PERSONNEL

A New Arrival. Within a few days an addition to the University staff is expected in the person of Miss Myrtle M. Borgeson. Miss Borgeson will take over the office secretarial work in English connected with the Research School on the Harvard-Yenching Institute Foundation. Miss Borgeson comes from San Francisco, and is a graduate of the University of California in the class of 1927.

Visiting Professor. The Departments of Political Science and of History will have this semester a visiting professor under the Carnegie Endowment for International Peace, in the person of George M. Dutcher, Ph.D., professor of history and government at Wesleyan University, Middletown, Conn. Professor Dutcher plans to be with us from April 21st to May 7. He and Mrs. Dutcher will stay in the President's House. Dr. Dutcher's appointment covers Tsing Hua at the same time as Yenching.

It is expected that Professor Dutcher will offer three open lectures on "The World Outlook since the World War: economic; social and cultural; and international". He will lead a forum for faculty and advanced students on "Bases of International Order; economic, political, moral, cultural". It is also hoped that Dr. Dutcher, who has been the chairman of the committee on Bibliography of the American History Association since 1915, will give us some lectures on bibliography.

Members of the faculty who may be interested in the forum on "Bases of International Order" are requested to communicate with Mr. de Vargas, who will supply them with an outline.

NOTICE ON ALUMNI WORK

Mr. Tsao I who has charge of Alumni work has just completed an extended visitation trip throughout North China. He has covered practically every town along the Peiping-Moukden, Peping-Shanghai, and Peping-Hankow Railway lines, and the Province of Shanghai. As a result of this effort a local chapter of the Alumni Association has been organized in every considerable Alumni center. He was enthusiastically received everywhere, and many were the eager inquiries about their Alma Mater and the teachers whom they know best. Members of the Faculty interested in Mr. Tsao's experiences or any of the Alumni and Alumnae whom he has seen so recently are welcome to call on him in the Registrar's Office. All business concerning Alumni and Teaching opportunities in Middle Schools had best be taken up with Mr. Tsao.

The following are a list of the Alumni organizations in China.

VISIT OF MR. SHERWOOD EDDY

.....  
There is a possibility that Mr. Sherwood Eddy may be delayed in reaching Peking. If he cannot reach Peking on Saturday, full notices will be posted on the bulletin boards to this effort.  
.....

THE LENTEN MEETING OF THE LADIES ASSOCIATION

The meeting will this week be held at the home of Mrs. Breece. Mrs. Li Jung-fang will speak on "Suffer the little children to come unto Me."

SPRING RECESS WITH THE STUDENTS

The student committee in charge wishes to extend a very warm invitation to any members of staff who would like to join the student trip to the Great Wall and Ming Tombs during the spring recess. Full details of the trip will be posted in due time on the bulletin boards.

MOTORISTS RETURNING LATE TO THE COMPOUNDS

The families living near the compound gates would request that motorists returning home in the evening after most good people are in bed, instead of honking their horns in the hope of arousing the gateman, use the electric bell which rings just above his bed. The response will be much quicker, and small children and light sleepers will not be disturbed from their slumbers. The offenders in most cases are the drivers of the garage cars to whom the constant sounding of a motor horn is as music to the ear.

YENTA CHRISTIAN FELLOWSHIP

Annual Meeting. The annual meeting of the Christian Fellowship for the election of officers and other business will be held this week, Thursday, April 17th, at 4:30 p.m. on the Island. The meeting will be followed by a picnic supper, at which about forty of the faculty families are to be hosts. Following the supper, the communion service which has come to be a part of the Thursday evening of Passion Week will be held in Ninde Chapel. It is hoped that all members of the Fellowship will be present if at all possible.

A Special Good Friday Service will be held in Ninde Chapel on the afternoon of April 18 at 4:30. A special order has been prepared for this service which will be on the Adoration of Christ's Suffering. The service is such as can be fully participated in by both Chinese and English speaking members of the community.

Easter Service. The Easter Celebration of the Fellowship will be held on the Island at 8:30 a.m. instead of 10:30 in order that advantage may be taken of the coolness of the early morning hours. The service will include a service of baptism for children, special music, an Easter sermon by Miss Myfanwy Wood and the Communion Service. In case of unpleasant weather on Sunday morning, the service will be held in Ninde Chapel. Since all members of the Fellowship unite in the Easter service, there will be no Vesper Service on Sunday.

The Chin Pu Hui at its last meeting decided to avail itself of the opportunity to attend the forum meetings conducted by Dr. Dutcher. The list of subjects will be sent to the members. If any member fails to receive a copy please apply to Mr. de Vargas.

#### UNIVERSITY LECTURE

In view of the Christian Fellowship gathering this Thursday just before Easter, the University Lecture was held on Monday and Dr. SHERWOOD EDDY spoke to a crowded audience on "Some Experiments in Communism, Socialism and Capitalism."

The University Lecture next week will be delivered by Dr. GEORGE M. DUTCHER (see below) It has been found necessary to arrange for this Lecture to be given on TUESDAY 22 APRIL at 4:30 p.m. in McBrier 103 in order to suit the convenience of the speaker. Dr. Dutcher has made a first-hand study of the problems of internationalism in many parts of the world and speaks with authority on such questions.

#### VISIT OF PROFESSOR DUTCHER

On Tuesday April 22. an opportunity will be given to all in the University to hear the Professor of History and Government at Wesleyan University, sent to us as a Visiting Professor by the Carnegie Endowment for International Peace. He will speak on: "The World Outlook since the World War". This will be the University Lecture for the week, in McBrier 103 as usual, but on Tuesday 4:30 instead of Thursday 4:30.

Dr. Dutcher will give his second open lecture on Thursday the 24th, at 4:30 in McBrier 126. All will be welcome.

The Forum for faculty members and advanced students on "Bases of International Order" will have its first meeting on Wednesday, April 23, 4:30 p.m. at the President's House. The participants shall arrange the number and time of subsequent meetings, but it is suggested that there be altogether three or four meetings and the second meeting be held Friday April 25 4:30 at the President's House.

Faculty members intending to participate should if possible give their names in advance to Mr. de Vargas, who will provide them with a list of subjects.

We are invited by Tsinghua University to attend the five lectures on "Bibliography" which Dr. Dutcher will give there from 1:10 to 2:00 p.m. on Wednesday April 23, Friday 25, Monday 28, Wednesday 30, and Friday May 2.

#### NOTES FROM THE DEPARTMENT OF SOCIOLOGY

Research Library. The department is attempting to establish a research library, the object of which is to afford students of sociology opportunities for research and advanced professional study; and to make this library the best place for the students and faculty members of this department; for the study of practical social problems; and it is also intended to make this library to be of service as a laboratory for students of sociology and social work, who wish to analyze and study methods of ameliorating

social conditions. By 1926 the library had already gathered 200 boxes of pamphlets of sociological interest. The growth of the department has increased the demand upon the library. At the present it contains about 200 bound volumes and perhaps 2000 pamphlets. It represents the careful gathering of data relating to the work which the department has undertaken. Recently the U. S. Bureau of Labor Statistics has sent to us a complete set of their publications, which can be rarely found in other places in China. In the future the library will be well equipped to keep abreast of really valuable material published in its particular field, especially the materials concerning China. The following list shows what the library will contain:

GENERAL COLLECTION

Books and pamphlets relating to social problems. New volumes are added as soon as published. Suggestions for accessions will be gladly received.

