Sage Chapel: Miss Hancock

Friday, Sept. 19

- 9:00 a.m. Ninde Chapel: Dean T.C. Chao  
Sage Chapel: Miss Cheng Shu Huan

Saturday, Sept. 20

- 9:00 a.m. Sage Chapel: Miss M. Wood  
Reception to new Faculty and Student Members: The  
Summer Palace Grounds.

.....  
YENTA CHRISTIAN FELLOWSHIP

Weekly Chapel Services will begin on Tuesday of next week. The services in the Ninde Chapel will be in charge of Mr. Ritter and those in Sage Chapel in charge of Miss M. Wood. All students, faculty and staff members and their families are cordially invited. Sunday Services. Dr. T.C. Chao will lead the University Service on September 14.

The first of the Vesper Services in English will be held the following Sunday, September 21 at 6:30, and will be conducted by President Stuart.

Sheng Kung Hui Communion Service. Through the kind offices of the Church of England Mission in Peking, the Sheng Kung Hui early morning Communion Service will be held as usual every Sunday morning.

The Junior Church in English is to be continued as it was last year. The first service will be this Sunday, September 14, at half past ten. The Sunday Kindergarten will also meet in Sage Hall at 10:30 as before. This year there is also to be a Junior Church in Chinese, but the arrangements for it are not yet completed.

COMMITTEES

The regular meetings of the following committees have been arranged for the coming year:

General Faculty Executive	Every Tuesday, 3:30	Conference Room
University Council	First Mondays 4:30	President's House
Deans' Committee	2nd and 4th Mondays, 4:30	Conference Room
Grounds and Buildings	Last Thursdays 4:00	President's House

The regular hours of meeting of the Women's College Faculty and of the Executive of the Grounds and Buildings will be announced if possible next week.

Any other bodies, (including the Compound Suppers,) which intend to hold regular monthly or weekly meetings, are requested to inform the President's office as soon as possible. Special Committee meetings are very often arranged in the President's Office and it is a considerable help to know what other meetings are being held and at what hours.

FACULTY INFORMATION CARDS

Faculty Information cards are being sent out this week, to new members of staff and it is hoped that they will be filled out and returned as soon as possible.

LATE ARRIVALS

Some new and old members of staff have been unavoidably delayed in reaching the University this autumn. Word has been received from the following members regarding their arrival:

Mr. L.C. Porter arrives at Yokohama on the Empress of Japan, Sept. 18  
Mr. and Mrs. Parr expect to arrive in Peking about September 19  
Miss Lucy M. Burt (History) will arrive some time in November  
Mr. Lloyd Free Princeton-Yenching Fellow in Political Science arrived in Shanghai September 10 and hopes to reach Peking by September 15.  
No definite word has as yet been received of Miss G. Boynton's arrival.

THE PRESIDENT'S SPEECH AT THE PRESESSIONAL CONFERENCE

A number of persons have asked if copies could be procured of the President's address at the Preseasonal Conference. The speech is being mimeographed and copies may be obtained from Miss Hague.

SOCIAL

Reception for New Members of Staff. This reception which has usually been held during the preseasonal conference was postponed this year to a latter date in order to give as many as possible of our new members a chance to be present. It will be held on Tuesday evening, September 16, in the President's House beginning at 8:00 p.m. Everybody must come and help to welcome the newcomers. The program for the evening is in the hands of Messrs. Wee and Groff, after which refreshments will be provided.

A YENCHING-MISSOURI FELLOWSHIP

A new Yenching fellowship has just been established by Missouri Botanical Garden (a part of Washington University, St. Louis). The first appointee is Li Chienfan, who took his B. S. in Jan. 1929 and has been Research Assistant at the Fan Memorial Institute in Peking since that time. The fellowship may be renewed for three years to give him a chance to get his Ph. D. He will then return to China and give part time to the Yenching Biology Department and part time to the Fan Memorial Institute. Mr. Li sails from Kobe on the Pres. Pierce on September 21. Mr. Li was known to many Yenching people outside of the Biology Department, because of his musical interests. He was active in the orchestra, the choir and the chorus. His many friends are happy at his good fortune and wish him success.

