are sending you, with the package of Yenching folders, a small number of Princeton-Yenching folders, entitled "Forty Years of Princeton in China", for use with the Princeton men there.

We shall appreciate very much any financial assistance you may obtain for the Princeton work. With best wishes for the success of your campaign, I am

Very sincerely yours,

Dear Mr. Garside;

The letters which you sent me on April 15th, both air mail and regular mail, as well as the box of literature concerning Yenching University have all been received. So far, I have also received a reply from Judge W. F. Frear, signifying his consent to serve on the Advisory Committee here in Honolulu. However, no word has yet been received from the other friends to whom you sent letters.

Mr. Ch'eng Ch'ing-ho will in all likelihood be available during the month of June. He and I have held several preliminary meetings already, discussing plans for the campaign. It is our intention to have all meetings arranged and organization done before Mr. Ts'ai arrives. In the meantime we will appreciate it very much if you will send to us any other literature which you think will assist in the campaign.

Sincerely yours,

My dear Miss Vanderver:

In two more hours I will be going aboard the Empress of Japan. I have had a very interesting time in Honolulu. I am sorry we could not collect more cash. Up to last night we had $1200 +. Both the Fears and the Richards are not here. If they were, we probably could do a little better. I saw Richards' son. He said he would take the matter with his father when he returned. We have, however, made some good contacts which will be useful for future references. Mr. Ching Ho Chang (otherwise Hung Wo Ching) is making a list of the people whom we ought to help on prospects. I will enclose it in Mr. Garside's letter. Our old list should be revised - some of them are dead.

I am sorry I didn't get a chance to speak to the Princeton group. I saw Dr. John Erdman, the a Princeton leader. He promised me to get up a lunch. I waited for him to act and reminded him once. But he failed to do. If he didn't promise me, I might have made some other approach. However I saw all the Westerlanes and a young Fisher (see list) Princeton '26. Erdman ought to be cultivated too. He promised me again to help yesterday when I called to say good-by + voiced my disappointment.

I spoke to the Harvard group. Had a nice meeting. I have asked Mr. Chin to follow the contacts up. May be there is something in them.

Please read my letter to Mr. Gamide for further information.

With best wishes

Sincerely

IN CARE OF
KENNETH CHEN
UNIVERSITY OF HAWAII

Mr. B. A. Garside
c/o Yenching University
150 Fifth Avenue
Honolulu, Hawaii

Dear Sir:

I have been requested by Mr. Stephen Tsai to report to your office the result of our financial effort in behalf of Yenching.

You will find appended hereto the list of donors and the list of those interviewed who may be financially interested in the future to participate actively together with individual comments for your cross-index file.

Although we were not able to reach our goal we had done our best under the circumstances. I am sure that the contacts which Mr. Stephen Tsai interviewed will be of invaluable aid henceforth. May I be permitted to state, however, that the financial campaign for Yenta in Hawaii did not succeed as much as we should desire largely because of the seemingly lack of interest at correspondence by your office with the alumni association in Honolulu. You will realize that the campaign commenced during the tax month of June accompanied with the long-talked of local maritime strike which made travelling to outside islands most inconvenient. The alumni in Hawaii suggests that henceforth mutual consultation be held as to the most appropriate time when a campaign would insure financial success.

I shall appreciate a receipt for the money enclosed and also if you would kindly write a letter of acknowledgement to each donor.

Yours very truly,

H. W. Ching

My dear Miss VanSciver:

Mr. Stephen Tsai requested that I write you whenever it may be necessary to obtain information promptly concerning Yenta.

May I be informed from time to time whenever there should be any direct contribution made for Yenta from Honolulu. There are some of those whom we have interviewed who preferred to forward the money directly to New York sometime in the near future when they are able to arrange it financially.

I plan to make a short trip to Kauai, Hawaii in order to acquaint other wealthy citizens there about Yenta. Mr. Tsai has left his 16 mm. films for that purpose. I will forward the films to him through Mr. Sailer if he will so permit.

Yours very truly,

My dear Mr. Evans:

Replying to your communication of August 1st. I am at a loss to understand the yet unsolved mystery of those lost checks.

You will find enclosed two duplicate checks of $100.00 apiece drawn by Mr. W.F. Dillingham and Mrs. M. B. Cooke. A draft for $250.00 has been mailed directly by the J.B. Atherton Estate to the Harris Bank in New York for delivery should the original remain uncashed. You will find enclosed an exoneration agreement with the Bank of Hawaii which I have signed and which must be signed by an official of Yenta to be immediately returned so that a duplicate draft may be forwarded without delay.