REFERENCE BOOKS

Dictionaries, year books, almanacs, atlases, indices, catalogues, bibliographies, and the various standard encyclopedias.

PERIODICALS

Magazines and newspapers

CONFERENCE PROCEEDINGS

Sets of the proceedings of national and international conferences dealing with social work.

REPORTS

A large number of governmental reports and reports of private organizations.

List of a few subjects covered by the library

The City  
Family and child welfare  
Labor and industry  
Health and hygiene  
Delinquents and defectives

Mr. Yu En Te is taking charge of this library. He will be very glad to assist students, or interested readers in special branches of social inquiry. It is specially desired that the library be increasingly utilized by all the students and faculty members in the department.

Opportunity for Student Service in Famine Relief. The China International Famine Relief Association wishes to get a limited number of Yenching students to go to Honan, Sui-yuan, and Shensi for practical field work in famine relief. The Association will pay for the travelling and incidental expenses. The work is to begin on May 15 and to finish about August 15th. If anyone is interested in this kind of work, please notify the office of the Department of Sociology.

NOTES FROM THE DEPARTMENT OF GEOLOGY AND GEOGRAPHY

Departmental Publications. Two further scientific contributions from the Department of Geology and Geography (Nos. 25 and 28) have recently appeared in print, both from the pen of Mr. Barbour. The first entitled the "Structural Evolution of Asia" forms a section of a book edited by Dr. J.W. Gregory of Glasgow and is one of series presented at a Symposium of the British Association by authorities on "The Structure of Asia", under which title the book has recently been published. The second is a paper giving "Further Data regarding Deep Wells in the Peking Area" which was printed in the February issue of the journal of the Association of Chinese and American Engineers.

Lost, borrowed or strayed. Two volumes of scientific reprints (bound in blue buckram) belonging to Mr. Barbour have disappeared and as a number of the papers included are out of print and cannot be replaced he is anxious to recover them, since studies now in progress are handicapped for lack of them.

NOTES FROM THE DEPARTMENT ECONOMICS

Visit of Messrs. Tayler and Ch'en to Shanghai. Mr. J. B. Tayler and Mr. Gideon Ch'en arrived back from Shanghai last week-end. While in Shanghai they took up with the Committee on Christianising Industrial Relations problems of re-organization and the programme of work for the next four years, and the question of the budget for this work. The recommendations which were finally arrived at were approved by the N.C.C.'s administrative committee. In connection with the carrying out of this programme the Council is asking for Mr. Tayler's services for a period of from one to three years.

YENTA NORTHWEST FAMINE RELIEF DRIVE.

April 4, 1930.

The Yenta Famine Relief Drive has just been completed with the greatest success. The original goal was set between \$1000.00-\$2000.00, but with the kind co-operation of the entire Yenching community and other friends, we have been able to raise \$3120.98. This entire amount was turned over to the China International Famine Relief Commission on Saturday, April 5th by a specially elected Committee composed of Miss Yeh Kung Shao, Messrs. Chang Hung Chun, Charles Parr, Liang Chih Yueh and Chou Ching Fu. Mr. Y. S. Djang, the executive secretary of the China International Famine Relief Commission, promised the Committee to use this entire amount for the immediate relief of the famine sufferers in the central part of Shensi, near Sianfu, which according to Mr. Y. S. Djang, is at present the most urgently needy area in the entire Northwest Famine region.

The Executive Committee of the Yenta Northwest Famine Relief Drive wish to take this opportunity of thanking all the friends who have helped to make this great undertaking a success.

The following is an official report of the Honorary Treasurer and audited by Mr. Stephen Tsai, the Associate Treasurer of Yenching University:-

PERSOMIEL

Word from President Stuart. President Stuart, writing from New York on March 14th stated that with regard to financial results in general, there was very little of a definite nature to report. He remarks upon the way Yenching is becoming more widely, and always favorably, known.

On the Princeton-in-Peking project he says; "The Princeton-developments are extremely encouraging in so far as the changed attitude of the principals in Princeton is concerned, and the favorable re-action of the alumni everywhere." He reports that there has been organized at Princeton the Princeton School of Public Affairs, and the suggestion is made that this new organization at Princeton may form a more natural coordinating bond between the Princeton project in Yenching and Princeton University.

Regarding his return to Yenching President Stuart reports that the work in hand in America will almost certainly require his presence there at least during the first part of June. He suggests that he may be able to return to Yenching in July. President Stuart also mentions the eagerness with which he is awaiting the arrival of the proposed budget for Yenching for the coming year.

The Burgesses to locate in Pomona College. Mr. Galt has received a letter from Mr. Burgess, dated March 4th, in which he reports as follows: "The decision has just been made that the Burgesses will be going to Claremont, California. I am accepting a job as Associate Professor of Sociology in Pomona College for two years. In view of family health conditions, it seems impossible to return to China, and of three offers the Pomona College job seemed the most satisfactory."

Mr. H.T. Tien writing from the Harvard College Library, Cambridge, on February 28, mentions that he is expecting to see Dr. Stuart in a few days on the latter's return from California to attend the meeting of the Trustees of the Harvard-Yenching Institute. He had a very pleasant visit with Mrs. Porter (Miss Jean Dickinson) in Chicago and together with Mr. Li Chung-hui and Mr. Tsai Liu-sheng, was invited to her house just before China New Year to celebrate that festal season by making Chinese cakes and sweets. Mr. Tien expects next summer to visit the New York Public Library and the Congressional Library and other important libraries. Of his work at Harvard he writes: "I am not taking any course at Harvard as I am quite fully occupied every day. In the morning I am helping in the Chinese library and working together with Mr. Chiu, the custodian of the Chinese and Japanese collections in Harvard; to devise a classification system for the Chinese books which should be used in libraries of Yenching and Harvard respectively. In the afternoon I am working in the Widner Library and studying their systems." He has already visited the libraries of Boston and Chicago. He concludes his letter as follows: "Please give my good wishes to all the friends in Yenching through the Weekly Bulletin as there is no time for me to write to every one of them".

The Harvard Alumni Bulletin of March 13, 1930 announces under Faculty Appointments "Dr. Philip de Vargas, Professor of History in Yenching University, Peking, will be lecturer on Chinese at Harvard during the first half of the coming academic year". Dr. de Vargas is, however, expecting to be at Harvard for the second semester only, and his lectures might be more correctly described as belonging to the department of Chinese History.

Vesper Service. A special business meeting is called to follow the Vesper Service on Sunday next. The items of business are:

1. Discussion of time and place for the remaining Vesper Services of the term.
  2. Election of a chaplain for 1930-1931.
- All members of the congregation are earnestly requested to attend.

The Annual Election of the Fellowship was held last Thursday, April 17 on the island. It was attended by over 200 members. #### UNIVERSITY LECTURE

The twenty-first Lecture of the series will be delivered on Friday of this week by Dr. H.A. GIBBONS, Professor of History, of Princeton University. His topic will be "Nationalism and Internationalism." (4:30 p.m. McBrier 103)

The Committee in charge of the University Lecture series feel that Professor Gibbons' visit is an occasion of sufficient importance to justify the insertion of an additional lecture during this week since Dr. Gibbons leaves immediately thereafter for Hongkong.