SERVANTS

Don't forget to phone Miss Bent if you need a servant, or know of one who needs a place. Mrs. C.F. Wu can recommend a very good and reliable cook for foreign food. He was formerly working with Dr. and Mrs. S.D. Wilson and he wants a job during this year when the Wilsons are on furlough. Will those interested please call Mrs. Wu for the particulars.

FOR SALE

Miss Kncantz (Yentung House 25) has a pair of carved hardwood tables for sale--size 16/48 inches. Price \$40.00. Inspection arranged by appointment.

1 living-room couch in good condition re-covered last winter \$35.  
1 Oak dining-room table--stained black--five leaves \$45.  
See L.M. Mead, 30 East Compound.

Mr. Chou Ke Cheng, c/o Department of Journalism, should be consulted if any member of staff wishes to buy a typewriter. He is acting as agent for all standard varieties.

STUDENT FACULTY RELATIONS

How would you like a Student Boarder? A graduate student in the College for Women, who hopes to study next year in America, would be glad of an opportunity to live in a Western faculty home, in order to familiarize herself with Western customs and to practise English. If any Western family could extend this privilege to the student, they are asked to communicate with Dean Frame.

MOTOR CARS

Some of our new comers may be interested to know of the motor cars on the campus which are available for use.

Mr. Holm's car may be obtained through his office in the Power House  
The Sociology Car may be obtained through the Sociology Office in McBrier Hall. After September 15 the price for the use of this car will be raised one dollar per trip on account of the increased cost of gasoline.  
Mr. Harold Chou (Chou Chen-yung) has now a Ford car which may be obtained by application direct to him.  
The President's Car is for the use of the Administrative Officers of the University, and its use for purposes other than this must be arranged through the President.  
If all else fails there are always cars to be rented from the bus garage!  
The University truck can also be rented and is a very pleasant way of spending an afternoon with student groups in the hills.

PERSONNEL

Friends of Mr. and Mrs. de Vargas living abroad will be interested to hear of the arrival of Miss Isabelle de Vargas on August 26. Mr. and Mrs. de Vargas and their small daughter will leave China at the beginning of November for furlough to be spent partly in Switzerland and partly in America where Mr. de Vargas will spend the spring semester of 1931 as visiting lecturer in Harvard University.

Mr. Walter Samuel Price arrived on September 5 weighing 7½ pounds. Mrs. Price before her marriage to Mr. Walter Price of the American Legation was Miss Ruth Alexander who came out from America in 1928 to be secretary to Dr. Galt.

Mr. Yen Ching-yueh left Shanghai on August 3 en route for Czecho-Slovakia where he will attend the International Council on Penal Reform as the delegate from China. After visiting Switzerland, Berlin, Paris and London, he will sail for New York where he will continue his research work in Sociology on scholarships from the University of Chicago and the New York School of Social Work. His address while in America will be c/o New York School of Social Work, 105 East 2nd st., New York City.

President Stuart will leave Peking on September 26 on a brief visit to Shanghai and Nanking.

Mr. Francis Chen, a graduate of last year in the School of Religion writes enthusiastically of his trip to America. He started off with the Yenching party traveling via Siberia. At Berlin the party broke up, Mr. P.C. Hsu going off to Paris, Dr. and Mrs. Parr to London, and Miss Stahl to Oberammergau. Mr. Chen stopped off in Berlin to visit an old friend who has been living in Germany for some years, and who was able to act as guide to libraries, museums, factories, schools and government offices. Arriving in New York on July 6 Mr. Chen spent the summer on an American farm entering with energy into the busy life in the fields. He has also had some interesting experiences in meeting with a group of Quakers among he found much sympathy and interest in the problems of China. In fact, he has found in all quarters this same ready sympathy and interest in China and her present difficulties. Mr. Chen is now settling down to his work in the Yale Divinity School. He sends his very best wishes to all his friends in Yenching, and hopes that will write to him often, c/o Dean L.A. Weigle, Yale University, New Haven, Conn.

Invitations to the wedding of Miss Laura Gooding and Mr. W.H. Flood have been received. The wedding took place in Ipswich, Suffolk, on August 23rd. The address of Mr. and Mrs. Flood after October 1st will be 21 Brampton Avenue, Belvedere, Kent, England.