I must apologize for the delays and inconveniences caused Yenta but I earnestly trust that the mysterious loss will be solved in due course of time.

I shall make further smaller remittances upon receipt of your reply. The remittances will include many more new contacts which I have made after the departure of Mr. Tsai.

Yours truly,

Mr. C. A. Evans
Yenching University
150 Fifth Avenue

My dear Mr. Evans:

I am attaching herewith the belated list of additional people personally interviewed and who are interested in Yenching. My own work has kept me very busy during the past month resulting in this delay.

I made a trip to Kauai during the last week of July, hoping to obtain some support there. That island being predominately in cane culture, I find it not possible to obtain much financial support although the interest of the people seemed very sincere.

The total amount collected at Kauai amounted to $50.00 of which $10.00 had already been forwarded to you. Mrs. Dora Isenberg of Lihue, Kauai donated $40.00 which I had used for travelling and living expenses for the week on that Island. Mrs. Isenberg is of an old German missionary family and is a staunch contributor of Lingnan.

Mr. Rugh of Yenta recently arrived on the Empress of Japan. He has announced plans for a more thorough method of contact along the Pacific Coast and Hawaii for the institution. I am hopeful that his plan will succeed, for Yenta will need every bit of support.

The Hawaii alumni's pledge of $250 is being collected by Raymond Cheong '35. The full collection will be forwarded directly thru him to you.

Yours truly,
Hsu Cheng.

Mr. Arthur Rugh
Peking Union Medical College
Peking, China

Dear Arthur,

We have not written you very often during the last month or so, because we have been constantly thinking that you would be leaving China before a letter could reach you. A little over a fortnight ago we received your cablegram stating that you would be arriving on the Pacific Coast September 19th. At that time I sent an airmail letter to one of the amateur radio operators who has been most active in getting through messages from you, and asked him to radio you a message inquiring whether you could stop in Hawaii on your homeward-bound journey, to follow up a great many of our supporters there. But as yet we have had no reply. So I am sending off this letter in the hope that it will catch you before you leave Peking.

The situation as regards Hawaii is this: There are a large number of friends of the China Colleges in Hawaii, chiefly in and around Honolulu. Yenching has the largest and most productive list, Lingnan has a good group, West China receives large and regular support from a few staunch friends, and the other Colleges have a lesser interest there. In general, these friends have responded far better to personal cultivation than to information and appeals by letter. While Stephen Tsai was enroute back to China a year ago, he stopped there for a short time, and was successful in renewing the interest of a number of former givers and also in enlisting the interest of about a dozen new givers -- all for Yenching University.

In the Hawaii effort, preparatory work was done by Kenneth Chen, of the University of Hawaii, a Yenching graduate, who cooperated with the Honolulu Committee on a voluntary basis. H. W. Ching, 3266 Lincoln Avenue, Honolulu, was the person who sent in the money collected. If you go to Honolulu, either now or later, these two men would presumably be among your first points of contact.

Miss Van Sciver has given me lists of Yenching and Princeton-Yenching donors in Hawaii. These lists are enclosed. If, however, you can arrange to stop in Hawaii while enroute to America, there are many other names and quite a lot of other information we should send you. Our thought has been that this could be addressed to you in Honolulu, in care of the steamer on which you would be arriving.

If within the next few days we do not have some response to our message we have tried to send through our amateur radio friend, we will cable you by Western Union to see whether the Hawaii trip will be possible for you.

As to the general situation with regard to our China Colleges activities for the coming year:

In the administrative field, in addition to the usual round of work, we are putting in a large amount of time trying to push ahead with the task of achieving greater unity in the home-base organizations of the Colleges, and of securing greater concentration and cooperation in the work of the Colleges themselves. Progress is impeded, as always, both by the impetuous souls who want to go ahead so fast that they create antagonism and rebellion among the conservatives, and by the timid souls who are dreadfully afraid of moving ahead too rapidly. But the events of the last two years in China have greatly stimulated progress, and we may hope to achieve definite progress during the year just ahead. Evans and Parker are giving full time on the administrative side, and should keep this branch of the work in good shape.

In the promotional field, we have three major tasks for the year ahead: (1). The maintenance of regular support from North American sources -- approximately $900,000(U.S.) per year. (2). The securing of additional current support amounting to about $250,000 (U.S.) to help the Colleges carry on in the present crisis. We realize that a somewhat similar fund may have to be sought from year to year so long as the present crisis continues. (3). The securing of such endowment funds, either through outright gifts or by bequests and estate pledges, as can properly be sought in this time of disturbance.