#### PRINCETON-YENCHING SCHOOL OF PUBLIC AFFAIRS

The following extract from the Princeton Alumni Weekly of March 7, 1930, concerning our third college will be of interest to us:

On February 25 the Trustees of Princeton-in-Peking voted unanimously to change the name of that organization to the Princeton-Yenching Foundation, and voted further to change the name of the work of higher education in Peking, China, which is now the principal activity of this association, to the Princeton-Yenching School of Public Affairs.

#### International Relations Emphasized

This School in Yenching University includes the departments of political science, economics, and sociology. Its object is to train its students to participate intelligently in the political reconstruction, economic reorganization, and social transformation of the nation. There is in the school a strong emphasis on the international relations of China, as well as the internal problems related to the adaptation of this ancient people to the western culture pattern.

In the January meeting of the Board of Trustees of Princeton University it was voted to suggest to the Trustees of Princeton-in-Peking the following change of name, "The Princeton-Yenching School of Public Affairs." At the same meeting the possibilities of a profitable exchange of faculty and students between the newly announced School of Public and International Affairs at Princeton and the Princeton-Yenching School of Public Affairs was indicated.

Dr. R. M. Duncan '25, Ph.D. '28, is to sail in August to take up work for three years as professor of political science in the new Princeton-Yenching School; and within a few days an announcement will be made of the selection of a teaching fellow in economics from the Class of 1930 who will be sent out as the first of a series of one-year fellows. It is also expected that funds for a similar fellowship in politics will be secured within a few weeks.

NOTES FROM THE DEPARTMENT OF GEOLOGY AND GEOGRAPHY

The Geological Survey of China has just added to its laurels by issuing the Sixth Memoir in its series of regional studies. This is a 200 page monograph on the GEOLOGY OF THE KALGAN, a beautifully illustrated production representing the results of scientific research extending over a number of years. Our congratulations to the Geological Survey, to the author - Mr. Barbour-, and to Yenching.

NOTES FROM THE DEPARTMENT OF JOURNALISM

Exchange Professorship with Missouri University. The action of the Board of Curators of the University of Missouri establishing an exchange professorship with Yenching, noted recently in the Peking press, is simply the formal ratification by the authoritative body in that university of arrangements which had been tentatively made in the negotiations by which the School of Journalism of the University of Missouri associated itself with Yenching in the development of education for journalism in China. It is the expectation at present that Mr. Frank L. Martin, Associate Dean of the School of Journalism at Missouri will spend the academic year 1931-32 in Yenching. It is not yet certain whether he will come as a visiting professor or an exchange with one of the staff of our Department of Journalism. The latter arrangement is desired by the authorities of Missouri. The system of exchange professorships, while a permanent arrangement, will be in operation only on such years as is mutually desirable and possible.

ALUMNI HOME-COMING DAY

The Alumni Home-Coming Day for this year will be held on Saturday, May the 10th. It is hoped that the annual University Open House will take place on the same day. Invitations are being sent to all Alumni and Alumnae and former students of all courses and divisions of the University; and their wives or husbands are also welcome. Free bus transportation from and to the city will be provided by the University. Among the features of the programme for the day, there will be a Reunion Luncheon to be given by the University, and an Alumni Association meeting and an athletic programme in the afternoon.

Arrangement for supper has been intentionally left out by the Committee on Preparations, in order to give an opportunity to members of the faculty and student body to entertain and renew their friendship with the Alumni and Alumnae. You are reminded to send your personal invitation for supper to the people whom you may like to have as soon as possible, because there may be other hostesses equally anxious to have them, and they will naturally accept the first invitation coming to them. If you know of names and addresses which are not included on the present Alumni Directory, please drop a memorandum to Mr. Tsao I of the Bureau of Alumni work.

Y. P. Mei, Chairman

Committee on Preparations for Home-Coming  
Day.

PERSONNEL

A letter received recently from Mrs. Hildabrand was written from Bagnio, where she and Carl Nils are enjoying the coolness of the mountains. They expect soon to settle in Manila where Mr. Hildabrand is now connected with a large Chicago firm which is engaged in building a hydro-electric plant south of the city. She asks to be remembered to all Yenching friends and wishes that they should know how grateful both she and Mr. Hildabrand feel for the sympathy that was extended to them during their recent sorrow.

Mr. Ritter writes from Rotterdam on March 23 informing us that he is "having a glorious trip and learning a lot". He was staying with Mr. Chang T'ien-tse for a few days and reports that latter is doing excellent work, and "is nobly upholding China's honor in Holland all alone."

Perhaps you would be interested in a letter recently received from Samuel L Yee of the class of 1930 who left in 1928 to finish his college course at the University of Hawaii. He mentions that Yenching interest and enthusiasm have been stirred up to quite a degree in Honolulu largely through the visit of Dr. Stuart in the autumn of last year; so much so that we may expect three students from the University of Hawaii who have definitely decided to transfer to Yenching next fall. Of his own activities academic and otherwise he writes: "My training at Yenching has stood me in good stead, for with my two years there I have been able to obtain my B.A. in one and a half years at the University of Hawaii, thereby completing my college course in three and a half years. At present I have my hands full, taking part in dramatics, being on the school tennis team, president of the pre-medical club, managing an annual dance, and being assistant-manager to an annual Chinese students publication here." He thinks often of his happy days at Yenching and sends the following message to his former professors here, "Will you kindly express my sincere regards to my former professors and friends at Yenching. I wish also to express my thanks to them for the training they have given me. As teachers they have been very unselfish, able and painstaking. With more like them Yenching will always be on top".

#### CHING HO

The Sociology Department is about to make an experiment in community work. In the autumn of 1928 the Department decided to undertake an intensive survey of the market town of Ching Ho, about two miles from the Campus. This survey was completed last year, and a short report was given at the Formal Opening. The complete report is now in the press, and will be out in a few weeks. Meanwhile the Department has given a great deal of thought to conditions which the report disclosed, and has decided to open a community centre in the town in co-operation with the townspeople. Incidentally this centre will serve as a laborator for our students for rural work.

We have procured a building which is now being painted and put in order, and are busy working out a plan of campaign. What is this to be? First of all we must have a room large enough for people to come and hear what we are there for, and where we can get specialists to come and talk to them about such things as improved methods of farming, tested seeds, crop and

animal improvement, co-operative marketing, credit societies, health and hygiene, clean food, and many other things. Of course, the people must have chairs to sit on if they are to listen. Like all small towns Ching Ho is very deficient in cultural material, so we must have a reading room where those who can read can find out for themselves how to make the most of their job, and read what other people are doing. That means some library equipment. But what about those who can't read? The children are fairly well provided for now, but only half the men are able to read and only 4% of the women. Clearly we shall have to do something about it.

We have a Victrola and some records, and so far that is about all. Here is a list of some of the wants of which we can think at the moment. Can you help us?

Tea tables, chairs, shelves, cupboards, matting, curtains, kitchen utensils, pictures (we have a number of charts and illustrative material but could do with some pictures as well), furniture for the Director's room (he will live there altogether and want a bed, chest, shelves, table, chairs, matting and curtains). Illustrated books, and newspapers (Chinese). Play equipment for children, and such things as chess for the grown-ups.

If you think you can help us will you please tell Mr. Chang Hung-chun of the Sociology Department? Thank you!

#### UNIVERSITY LECTURE

The Twenty-second Lecture of the Series will be held on Thursday of this week. The speaker is Mr. J.E. Baker, Adviser to the Ministry of Communications, who has made a special study in China and elsewhere of the facts lying behind a successful organized system of transportation. His subject is "Camels, Trucks or Aeroplanes". The speaker next week will be Dr. L. K. TAO.