.....  
ANNUAL PICNIC AT THE SUMMER PALACE

.....  
The Annual Welcome to new staff and student members will be held this year as usual in the grounds of the Summer Palace (I Ho Yuan), on Saturday, September 20. It will take the form of an all day picnic. All members of staff, old and new, are invited. Tickets costing 20 cents each may be obtained after Tuesday of next week from Mr. Hsieh Ching-shen of the Student Welfare Committee at the South end of the Bashford corridor. A picnic lunch will be provided, but faculty members must make their own arrangements for reaching the grounds. Everybody plan to come.

THE DOUBLE TENTH ANNIVERSARY

Holidays. Both Friday and Saturday will be observed as University holidays.

On Thursday Evening, the eve of the Double Tenth, there will be a celebration in honor of this event in which all members of our community, students faculty and faculty families may participate. At 6:45 a lantern parade will form on the South Field (the location of the old tennis courts for men students); don't forget to get your lanterns from Mr. Hsieh in the Administration Building. There will be a bonfire and fireworks and a masquerade competition in which faculty and students will take part. A special cinema will be shown later in the auditorium.

On Friday morning the official University Celebration of October 10 will take place at 9:00 o'clock in the Auditorium when speeches appropriate to this great national occasion will be delivered. In a circular notice issued by the Chancellor's Office it is understood that the holiday begins only after this occasion and members of staff are expected to be present.

YENTA CHRISTIAN FELLOWSHIP

Morning Chapel in Ninde Hall. The Ninde Hall week-day chapel committee is now organized, and presents its plans as follows:  
Tuesday mornings the topic will be some phase of the teachings of Jesus.  
Wednesday mornings there will be either a musical service or a service of pure worship without a speech.  
Thursday mornings the general topic will be "Christianity and Home Problems".  
Friday mornings there will be student leaders.  
Saturday Mornings there will be a Service in Sage Chapel.

Watch the Bulletin for names and topics. Will faculty wives especially as well as all parents and all who are members of families, please especially note that Thursday is Family Day. We wish to give a warm invitation to the faculty and staff families to attend that day particularly. Come and worship with our students. They need your spiritual fellowship and you need theirs. The time is 9:00 to 9:20, Tuesdays to Fridays.

Faculty Discussion Group. The Fellowship group which met every Tuesday evening last year in the President's House, will hold its first meeting of the year on Tuesday of next week at 8:00 o'clock in the President's House. This little group is organized for purposes of devotion and discussion. The plans for the year will be discussed at this first meeting. All members of the faculty will be most welcome to attend.

Vesper Service in English. For Sunday, October 19 we are to have the privilege of hearing Dr. Y. Y. Tsu of the P.U.M.C. at our Vesper Service. His subject will be "While Daylight Lasts".

SEMINARS OPEN TO MEMBERS OF STAFF

Through the courtesy of departmental chairmen a number of seminars have this year been thrown open to members of staff. Announcements have already appeared concerning the Saturday morning Art Lectures, conducted by Mrs. Greene, and the Monday evening lectures on "The Logic of Meaning" under Mr. Richards direction. Unless there is a change in time or place no further notice regarding these seminars will appear in the calendar. We have a further announcement to make regarding Philosophy seminars:

The Story of Chinese Philosophy. At the first session of this course last week a regular time for meeting was agreed on, namely, Tuesdays, 5:00-6:00 p.m. Room 126 McBrier Hall (end of east corridor on the right).

Students registered for credit, regular auditors and visitors are welcome. The first session was introductory. The subject proper begins on Tuesday, October 14.

A Comparison of Western and Chinese Philosophy. Persons interested in the subject and already prepared for the work will be welcomed to the advanced course, Philosophy 7-8 "A Comparison of Western and Chinese Philosophy". This seminar will meet on Wednesdays 2:30-4:30 p.m. at The Porter's Lodge, 3 Tung Fu Nan, as long as accommodations are sufficient.

THE FACULTY CONFERENCE ON TEACHING

The second meeting of the Conference was held last Thursday evening, at the home of Mr. and Mrs. Galt, and the program as decided upon for the evening was taken up, resulting in many very interesting reports of methods of teaching.

It was voted that during the autumn semester preceding the Christmas holidays the group should meet fortnightly on Thursday evenings.