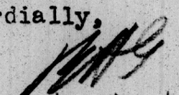

For this promotional task we have Mrs. Macmillan, Oliver Caldwell, and Fred Goforth. The last two have had about a year of experience, and should be increasingly valuable. Paul Buchholz was a disappointment on the Pacific Coast this year. The amount from that area fell off greatly from the results a year ago. The total traceable to Paul's own efforts was substantially less than his own salary and expenses. When Mr. McBrier and I made a trip to California in June, almost the unanimous opinion of the China Colleges friends there was that it would be unwise to keep him for another year. So we arranged to let him go, though we continued his salary through July to allow him time to make other adjustments.

Even before it was decided definitely that we would have to let Buchholz go, the Associated Boards had agreed that we must try to persuade you to rejoin our staff on your return to America this summer. When final action on our executive staff for 1939-40 was taken by the Executive Committee, you were unanimously elected one of the Secretaries of the Associated Boards, subject of course to your acceptance. The Associated Boards will of course be responsible both for your salary and for the expenses connected with your travel and the operation of your secretarial and other office facilities. Because of the fine results you achieved on the Pacific Coast last year and the fact that the leaders there are unanimous in asking that you resume that work, a reassignment to that area has been tentatively suggested,

though we will hold up any final decision until your own preferences are known.

That's a sketchy outline of where things stand now. We await further word as to your plans and your movements. If you can stop in Hawaii, we'll get materials into your hands there. If that is impossible, then we'll get in touch with you as soon as you reach the West Coast of the United States. I hope I'll have a chance to take you to see a World Series game this fall.

Special Notes on Yenching Contacts in Honolulu:

Stephen Ts'ai met Governor J. B. Poindexter's son in New York May 1938, through mutual friend, Mr. George Seagrave Franklin. Son gave S. Ts'ai letter of introduction to be presented to Governor Poindexter while Mr. Ts'ai was in Honolulu.

Mrs. W. F. Frear - Long-time donor to Yenching Women's College. Last gift of $300 arrived in June, in response to appeal from Mrs. Maurice T. Moore, Chairman of the Yenching Women's College Promotional Committee. Mrs. Moore immediately wrote to Mrs. Frear, asking her to be one of the small group giving from $500 to $1000 a year to guarantee salary of a Wellesley alumna to occupy chair in Department of Public Affairs at Yenching, all money to be given by Wellesley graduates. No reply received to date.

Waterhouse, S., Box 146	2.00	1929	

The 1929 gifts were made through visit of J. Stewart Burgess to Honolulu. No personal cultivation work has been done there for Princeton-Yenching since that time, so most of the gifts have lapsed through lack of personal follow-up. Mr. John Waterhouse is a regular donor, never less than $50 annually, some years gives more.

November 20, 1940

People with whom Mr. Ts'ai had contact in Honolulu:-

Ahrens, Mrs. Louisa - October 1, 1940-S. Ts'ai called with H. W. Ching; most friendly. Says she won't forget Yenching.

Atherton Estate, Juliette M. - October 1, 1940 - S. Tsai called on Mr. Frank Midkiff with H. W. Ching; interested in Orient and the University. Sent $250.00.

Frear, Judge & Mrs. Walter F. - October 1940 - S. Tsai called; interested as ever in Yenching.

Castle, Mrs. George P. (Ida Tenney) - October 1940 - Not seeing people. Has been upstairs over a year. Is 84 years old. S. Tsai wrote letter and saw secretary, Miss Elmer.Tullock, 608 Stangenwald Building. Gave draft for $500. Miss Tullock was secretary to Mr. Castle and now Mrs. Castle for 25 years. Very nice person. Believe she has great influence over Mrs. Castle. Said Mrs. Castle would like to hear from us - not long letters because she cannot read long letters.

Waterhouse, Mrs. Ida - October 1940 - S. Tsai called. Mother of Mrs. Clarence H. Cooke. Gave check for $25.00. In November sent another check for $50.00 and says she cannot give any for 1941.

Paris, Mrs. Edwin F. - October 1940 - Daughter of Clarence H. Cooke. Classmate of Miss Speer at Bryn Mawr. S. Tsai called. (3733 Nuuanu Avenue)

Cooke, Mrs. Maude B. - October 1940 - S. Tsai called. Very cordial. Said she would send in her contribution later.