#### SALE ON MAY 8 IN SAGE AUDITORIUM

You have already been informed of the opportunities for shopping at the sale of "Misfits" and Blind School products, a week from Thursday. You are to be further tempted with "books". All are invited to donate books to the sale, books you have yourself finished with but which may be desired by others. There will also be a sale of children's books at a low price. The proceeds of goods and books which are donated will go to the "social service fund". Of those which are not donated, 10% will go to the same fund. All goods (plainly marked with owner and price) and books, can be sent before the day to Mrs. Tayler, or taken early on the day to the Sage Auditorium.

#### ANNUAL MEETING OF THE PARENTS ASSOCIATION

The annual meeting of the Parents' Association of the Yentung School will be held on Wednesday, May 14, at 8:15 p.m. in the Conference Room, Bashford Hall. Two members of the Board are to be elected, and plans are to be considered for the teaching of the upper grades of the School. Parents are requested to think on these things in the meantime.

FRIDAY AFTERNOON TEA

Mr. and Mrs. Vernon Nash wish to invite members of the staff and faculty wives to tea Friday afternoon, May 2, from 5 to 6:30 o'clock. It will be an opportunity for the community to welcome to its midst Mrs. Hin Wong, who is arriving this week from Hong-kong, and to bid farewell to Mr. Loo Lin, who is returning soon to Canton, and to David Lu, who will travel with his father as far as Shanghai whence he will sail in the middle of May for America. News of David's formal appointment as the first Yenching-Missouri Fellow in the school of journalism of the University of Missouri has been received. Student friends of Mr. Wong and Mr. Lu are invited to tea in the Nash home on the same afternoon from 4 to 5 o'clock.

Mr. Henry Chou lost a black fountain pen on the University Island about two weeks ago. If anyone has found it he would be most grateful to have it returned to him.

REQUEST FROM THE Y.W.C.A.

Miss Hinckley writes asking if our community could help the Y.W.C.A. in town with gifts of old victrola records which we are willing to part with. Their stock has been depleted owing to a theft some weeks ago. Records may be sent either to Miss Hague or Mrs. Wolferz.

WORSHIP THROUGH MUSIC

During the month of May the soloist at the Minde Chapel Saturday service will be Mrs. Bliss Wiant, The General theme will be "Life Everlasting".

PERSONNEL

Mr. David J.H. Lu, assistant and secretary to the department of Journalism of Yenching University, recently appointed first Yenching-Missouri fellow to further study in the School of Journalism of the University of Missouri in America, has booked to sail for the United States by the S.S. Taiyo Maru, from Shanghai, May 15. Mr. Lu intends to depart from the University early next week, and he will be accompanied south as far as Shanghai by his father, Mr. Loo Lin, who has been here for some time, residing with Mr. Hin Wong, at 55, South Compound. Mr. Loo Lin will return to Canton after the seeing of his son's departure. The United States, however, is not new to David. He was born there but came back to China with his mother some 13 years ago in order to study Chinese. He did so until 1927 in Canton and then was transferred to Yenching from Lingnan University. David originally intended to study journalism in Yenching but, upon arriving here, found this department closed and he wisely specialized in English, the head of the department of which being Mr. T. E. Breece, from Missouri, for whom he will carry messages of greetings to friends in the University of Missouri as well as for Mr. and Mrs. Vernon Nash, Hin Wong, and Sam Groff, graduates of Missouri now in the staff of the department of journalism in Yenching.

TUESDAY NIGHT RELIGIOUS FELLOWSHIP GROUP

Miss Nettie M. Senger has just returned from a Conference of Rural Religious workers at Tingsien. The conference was arranged by the N.C.C. to consider the application of the methods of the Mass Education Movement to rural religious work. Miss Senger is a most enthusiastic convert to this splendid experiment of Mr. James Yen, and is willing to come and give her impressions of what is going on at Tingsien next Tuesday evening at the meeting of the Religious Fellowship Group which will be held as usual in the President's House at 8:00 p.m. May 13.

NOTE FROM THE DEPARTMENT OF PHILOSOPHY

We are very happy to announce an addition to the department next fall in the person of Mr. Chang Tung Sun who is very well known in educational and political circles in China, and for his important published works. Mr. Chang is a graduate of the Imperial University of Tokyo in philosophy, and is well versed in English, German and Japanese. During the second year of the Republic of China he was chief of the secretariat of the Lower House. He was also for about ten years chief editor of the Shanghai Times, and was the predecessor of Mr. Hu Shih as President of Chung Kueh Kung Hsueh in Shanghai, (a Chinese University in Shanghai) and later held a chair of philosophy in the University of Political Science. He comes to us from Kwang Hua University in Shanghai. Mr. Chang has translated the following works, Social Theory by G.D.H. Cole, Creative Evolution by Henry Bergson, Matter and Memory by Henry Bergson and Plato's Dialogues; and is the author of Science and Philosophy, Philosophy, Philosophy of Life, Analysis of the Spiritual Life, Essays on New Philosophy and An Outline of Ethics. The University is very fortunate in securing the services of such a distinguished and able professor.

## UNIVERSITY LECTURE SERIES

Twenty-third Lecture. Dr. L. K. Tao, the speaker at the University Lecture on Thursday May 8th is coming at the joint invitation of the Committee on Public Lectures and of the Sociology Club. During the first ten years following his return from special studies in Europe, Dr. Tao made a name for himself as Professor of Sociology at Peita and as Dean of faculties of the Normal College. More recently he has become known as the Research Secretary of the China Foundation (中華教育文化基金北平社會研究所主任) and as joint author of "Village and Town Life in China." His topic is "The condition of youth in China today."

Report of Committee on University Lectures for 1929-30. In view of the approach of the close of the session, this Twenty-third Lecture will be the last of the regular series for the academic year. In presenting a list of the lectures given this year in lieu of a report, the Committee feels that no further explanation is called for -- the Lectures speak for themselves.

- 1 Oct. 5 Prof. J.R. Shotwell (Columbia) "Greatest Revolution in History."
- 2 Oct. 12 Prof. W.H. Kilpatrick (Columbia) "Tendencies in Soviet Education."
- 3 Oct. 19 Prof. H.A. Miller (Ohio) "The World outside China."
- 4 Nov. 2 Prof. J.H. Woods (Harvard) "Developments of Buddhist Philosophy."
- 5 Nov. 9 Mr. H.R. Cummings (Geneva) "Internal Working of the League."
- 6 Nov. 16 Dean C.S. Yeh (Tsinghua) "Modern Ideas about Matter."
- 7 Nov. 28 Canon Streeter (Oxford) "Science and Religion."
- 8 Dec. 7 Dr. F.G. Boudreau (Cincinnati) "Medical Work of the League of Nations."
- 9 Dec. 13 Prof. A.J. Toynbee (London) "Modern Developments in Turkey."
- 10 Dec. 14 Pres. Chou (Peiping) "Military Training."
- 11 Dec. 18 Dr. S.K. Datta (Calcutta) "Nationalism in India."
- 12 Jan. 7 Prof. de Vargas (Yenching) "The Year 1929."
- 13 Jan. 18 Mr. Hu Pei-heng (Peiping) "Chinese Painting."
- 14 Feb. 20 Mr. W.C. Pei (Geol. Survey, Peiping) "The Discovery of Sinanthropus."
- 15 Feb. 27 Mr. Grover Clark (Famine Relief) "Actual Conditions in Shensi today."
- 16 Mar. 6 Prof. Paul Stevenson (P.U.M.C.) "Early Origins of the Chinese People."
- 17 Mar. 21 Dr. S.H. Ch'uan (Tientsin) "Exploration in Tibet."
- 18 Mar. 27 Dr. Li Ghi (National Research Institute) "Discoveries at Anyang."
- 19 Apr. 14 Dr. Sherwood Eddy (New York) "Experiments in Communism."
- 20 Apr. 22 Prof. G.M. Dutcher (Wesleyan) "World Outlook since the War."
- 21 Apr. 24 Prof. H.A. Gibbons (Princeton) "Nationalism and Internationalism."
- 22 May 1 Mr. J.E. Baker (Wisconsin) "Economics of Transportation."
- 23 May 8 Mr. L.K. Tao (Instit. Social Research) "Youth in China today."