4:00 p.m. College of Natural Sciences Student-Faculty Tea:  
Yen Nan Yuan

HARVARD-YENCHING SCHOLARS

Several of the Harvard-Yenching Institute scholars are now in Peking. Mr. Biggerstaff and Mr. Carl Shuster arrived last year, and Mr. George Taylor a graduate of Birmingham University and Mr. S.C. Liang who has recently been studying at Harvard University arrived in the city a few weeks ago. Mr. James Ware arrived from Paris via Suez on Monday morning, Oct. 14. More extensive information about these scholars will be given later.

VISITORS TO THE CAMPUS

CONFERENCE ON RELIGIOUS EDUCATION IN MIDDLE SCHOOLS

A conference on Religious Education in Middle Schools under the auspices of the North China Christian Educational Association will be held this coming weekend at the University. The delegates who will number about forty are invited by the School of Religion and the meetings will be held on the mornings, afternoons and evenings of Saturday and Sunday in Ninde Hall. Dr. Timothy Lew who is Chairman of the Standing Committee on Religious Education of the Association, will act as chairman of the conference, and the special guest of honor will be Professor George Betts of Northwestern University. Professor Betts will stay with Mr. and Mrs. Barbour, and other delegates will be the guests of university families.

MUSIC AND THE DRAMA

The fifth performance of the Chinese Dramatic Society and the first this term, will be given in the Auditorium on Friday evening of this week at seven o'clock. The tickets of admission will be thirty and forty cents. We cannot too highly commend the excellent work of the society last year, and would urge our new members of staff not to miss this opportunity of seeing the old classical drama of China as presented by members of our own community.

The Chorus Committee cordially and urgently requests those of the faculty who will help with the singing of "Messiah" to come to the rehearsals on Thursday evening at 6:45 in Sage Hall. Those who do not know the music depend on those who are familiar with it to help them out, so please do not make the excuse of knowing the music the purpose of your abstaining from rehearsals. Your confident singing of a familiar part will be an inspiration to those who are beginners.

and a faithful worker.

So many interesting letters from friends of the University abroad have been recently received on the campus and have been put at the disposal of the bulletin, that we venture to devote a larger space than usual in these pages to clippings from and comments on the same:

Mr. H.T. Tien writes of a very busy summer spent in Columbia University where he took two library science courses, one in College and University libraries and the other in Advanced Cataloguing. After the summer session was over he made a trip to Washington D.C., Baltimore and Philadelphia. "In the Congress-

Accordingly, the next meeting of the group will be on Thursday evening, October 16th, at 8:00 o'clock, at the home of Mr. and Mrs. Galt.

During the reports and discussion of the two meetings held thus far it has become evident that a fundamental question affecting the University teaching is, the purpose of University education. Accordingly, this subject was assigned for consideration at the next meeting, under the title "The Purpose or Purposes of University Instruction". Mr. Galt is to read a paper on this subject. This paper will present the thesis that "the central purpose of University teaching is the development of common interests in the problems of life represented by the subject matter to be considered".

Some persons have expressed interest in the Conference and the desire to attend some of the sessions, but have felt hesitant because of the fear that their attendance could not be regular. Those who are interested in organizing this Conference wish it understood that the group is quite informal and no hesitation need be felt by anyone in attending the sessions irregularly. All members of the Faculty will be welcome when able to attend, and no one will record any delinquencies against them when they are absent.

#### FACULTY WOMEN'S ASSOCIATION

Cooking Classes: Perhaps it has not yet been made fully clear that all members who are interested in the organization of cooking classes must send in their names to Mrs. Adolph as soon as possible. Quite a number have verbally signified their interest, but so far only three names have been received in writing. The classes must be organized and started at once, otherwise it will be too late for this year. So, if you are planning to attend the Chinese-Foreign cooking classes send your name to Mrs. Adolph today.

#### TENNIS

Interdivisional Tennis Next Week. The Social Life Committee of the College of Arts and Letters is taking the initiative in arranging some friendly tennis matches to be played all next week by teams representing the three undergraduate colleges and the combined forces of the Graduate Division with the administrative and office staffs. This event will, in a way, formally inaugurate play on the new men's courts and the new courts of the central faculty tennis club.

Each division will have ten teams as follows: Students men's singles, women's singles, men's doubles, women's doubles, mixed doubles; Faculty men's singles, women's singles, men's doubles, women's doubles, mixed doubles. Each team will play its corresponding team in each of the other three divisions, time and place for all such matches being arranged by mutual agreement of the players concerned.