X Howarth, Dr. E. M. - Alsup Clinic, Dillingham Building - Friend of Mrs. William Hung. Very friendly, interested in Yenching. Should be cultivated.

X Wall, Mrs. A. F. - 3001 Nuuanu Avenue - Very religious. Has heart trouble. October 1940 - S. Tsai had 2 long interviews. Gave her a picture of Yenching. Said would send check, but not yet received.

X Marks, Mrs. A. Lester - 2290 Liliha Street - Friend of Mrs. William Hung. Daughter of L. L. McCandless recently dead, very wealthy.

X Cooke, Mr. and Mrs. Clarence - Old Pali Road - Very friendly. Told S. Tsai to write Yenching needs, January 1941 when Cooke Estate committee meets to decide year's program.

X McInerny, Mr. J. D. - McInerny Clothiers, Ltd., Fort & Merchants Sts. - Deeply interested in China. But prefers to give money to relief at present. Should be cultivated.

Guard, Mrs. T. - October 1940 - S. Tsai called. Very cordial. Said wanted to continue her and Mr. Guard's interest.

Spalding, Mrs. Philip - October 1940. S. Tsai called. Very cordial; gave $50.00.

Richardson, Miss Ivy - October 1940 - S. Tsai called. Very interested. "Wants to do her bit".

Ena, Miss Mabel - October 1940 - Took S. Tsai to lunch to see her friends.

Yenching University
150-Fifth Avenue
New York City, New York

Gentlemen:

The alumni and friends of Yenching University have been very much concerned about recent developments and changes of the institution. Knowing of its great need for financial aid and feeling that we should take the initiative of expressing our support for its worthwhile task in resisting aggression and in building for the New World Order, we took steps to solicit funds herein Hawaii. Enclosed is a copy of the 1000 letters we mailed out to selected friends and the alumni of Yenching University.

Not received

$2,022.00 ?

We are happy to forward to you the sum of $2,022.00 for the express purpose of helping both students and faculty members now in dire need at the temporary university in Chengtu, Szechuan. We leave it to your best judgment as to the means of transmitting the money to China and the details of financial help to the faculty and students.

11

Through the courtesy and free services of the Liberty Bank of Honolulu, we arranged for the contributions to be made to Yenching University, New York. With the Liberty Bank acting as trustee, we are now forwarding a draft for the amount up to date. Attached herewith is a list of the contributors. Will you kindly send each an official receipt direct from New York? Probably a short letter explaining the use of the money and latest developments of Yenching in China will be appreciated by our interested friends.

Dear Mr. Ching:

Your letter of January 25th is a real inspiration to us here in the Yenching University office. Your concern for the welfare of the students and faculty of Yenching and your willingness to take the initiative in Hawaii in raising funds to see them through this difficult period is deeply appreciated. Such loyalty of alumni and friends of the University will bring confidence and joy to both staff and students in Chengtu.

In your letter you say that the sum being forwarded totals $2,022, but we note that the cashier's check is for $2,067, and Mr. Ai's money order is for $10, making a total of $2,077. On adding the contributions as shown on your list we find that, by counting the gift of Mr. Wilfred Oka as $10, the total should be $2,091 instead of $2,072 as shown on your list. We must be certain that we issue receipts in the correct amount to each contributor and are therefore returning your list of donors. Will you please check over this list and make the necessary corrections and return it to us. We will then issue receipts and mail them to the donors. The check and money order is being deposited in the Yenching University suspense account until we hear from you.

I can see from the material sent and the list of gifts that you have had a major share in this gift to Yenching staff and students, and I wish to thank you personally for your leadership and effort and for your loyalty to Yenching during this crisis.

We are writing to the Liberty Bank of Honolulu, thanking them for handling these funds.

Sincerely yours,

C. A. EVANS

My dear Mr. Evans:

I am returning to you the corrected list of contributors to Yenching University. Mrs. Walker's donation of $5.00 was not previously included due to its last-minute receipt. The sum total of $2,077 by cashier's check plus a postal money order of $10.00 is the sum total of collections made. no 2,067

We are very fortunate in Hawaii not to be under the terrific hardship as compared to those in Chengtu and whatever financial assistance we have contributed is a very minor sacrifice.

The many friends of Yenta in Hawaii is quite concerned with those faculty members who are still interned in Peiping and we look forward to the letter we know will surely arrive that they have been expatriated.

Yours very truly,

HW Ching