In singing its swan-song, the Committee suggests that in future the hour 4:30 p.m. on Thursday be the customary time for the University Lecture. The Committee also feels that there is room for fuller cooperation on the part of other University organizations and groups who wish to invite speakers for extra-curriculum lectures on subjects likely to appeal to wider audiences. Such cooperation benefits the group, the speaker, the University as a whole and the Lecture Committee. Full credit is given to the group cooperating, the speaker is assured of an audience worthy of his best effort, the audience (we hope) is able to count on something worth making an effort to attend, despite a busy week's work, and the work of the Committee is made easier. In addition such a policy reduces the feeling that there are so many outside lectures offered that life is a burden.

Of course, in such cooperation, it has to be kept in mind that for general audiences the topics announced may need to be somewhat less technical than when speaking to strictly specialist groups. It is hardly likely that "The Pre-Cambrian paragneisses of Patagonia", "Penultimate accents in French Prosody" or "Embryonic forms of the Australian lung-fish" will appeal to immense audiences; but the same subjects might be handled under the titles "Earthquakes in South America", "Funny habits of foreign poets", and "Are biologists descended from fishes?" without offence.

These suggestions seem to be the most practical form of blessing which the retiring Committee can bestow on its successor.

The Committee on University Lectures

You will see China in the days of the great Khan and the gay, young traveller from Venice; and you will then be transported to the Court of Spain with all its pomp, and even to the moonlit canals of Venice itself. The committee in charge would like to call your special attention to the opportunity that will be given for meeting your old students between 9:00 and 10:30 in the President's House where the alumni will all gather on their arrival. Try to drop in if only for a few minutes, but do not come after 10:30 as everyone will then be out on the campus. The committee would also again remind you that the alumni will be free to accept private invitations to supper.

One of the features of the Alumni Home Coming Day, May 10, will be a photographic exhibit by Messrs. Lin Yueh Ming and Chao Ch'eng which will be held in Sage Hall Auditorium from 9:00 a.m. to 9:00 p.m. The exhibit will also be open the following day, May 11. Most of us are familiar with Mr. Lin's work through the very lovely views he has taken of our campus. A number of these pictures were exhibited last spring at the National Photographic Exhibition held in Shanghai and received prizes. The exhibit will include about 300 enlargements of scenes of our own campus, and studies of landscapes, portraits, and city scenes from all over China. Mr. Chao who is now in his sophomore year here is leaving before the end of the term to continue his studies in France. Mr. Lin is this year in charge of the photographic department of "The Yenchinian".

Resignation of Mr. C.F. Chou. It is with the deepest regret that we learned a few days ago that Mr. and Mrs. C.F. Chou are leaving at the end of this academic year. Mr. Chou has accepted a position in the Kailan Mining Administration which will enable him to continue his special studies in agriculture. It is hard for us to imagine how we shall get along without them.

An engagement of interest to Yenching. In a recent letter from Mr. H.F. Flood, formerly a member of the Construction Bureau, and now living in Erith, Kent, England, he expresses a desire that all his Yenching friends should know of his good fortune in his engagement to Miss Laura Gooding, Baldwin School, Nanchang. Miss Gooding was instructor in the Department of Home Economics during Miss Mille's absence 1927-28. She expects to go via Siberia to England this summer, where she and Mr. Flood will be married.

Congratulations to two of our Graduates. Two members of the class of 1929 have received word of the awarding of fellowships. Miss Liu Hsi Chen, graduate assistant in the Department of Chemistry has been awarded a Barbour Scholarship in the University of Michigan for 1930-31. Miss Chu Shu Ch'ung now teaching History at True Light Middle School, Canton, has received word of a graduate fellowship at Mills College, California.

A Chinese Name for Miss Borgeson. The Comptroller's Office has decided on P'an Ke-hsin as the equivalent for Miss Borgeson's name that will best avoid confusion with other names of foreigners in Yenching.

YENTA CHRISTIAN FELLOWSHIP

Vesper Service. Weather permitting, the Vesper Service will be held on the University Island, as an informal song service, on Sunday next, May 18. Let us try another outdoor service. All are welcome. In case of bad weather the service will be held in Ninde Chapel.

UNIVERSITY LECTURES

Theological Society Lecture Series. On Friday of this week we will have another opportunity of hearing Mr. de Vargas, who will lecture on "Pascal", before the Theological Society in Ninde Chapel, at 4:45 p.m. All are welcome.

Special University Lecture. The Committee feels so many will wish an opportunity to hear Dr. Jane Newell describe observation during her recent visit to South and Eastern China that arrangements are being made for a SPECIAL UNIVERSITY LECTURE on that topic, on Thursday of next week, May 23 at 4:30 p.m. in McBrier 103.

In view of the early notice that is being given to enable those who wish to come to escape "prior engagements" no special notices of this Lecture will be circulated to members of the Faculty, who on reading this will mark their calendars with a red pencil accordingly.

#### MUSIC

Saturday morning chapel service. Mrs. Bliss Wiant will sing at the Ninde Hall chapel service on Saturday, May 17 at 9:00 a.m. two solos from oratorios of Handel:

"Farewell, ye limpid Springs" from Jephtha

"Angels Ever Bright and Fair" from Theodora

Rev. T.M. Barker will be in charge of the service of worship.

The Concert of the Chorus on Thursday evening, May 29th promises to be one of the best it has ever given. Never in the history of choral singing in China has a Bach Cantata been produced. Some very delightful and unusual old English glees and folk songs are being sung besides an Irish folk song and a pathetic Tschaiowsky number. The full program will appear in next week's bulletin.

#### MARCO MILLIONS AND THE GONDOLIERS

Don't forget the Je Nao performance on Saturday night. A small section of the court is being reserved (seats at \$1.00) for those who do not wish to rush after dinner in order to be sure of a good seat. A good many of these seats have already been sold, so if you want any of these you had better apply at once to Miss Cummings or Miss Hague. All other seats in the court are \$.50. No seats are reserved by number so you must all take your chance in either the reserved or unreserved sections.

The Friday night performance is for students (all seats \$.20) This is an opportunity for you to have your student friends to dinner and send them to the show!

In case of bad weather, the performance will be given in the Auditorium.

#### ALUMNI DAY

The Alumni Home Coming Day in spite of a few showers in the early morning, turned out to be one of the best that we have had. As many as 184, of which one quarter were ladies, turned up representing our alumni associations in Peking, Tsinan, Paotingfu, Techow, and Tientsin. We had two members over seventy years old, Mr. Chuan Chi and Mr. Wu Yu Hsiang.