By this arrangement, each team will play three matches (two sets out of three), making a total of thirty matches for each division, or a grand total of sixty matches during the week. The division which be judged the winner which has the highest percentage of victories. Balls for all matches must be supplied by the players. Student and faculty captains will be appointed and will be seeking participants during the next few days. It is suggested that no duplications of players be permitted on a given day (that is, one person may not play on two teams). but that substitutes of other persons on any team, may be made on any day when it proves necessary. Also, in certain categories some divisions have too many players and others not enough. In these cases, a division will be permitted to borrow players.

Associate Membership in the Faculty Tennis Club. It is the hope of members of the central faculty tennis club that their grounds and future club house may become a social community center in the late afternoons as well as a place for recreational exercise. The little house now used by the landscape committee will be fitted up as a simple club house in which or from which tea will be available. The club is also cooperating with the landscape committee in the beautifying of the surroundings of its new courts.

Both of these items and similar projects require finances which strain the resources and credit of the tennis club which also undertakes to supply a caretaker for the courts, balls and ball boys. For reasons both of finance and fellowship therefore, the tennis club will welcome the enrollment of associate (non-playing) members from the faculty and staff. The fee for such associate members is any annual contribution to our expenses which you may feel willing and able to make. Three persons have already taken out such memberships.

#### "JE NAO"

The first meeting of the Faculty Dramatic Society will be held as announced on Thursday evening, Oct. 9, at the home of Mr. and Mrs. Nash. Members are asked to note, however, that in our desire to cooperate in the Double Tenth Celebration which is to be held the same evening, our society will meet a little later than usual, 8:45, in order that all members may take part in the lantern parade which is scheduled for 6:45. Those energetic and publicspirited members who will make an effort to attend both of these gatherings will have to squeeze in their half hour for dinner somewhere either before or between these events. Special colored lanterns have been ordered and will be distributed to Je Nao members at Mr. Porter's house, on arrival at 6:45.

#### THE READERS FORUM

This week our pages are enriched by contributions from two of our readers. We hope very much that this new section of the bulletin may become of meeting ground for thoughts and suggestions regarding our community life which may be of some value to us.

The Constructive Critic would welcome a practical suggestion from someone for a method whereby dead and out-of-date notices could be removed promptly from the various bulletin boards of the University, public and private. The effectiveness of announcements of future meetings and of matters of moment is greatly limited by the visual competition of stale material. The distressing unsightliness of our bulletin boards at their best would be alleviated somewhat if all papers were removed as soon as their usefulness is ended.

#### "The Constructive Critic"

Dear Editor and Fellow Yenching Readers of the Y.F.B. Would there be any value in adding to the Y.F.B. a new section wherein the readers could make general suggestions or criticisms directed toward increasing the vitality and value of our common life? May I ask a question of all our readers? It is this. Do you know what you miss by not attending Memorial Assembly on Mondays? Each week some phase of University life is reported on. What do you know of the other departments of the academic or administrative organization of Yenching? Would you like to be better acquainted with the University as an organic whole? Face to face meeting each week with a majority of the staff and the student body would be a real inspiration to all. Are you not missing a chance to make possible that inspiration?

Yours truly,  
"Kuang".

We would reply to "Constructive Critic" and "Kuang" that we are delighted to hear from them at any time and from any other members of our community who may have similar food for thought.

- 4:30-6:30 p.m. Tea for Tsing Hua faculty and their wives:  
The President's House

FUTURE DATES FOR YOUR CALENDAR

Thursday, Oct. 30

- 4:00 p.m. Meeting of the Grounds and Buildings Committee:  
The Conference Room
- 4:30 p.m. University Lecture: McBrier 103  
Speaker: Dr. Warbeke  
Subject: "A modern Interpretation of Art".
- 8:00 p.m. Faculty Conference on Teaching: Dr. Galt's House  
Subject: "The Purposes of University Instruction  
with Special Reference to Yenching".

Friday, Oct. 31

4:30 p.m. Tea for students and faculty of the College of Public Affairs: The President's House.

#### YENTA CHRISTIAN FELLOWSHIP

Vesper Service Church Meeting. Following the service on Sunday attendants as Vespers are asked to remain a few minutes to discuss and decide a few items of business connected with the services in English.