On arrival in the morning the guests were received in the President's House, and welcomed by Mr. S.J. Chuan, Chancellor Wu, Dean Frame and the hostess committee of alumni in the university. When all had been duly received and welcomed, they broke up into little groups, and in charge of students and local alumni toured the campus, and carefully inspected buildings which were all in gala attire and open for inspection. Luncheon was served in the beautiful grounds of the Ta Yuan at one o'clock, and all sat down to feast together in the Ssu Mei Hsuan, Mr. S.J. Chuan acting as toastmaster. Speech were made by Dr. Galt, Dr. T.T. Lew, and representatives of the student body. Mrs. Ling replied for the guests. The weather had by this time cleared and promised a fine afternoon. Luncheon over, the yearly picture was taken, and after this a meeting was held and a committee

elected to plan for the election of officers for 1930-31. At 4:30 all repaired to our new athletic field where a varied program was run off, all events being alumni vs. students. We hear that the alumni will have to go seriously into training if they expect next year to capture many of the events. In the evening the guests were privately entertained by many students and in many faculty homes. The Auditorium in the evening was packed to the doors for the Junior Class entertainment. It was an exceptionally good program and finished promptly at 10:30, an excellent hour to close a performance after a long day.

The Yenching Alumni Association in U.S.A. It was quite a coincidence that a day or so before the Alumni Home Coming Day a letter was received from Mr. Wang He-chen, treasurer of the association, in which he sends greetings from all our former students now studying in America. He enclosed a directory of names and addresses which is now attached to the President's Office bulletin board. Mr. Wang is himself studying in the New York School of Social Work and New York University, and expects to get a diploma from the school and his master's degree from the university. The letter speaks of having Christmas dinner with Dr. Stuart in New York, "We enjoyed it very much and all of us felt as if we were at home, for really it gave us a home-like atmosphere. Immediately after Christmas we gave him a welcome dinner party, with twenty-three people present including the present and former members of the faculty in the U.S.A."

Today (April 6) the members of the local chapter in New York gave a welcome dinner party to Miss Yu Ju Ch'i, one of our Yenching graduates who has just arrived here. She has registered in the New York School of Social Work."

#### AGRICULTURE EXPERIMENT STATION

Ice: the station can supply ice at \$12.00 for 10,000 cabbies; 50 cents extra will be charged for labor per 1,000 cabbies.

#### ATHLETICS

Bicycle Race. In spite of the bad weather on Saturday morning, the bicycle race started off on its run of 6½ miles to the Jade Fountain and back. There were 19 entries and 11 started. Mr. Hsueh Tso-yung, sophomore, finished in 28 minutes, 50 seconds. He will be followed by Mr. Eugene Verevkin, freshman, 2nd place; Mr. Li Wen-ho, sophomore, 3rd place, Mr. Tang-chin, junior, 4th place and Mr. Hwang Chen-hsiang, sophomore, 5th place.

#### Results of Alumni Day Events.

Donkey Polo--Students 3, alumni and graduates 1

Small Ball--no score

Cage Ball--no score.

Faculty Tennis Tournament. Members of the tournament are asked to play their games promptly and sign up on the board prepared in the President's Office.

Triangular Track and Field Meet. The athletes of Yenching will participate in a triangular track and field meet with Tsing Hua and Jefferson Academy, which will take place at Tsing Hua on Saturday next, May 17. The sports start in the morning and will last the whole day. We hope to capture all the short distance and field events, but we are unfortunately short of good long distance runners. The officials of the day will be representatives of all three institutions, Chancellor Wu and the presidents of Tsing Hua and Jefferson acting as honorary chairmen. The morning programme includes heats for the 100 metres, high hurdles, low hurdles, 200 metres, and the field events; shot put, pole vault, javelin, hop, step and jump and 1500 metres the 800 metres relay race. The afternoon competitions will be the finals for the 100 metres, 200 metres, high and low hurdles, 400 metres, long jump, discus, high jump, 800 metres, 5000 metres, and 1600 metres relay.

Our Varsity Baseball Team again scores a victory over Tsing Hua, in the game played on our diamond on Monday afternoon. Tsing Hua took a lead, while our team had not yet awoken from their afternoon nap; but we soon overtook them. In the sixth inning our visitors caught us up, when the score stood at 11 runs all. However, we managed to pull through with one run in the last inning. Though there was much cheering, the game was rather ragged, and both sides committed many errors.

#### SPRING SALE

A letter has just been received from Mr. Walter Canner, superintendent of the Hill-Murray Institute for the Blind at Palichuang, in which he conveys his most grateful thanks to those were responsible for the organization of the Sale last Thursday, for the opportunity given to show the articles made in the Institute and to all who bought and ordered, and made Mrs. Canner and himself welcome in every way. He also extends a very hearty welcome to any of our community who would like to see for themselves the work which is being done in the Institute.

YENTA CHRISTIAN FELLOWSHIP

Preacher on Sunday Morning. Dr. Samuel Lin Sheng Lee of the Peking Theological Seminary of the Methodist Episcopal Church will preach at the University Service on Sunday morning.

Vesper Service. The Sunday Evening service will be held on The Island.

Report of the Workmen's Centre. Mr. P.C. Hsu wishes to acknowledge the receipt of twenty-four dollars (\$24.00) from Mr. Tayler towards the Social Service Fund. This money was taken at the recent sale in Sage Hall, some of it being 10% on the sale of private articles, the rest being goods donated by the Faculty for which we thank them. Every little helps.

Up to date, we have received for the building fund of the Workmen's Centre, the total sum of \$3,641.58 of which \$1,200.00 is given by the University. This total includes recent contributions from Messrs. Band (\$5.00) Groff (\$5.00) and T.S. Hsu (\$10.00). Before the end of this academic year, the Community Chest Committee may turn over three hundred odd dollars more, being pledges not yet paid in.

The building work of the Centre is now going briskly forward, and all interested persons may see this dream being realized on a plot of land west of the Learmonth-Holm-Barker compound.

UNIVERSITY LECTURE

"A very unusual offer from the American Commercial Attache, Mr. Julian Arnold has decided the Committee on University Lectures to arrange for a twenty-fifth Lecture next Thursday, May 29 when he will present the material he has recently embodied in a paper specially written for an American Scientific body. This is one of those lectures when you will wish to arrive in good time to be sure of finding a place.

In addition Mr. Arnold has offered to make arrangements for the showing at a later date (probably exactly a week later) of a moving picture showing some of the modern applications of machinery especially motor engines and tractors to engineering projects in America.

PHI TAU PHI MEETING

There will be a meeting of the Yenching University Chapter of the Phi Tau Phi Society on Wednesday, June 4, at 4:30 p.m., in the Social Room of Ninde Hall, for the election of new members and for the adoption of the proposed Constitution and By-laws of the Chapter with necessary modifications. Every member is earnestly requested to reserve the date for the meeting and to arrive promptly on time.

DEPARTMENT OF BIOLOGY

The Department of Biology takes pleasure in announcing that Mr. Yin-ch'i Hsu, B.S. (Soochow 1926), M.S. (Yenching 1929), has been granted a Rockefeller Foundation Fellowship for further studies in America during the next two years. Mr. Hsu is Instructor of Biology at Soochow University this year and is leaving in August to enter Cornell University next fall and to work for his doctorate in Entomology. His graduate work in Yenching and his Master's thesis have been accepted in full value by the Graduate School of Cornell University.

POMONA STUDENTS

Six of our guests left on Tuesday to join the ranks of the famine relievers in the Sarachi area at the invitation of Mr. John Earl Baker. The remaining four very busily carrying on their investigations in and about our campus. Members of staff are asked to note the ruling of the G.F.E. at its last meeting to the effect that the students from Pomona College shall be granted special privileges in auditing classes and in using the Library.

MUSIC

The University Chorus promises to give to the community something very unique and worth-while on Thursday evening at 8 P.M. in Bashford Hall when it presents the Cantata by Johann Sebastian Bach: "Praise Our God Who Reigns in Heaven". It is a fitting introduction to the season known as Pentecost and is particularly appropriate this year since it is the 1930th celebration of that event in the life of those who follow Jesus. The Chorus sings this Cantata with the spirit in which it was written and since it is the first time a Bach Cantata has ever been heard here, it marks a development in the history of choral singing. After the cantata will come a group of gless with a group of Old English songs by Mrs. Bliss Wiant.

The last of the Saturday morning musicales for this year will take place this week at 9 P.M. in Ninde Hall. Mr. Warren Scott, the tenor soloist among the Pomona College student visitors has kindly consented to sing for us at that time. Those who have heard him sing know what a treat is in store for us.

On Monday evening at eight o'clock in Bashford Hall will occur the regular second semester Recital of Music by the students in the Music Department. There will be vocal, violin and piano numbers. The music is of the best grade the department has ever had to offer and we hope that the community will take this opportunity to enjoy this student program.

On Thursday, the 5th of June the orchestra is planning a Free Concert. Full details will be announced later.

There will be a Children's Concert on Saturday afternoon, June 7th at which time all the children in the schools taught by the English-speaking faculty will have a chance to participate.

PERSONNEL

On the last American mail word was received from President Stuart that he had at last fixed upon his sailing date for his return to China. He will leave San Francisco July 1, transferring after a three day stop at Honolulu to the "President McKinley" due at Yokohama on July 21. After about four days by rail he should arrive at Yenching. This will mean that for the first time during his administration, President Stuart will miss a Yenching Commencement and this he regrets exceedingly, but the wind-up of the financial campaign, and the fact that Princeton University is graciously bestowing an honorary degree upon him on June 17, make it desirable for him to defer his departure until after this event. One letter written April 25 mentions that the day before the letter was written the Trustees held their Annual Meeting "when everything went through well and with fine spirit. I am going across the continent again after next week with about ten days in California. Then back to New York more or less until starting for China. Dr. Jenney has virtually decided to become our financial secretary beginning next September". Dr. Jenney resigned from this position some little time ago and the President is very happy over his assuming this office once more. The letter also mentions the splendid grant from the Rockefeller Foundation for the College of Natural Sciences full details of which have already appeared in the Peking papers.

PERSONNEL (cont.)

Mr. Chang Yin T'ang has been appointed to the Department of Geography and Geology. Mr. Chang has been spending some time in study at Liverpool University and will join our staff in the autumn. Mr. Chang arrived in Shanghai in March and will spend the remainder of this term on visiting the Geography Department of various Universities and in giving a series of lectures at the national Central University in Nanking.

We have recently learned of the resignation of Mr. Maxwell Stewart from the Department of Sociology and would express our very deep regrets that Mr. and Mrs. Stewart will be leaving the University this summer. They have both entered so fully into so many phases of our University life, that it will be very hard indeed to find others who can fill the places they will leave vacant. Mr. and Mrs. Stewart expect to spend the summer in Shanghai, and later to visit Russia. They will eventually proceed to California where they expect to take up further study.

The resignation of Mr. C. E. Chou came up before the General Faculty Executive Committee on May 6th when it was voted to ask the Chancellor to urge Mr. Chou to withdraw the resignation; however, it was found that he could not do so on account of having already signed a contract with the Kailan Mining Administration, and so on May 13th, it was voted to accept the resignation with the hope, however, that he would return after a year or so. We should all be very glad to have the Chous among the faculty again.

The Bulletin offers its object apologies for failing to enter last week so important an event as the arrival of the Wee baby on May 16. Though somewhat late we offer our most hearty congratulations to Mr. and Mrs. Wee and look forward eagerly to the return of Mrs. Wee and her small son from the P.U.M.C.

Mr. Tayler returned from Pengcheng on Tuesday where he had been making investigations about the pottery industry. Mr. Barbour and Mr. Tayler expect to leave on Friday of this week for Sarachi in company with Mr. Y. S. Djang of the Famine Relief Commission to make investigations along other lines in the district around Paoou. They both expect to be absent about a week.

Mr. Hsu Pao-chien will leave Peking on June 13 and the following details of his movements while abroad may be of interest. He will arrive in Paris on June 25 where he will attend a conference on Students from Abroad. He will spend most of the summer in England, Holland and Germany attending student and other conferences (in fact, his schedule looks as if he was to have very little "holiday") About the middle of August he will attend the Federation Summer Conference at Vaumarcus, Switzerland, and from there will proceed to Geneva where he will begin to take up his work for the winter.

THE JE NAO

The Je Nao hopes to be able to squeeze in a meeting before the end of the term to say farewell to all members leaving for abroad, and also to attend to a few matters of business, and to hear the financial results of the spring performance.

FACULTY TENNIS

The results of the tournament will be announced in next week's bulletin, (if the players can be persuaded to finish off all the events)

To All of Yenching Faculty Community who are Interested in Tennis:

For a long time, there has been talk of the desirability of some central tennis courts. It is suggested that all who are interested meet Wednesday, May 28, for a picnic supper (about 6:30). Each individual or family will bring their own supper and make such groupings as may be desired. We will gather at the Holm's court where the final men's singles match will be played starting at 5:00 p.m. Mr. C. F. Chou will play the winner of a semi-finals match between Mr. K. A. wee and Mr. Vernon Nash. This semi-final match will be played today (Tuesday, May 27) at 4:30 on the Holm's Court. The supper tomorrow will be on the hillock just west of the Holm's gate. All faculty and staff members who care to come will be welcome whether tennis players or not.

Mr. P.C. Hsu requests that all friends who have borrowed books from his private library will please return these within the next two or three days.

Miss Speer would be grateful if all books belonging to her but now reposing on other people's shelves could be returned to her within the next two weeks so that they may be packed before she leaves.

RISE IN THE PRICE OF GASOLINE

On account of the increased cost of operating cars, the charges for the University truck will be raised from thirty to thirty-five cents per mile. Mr. Holm has also been forced to raise the price of his car from twenty-five to thirty cents per mile.

NOTES FROM THE CHANCELLOR'S OFFICE

Appointment of Deans. After the reorganization of Yenching University in 1929, its undergraduate division was divided into three colleges, the College of Arts and Letters, the College of Natural Sciences and the College of Applied Social Sciences. At this time Dr. C.W. Luh, Dr. S.D. Wilson and Dr. Shuhsi Hsu were elected respectively to the deanships of the three colleges. The term of office according to the outline of organization of the university was for two years.

It was agreed last year that the first term after the reorganization into colleges should terminate July 1930. The chancellor following the procedure in the outline of organization of the university called meetings of the faculties of the three colleges on three consecutive days, May 28, 29 and 30 with the following results. The College of Applied Social Sciences meeting on May 28 renominated Dr. Shuhsi Hsu, the present dean, for a second term of office. The College of Natural Sciences meeting on May 29 renominated Dr. S. D. Wilson, the present dean, for a second term of office, and nominated Dr. Alice Boring of the Department of Biology to be the acting dean during Dr. Wilson's absence on furlough during the academic year 1930-1931.