#### LECTURES AND CONFERENCES

On Thursday, October 23 Dr. Kenneth Saunders B.A., D.Litt. will give two lectures at the University, one in the afternoon under the auspices of the University Lectures Committee at 4:30 in McBrier 103 on "Ghandi and Kagawa", and one in the evening under the auspices of the School of Religion in Winde Hall at 8:00 p.m. on "Buddhism". The evening lecture will be illustrated. Dr. Saunders is a graduate of Emmanuel College, Cambridge. He has been connected for many years with literary work of the Y.M.C.A. in India, and for the last ten years was professor of comparative religions in the Pacific School of Religion at Berkeley, Cal. He has made a special study of Buddhism, has written and lectured widely on this subject. On Thursday, October 30, Dr. Warbeke will give the final lecture of the series which was interrupted some weeks ago by his illness. His subject will be "A modern interpretation of Art". This will probably be our last opportunity of hearing Dr. Warbeke as he and Mrs. Warbeke will be leaving Peking shortly.

The Faculty Conference on Teaching. The conference was held at the appointed time last Thursday evening. After the reading of Mr. Galt's paper there followed a most interesting discussion on the purposes of university teaching. It was agreed that the subject demanded further consideration and that therefore the subject for the next conference should be: "The Purposes of University Instruction, with special reference to Yenching". A "steering committee" to direct the further activities of the conference was elected, consisting of Mrs. Nash, and Messrs. Adolph and Galt. The next meeting of the conference will be held on Thursday evening, Oct. 30.

#### SCIENTIFIC CONTRIBUTIONS

We have received the following note from the Department of Geology and Geography:

"While recognizing that no one, least of all an editor, would be so foolish as to read any of our scientific contributions - unless perhaps the proof-reader and, in a fit of forgetfulness, maybe the author - we can at least do our little to pad out your excellent pregnant periodic paragraphs by giving the names of three more ewe-lambs that have appeared lately through the doors of this department, to wit Scientific Contributions

- No. 29 "The Paote and Chingshui Physiographic Stages and their significance" (Bull. Geol. Soc. China)
- No. 30 "Peiping Artesian Field" (Jour. Assoc. Chin. Am. Eng.)
- No. 31 "Rock-bottom in Society and Politics" (Chinese Soc. and Political Sc. Review)
- No. 32 (We note that since we began to write the paragraph two more tails have appeared through the door-apologetically) "Further Data regarding deep wells in the Peking Area" (Bull. Geol. Soc. China.)
- No. 33 "Origin of the Bedford Augen-gneiss" (American Jour. of Science).

Reprints are available by application to the Department."

FURTHER CHANGES IN THE BUS SERVICE

Because of the large number of faculty members and students travelling between the University and the city during the week-end and holidays and in order to enable the Bus Company to have enough cars at both ends of the service half an hour before the starting time, the following change of time will be made effective this Saturday, October 25th.:

- 1) The 9:30 bus service in the morning from the city will be changed to 9:00.
- 2) The 4:00 bus in the afternoon from the city will be changed 4:30.
- 3) The afternoon service at 3:00 from the University will be changed to 3:30.

Since there are also passengers leaving the bus at Hsi-chih-men, the Bus Company finds it quite inconvenient to check the tickets. It has been decided to allow the Bus Company to collect tickets at the end of the trip instead of upon entrance into the bus as previously announced; but tickets are still to be sold in advance.

SOCIAL EVENTS

Je Nao. Members of the Je Nao are reminded that there will be a meeting on Friday of this week which will be in charge of the "aces". The cast of this performance is apparently a large one, and Mrs. Henry Chou has loaned her house for the occasion.

The Campus and Southwest Residence Group will hold their first Compound Supper at 6:30 on Monday, October 27 at Mrs. Frame's residence.

Graduate Division Social Meeting. A meeting for Graduate Group Fellowship will be held on Thursday evening, Oct. 23rd from 7:30-9:30 in the President's House.

Tea for Tsing Hua guests. The faculty of Yenching University will be at home to the faculty of our sister institution, Tsing Hua, on Wednesday afternoon, October 29 from 4:30 to 6:30 in the President's House. All members of staff and their wives are asked to reserve this afternoon and to help in the entertainment of our guests.

Tea for the College of Public Affairs. All members of the college faculty and students, will meet together for tea on Friday of next week at 4:30 in the President's House.

The Regular Sunday Natural Science Tea will be held at the home of Dr. and Mrs. Y. M. Hsieh on October 26. These occasions are proving to be very pleasant ways of getting acquainted with our students. All faculty members of the College are cordially invited to be present whenever they have time.

DEPARTMENT OF PHYSICAL EDUCATION

One hundred percent participation is the policy initiated by the Department of Physical Education in its program of intramural athletics for the present term of school, according to the chairman of the department, K.A. Wee. All sports are being encouraged, and both football and basketball play among the interclass teams and interunit teams are now in progress. Ground facilities are rapidly being completed in order that a more extensive schedule may be realized, and that a larger number of students may take part in athletic competitions.

Three fields for the playing of athletics are now ready. Hamilton Field, located next to the Warner Gymnasium, and on which field competitions will be centered with the completion of construction of the gymnasium, has a foot ball field, which will also be used for field hockey in its season, a volley ball court,

a basket ball court and a 400 meter track. The track has a 100 meter straight-a-way. Central Field, which has been made possible for tentative use through the permission of the Landscape committee and the Department of Education, has ten student tennis courts, two volley ball courts and two basket ball courts. The tennis equipment for this field was moved from the grounds previously used for tennis play near Fan Fu An. South Field, the field formerly used for tennis courts, has been reworked, and makes an ideal football field. During the interim between the present and the final construction of the gymnasium both inter-class and inter-collegiate football competitions will be held on this field.

Organization and Administration. The organization and administration of the intramural competitions are in charge of the Inter-Class and Inter-Unit Executive Committees. These committees are composed of 7 and 8 members respectively. Mr. Ku Chih An, instructor in the Department of Physical Education is in charge of all athletics and is a member of both these committees.

Inter-Class Executive Committee		Inter-Unit Executive Committee	
Freshmen	Mr. Pan Chih Lin	1st Unit	Mr. Hsia Jih Hua
Sophomore	Hsiung Jung Ch'ao	2nd Unit	Mr. T'ang Te Ch'eng
Junior	Mr. Huang Chen Hsuan	3rd Unit	Mr. Chen Tsung Jen
Senior	Mr. Lin Ch'i Wu	4th Unit	Mr. Lin Chao Yung
Post Graduate	Mr. Chen Tsung Jen	5th Unit	Mr. Wang Yu Chen
	Chairman	6th Unit	Mr. Ho Hsien Ch'eng
Short Course	Mr. Huang Chen Hsin	7th Unit	Mr. Samuel Groff

Faculty 35--5th Unit, 8. With the alacrity of veterans and the speed of demons the faculty basketball team pounced upon the fifth unit in the first game of their schedule last Friday and passed them up in scoring like a freight train does a tramp--ringing up 35 points to 8.

Before the blowing of the initial whistle the odds seemed to be in favor of the students who were young and trained in the handling of the ball, in contrast to the faculty, clumsy, unexperienced and unexercised in the sport of basket ball. The faculty team looked a bit out of place on the court. But in less than a minute of play the faculty had slipped the ball in the basket for the first two points.

From that time on the faculty, with the advantage of height and size, ran wild, and every time the ball fell in the hands of Wee another two points was almost assured for the faculty. Biggerstaff at 'centre' played an encouraging game, and Nash at forward, even the luck was against him when it came to hitting the basket, was an invaluable man on the court. Matt Taylor, the Princetonian, and Huang Hsien Ju played nobly at the guard positions. And to see Lucius Porter play is well worth the price of admission. Groff at forward was responsible for four points. The climax of the whole game, as far as the spectators were concerned, was in the third quarter when Sanderson, who had touched a basket ball for the first time in his life that afternoon, scored a field goal, ably assisted by his brother-in-law, Louie Holm.

The faculty team was cheered on by a large group of faculty members and faculty wives on the bleachers. The next game of the season is scheduled to be played on Friday afternoon of this week on the Central Field at 4:30. Their opponents in this game will be the First Unit, and a tough but interesting game is expected.

OF GENERAL INTEREST

Faculty Book Club. There was a very slim attendance at the meeting of the Faculty book club last week. This, however, may not denote any lack of interest in the club, but merely a general lack of interest in attending meetings and an supreme expression of faith in those who are responsible for the selecting and purchasing of the books. Mrs. Porter, Mrs. Wilson, Mrs. Chou and Mr. Mead were empowered to carry on this good work and they would most earnestly request that members send in their suggestions as to the books they would like added to the shelves this year, before Monday afternoon, when they will meet to make out the order list. Members who have recent book reviews might do well to send these to Mrs. Chou marking any books they think worthy of attention. An even more urgent request is that members send in their dues (\$5.00 Mex) so that the committee may have in hand the wherewithal to pay the bills.