The College of Arts and Letters, meeting on May 30, nominated Mr. William Hung as its dean for the next two years. The present dean, Dr. C. W. Luh, is head of the Department of Psychology. This department is about to be transferred to the College of Natural Sciences in accordance with recent government regulations. This transfer made Dr. Luh ineligible for renomination. The faculty of the College of Arts and Letters gave a hearty expression of appreciation for his service. The Chancellor has duly appointed the three deans.

#### YENTA CHRISTIAN FELLOWSHIP

No Further Meetings of the Religious Fellowship Group. Owing to Faculty Farewell party which will be given in the President's House next Tuesday, the meeting this week will be the last that the group will hold before the close of college.

Li invite the faculty community to a farewell reception in honor of Miss Gouldy, to be held on Tuesday afternoon June 10, from 4:00 to 6:00 in the President's House. Faculty Farewell Party. In accordance with time honored custom, a farewell party will be given by the Social Committee to all faculty members of our community who are leaving Yenching at the close of this academic year on furlough, or to enter other fields of activity. The party will be held in the Dean's Residence from 8:00-10:00 on Tuesday evening, June 10. You are all asked to save this date, and to come and bid your colleagues bon voyage.

#### THE BAT

On Friday evening at 7:30 in the President's Court the YENTA BAT will make its bow to the public. An energetic committee is already selling most attractive tickets, and we all look forward to a very pleasant occasion on which faculty and students may foregather together for social purposes.

#### COMMENCEMENT INVITATIONS

The invitations for Commencement are being sent out this week from the Chancellor's Office. If any members of staff have friends to whom they would like these invitations sent, will they please send the names and addresses to Miss Hague, so that they may be checked up with the official list in the office, that there may be no duplication of effort. Any names sent in will receive invitations sent from the office.

There will be no invitations sent to members of staff.

All members of the graduating class may receive three invitations each to send to their friends and relations. Women students may call for these at Dean Frame's office, and men students at the Chancellor's office.

#### PLEASE FILL IN AND RETURN THE QUESTIONNAIRE

Mr. Huang is one of our own graduates having received his B.A. from the Department of Economics in 1926, and being elected a member of the Phi Tau Phi Scholastic Honor Society. In 1928 he came back to the department as an instructor in labour problems, and while at Liverpool his special field of study will be the Labour Party.

### LAST MEETING OF THE JE NAO

All members of the Je Nao are asked to save Friday evening, June 13 for the final meeting of the year. All members are asked to attend as there will be some important matters to decide.

### ATHLETICS

Yenching made a very creditable showing in the Interscholastic Athletic Meet held in Peping a week from last Saturday, when for the second time in succession she won the collegiate championship. The meet was held on the sports field of the Fourth Middle School in the West City. Our athletes accredited themselves splendidly, winning nine first places, besides many second, third and fourth, piling up a total 71.5 points. Min Ta came second with 52 points. The first and second places for the individual championship also went to our boys, Wang Yu-chen, Freshman, who won first places the high hurdles, 200 and 400 metres, and second in the low hurdles, making a total 18 points and Huang Chih-min, Sophomore, was second with 16 points. Verevkin tied for the fourth place with 10 points. Both relay races were won by our teams. The honour of the 800 metres relay should be bestowed on Wang Ta-lung through whose brilliant dash, as he was about to be sandwiched between Shih Ta and Min Ta, regained us the leading position, lost by Davies, when he tripped, as he stepped into a starting hole at the 200 metres mark. The only events we did not get any points in were the shot put, pole vault and the distance races, 800, 1500, and 1000 metres, which were our weak point. Meiklejohn threw the discus furthest of all, 37 metres. It is a pity that we did not know that he could put the shot so well, but after the Pei Ta man had won the first place for that event, Meiklejohn took up the shot and threw it about a metre further. Wang Yu-chen cleared the high hurdles in a very fast time, 16  $\frac{4}{5}$  secs. Although we were confident of victory, we had a very serious rival in Min Ta, who with their good long distance runners, were sure of getting a number of points. Min Ta however, was disappointed, when their champion, Fan Pao-en, was beaten in the 10000 metres by a Chung Ta runner. Yenching did not participate in the Triangular Sports Meet which was arranged at Tsing Hua last week end, and only two colleges competed, Tsing Hua and Jefferson Academy. Jefferson Academy carried off the honors.

Faculty Tennis Tournament. Only three events have so far been finished. Mrs. Parr won the Ladies Singles, Mrs. Parr and Mrs. Chou the Ladies Doubles. The Men's Singles have resulted in a draw between K.A. Wee and C.F. Chou. The finals of the Men's Doubles will be played as soon as Mr. C.F. Chou returns from Tientsin, Messrs. Mei and Nash vs. Messrs. Chou and Holm. The Mixed Doubles are progressing somewhat slowly and have not yet reached the semi-finals.

Organization of Faculty Tennis Club. Despite the rain, about thirty people turned up at the picnic on Wednesday last, and so general was the desire for a central tennis club that notices were sent out next day. The committee is anxious to act this week, and would be glad if you would send in your answer to Miss Bent at once. A suggestion has been made that there are members of our community who do not play tennis, but who would like to become honorary members of such a club. If you like the idea will you please write our your ideas and send them in to Miss Bent.

PEITAIHO

Yenching Special Off to Peitaiho! Arrangement can be made to secure one third class car from Chienmen station direct to Peitaiho beach without change at the junction. The price will be one third class fare for the round trip, provided a party of the same size will return together at the end of the season. Three dates are being considered: June 13 and June 17 and June 25." Please indicate.

1. Which day do you prefer?
2. If not enough people sign up your date, will you be willing to go on the other date?
3. Give the number of your party, Adults, including servants, Children who pay half fare.

IMPORTANT

If there are more applicants, then can be accommodated in one car, we will apply the principle of "First come first served". Please communicate with Mr. Stephen Tsai or Mr. L. E. Wolferz.

A Very Desirable Cottage at East Cliff will be available for August or September, situated near the Baldwin house- quite a roomy one with three bedrooms and very convenient to the Beach. Those interested may consult Mrs. Mead about procuring it, and also Mr. and Mrs. Nash who lived in it last summer.

The office has been asked to inform our community that there are still several good three-roomed furnished bungalows to let or for sale. The rental or price is very low. June weather naturally turns our thoughts to the cool and refreshing sea breezes of Peitaiho. All suitably located houses will soon be occupied or sold. Don't delay. Particulars can be obtained through Box 123, c/o Miss Hague.

PERSONNEL

All who remember Miss Dora Demierre, who was instructor in French and German at Yenching from 1923-1925 will be interested to know that she has been appointed Principal of the Ecole Vinet in Iausanne, the leading private girls school in French speaking Switzerland. The appointment is to take effect in September 1931. Miss Demierre has just had a visit from Mr. Ritter and his father and says: "I greatly enjoy visitors from China, but how homesick for Yenching they make me feel."

Our community will be interested to hear of the recently announced engagement of Mr. H.K. Murphy, our architect, to Mrs. T.F. Carter, who visited Peking some years ago. Mr. Murphy is now architectural and engineering adviser to the National Government in Nanking. Mrs. Carter who has been visiting Ginling College is very much interested in Chinese art.