Have you any old Christmas Cards? The workers in the Ching Ho Experiment Station would be very glad to have old Christmas cards for use in their children's clubs and play hour. If you have any will you please send them to Miss Dora Bent or to Mr. Wan Shu-yung.

Scholarships. Each year the Frances J. Goodridge Memorial Honor Scholarship is awarded to that member of the Women's College, who in her three years of study at Yenching, has attained the highest grade ratio in her class, and has also made a real contribution to the cooperative life of the Institution. This year it is a pleasure to announce that this honor scholarship of \$250 L C is awarded to Miss T'an Ch'ao Ying. Two other students who also have contributed much to the college life, and whose grade ratios are very close to that of Miss T'an, have received honorable mention and an honorarium of \$175 L C each. They are Miss Tso Te Chen and Miss Ho Chen I.

Christmas Sale. There will be a sale of Cross Stitch and Handkerchiefs and other things suitable for sending away for Christmas presents on Tuesday, October 28th, from 3 to 6:30, at Mrs. Mead's house 30 East Compound. Prices reasonable and quality first class. Come early and avoid the rush!

For Sale--A 10-horse-power, 4-cylinder English roadster by the name of Wolesley. The automobile has just been repaired and repainted, has a self starter, a rumble seat, is in excellent condition and is a very economical car to run. A bargain at \$600. See Sam Groff if you are interested.

THE READERS FORUM

Make an Alarm Clock of Whistle The Constructive Critic suggests to whatever powers there be which control such things that it is desirable to have the power house whistle blown at 7:30 a.m. instead of high noon. We could then all set our time-pieces together and most of them will keep sufficiently good time for at least 15 hours that all such excuses for lack of punctuality would be taken away. The securing of a common time at midday is received some hours after it is most needed. If half past seven is not desirable because the exact time is obtained from the city just at that moment, the whistle could be sounded at 7:45. This would be an excellent final warning for all those unfortunate souls, students and faculty, who have 8 o'clock classes; it is just barely possible that the sound might serve some of the more fortunate as a daily alarm clock.

(signed) The Constructive Critic

More About Committee Meetings. The undersigned is inclined to think that the Constructive Critic has a more pregnant suggestion than A Questioner for improving committee meetings in his suggestion that they be held at other times than the late afternoon. Half the folks who attend would prefer to be elsewhere; all members, as a rule, are fagged mentally. These conditions do not make for conciseness of thought or incisiveness of speech.

Nevertheless, on the assumption that it is as hopeless to expect a change of time as it is to hope for a diminution in the number of committee meetings, there is much additional to be said along the lines of Questioner's Query. Though I thought he said too much, I'm probably on my way toward saying more. For instance:

1. A prompt beginning, no matter if only the chairman and one other are present would be a welcome innovation. It is decidedly unfair to those who have a conscience on the subject of punctuality to make them wait round while the stragglers straggle. The strict observance of this rule by chairmen would soon greatly improve our habits in this regard since, as the Misleader recently observed, folks come late because they know they'll really be on time.

2. Agendas which contain only catch words for the chairman are an unjustifiable wear and tear on the typewriters and mimeographing machines. The Questioner's suggestion of a little prior ratiocination on the part of the chairman, while a counsel of perfection, is sound. The trouble is that chairmen, as a rule, call committee meetings, in the main, because the rambling discussions cause him or her, as the person really responsible, to get some systematic thinking done on the subjects in hand while the others talk.

3. Carrying the proposal of thought-out propositions in advance of the meeting a step further, I should suggest that wherever possible two distinct and highly specific motions at opposite poles of any possible controversial theme be written out before the meeting and a copy of each placed in the hands of the members in advance with the request that they come to the meeting with at least some of their thinking already done so that they will not find it necessary to think out loud for several prolonged periods during a meeting.

4. It is important that these propositions be in written form since most persons are either visually minded or have short memories; consequently, much wasteful discussion is indulged in because speakers have not clearly formulated in their minds what the point is to which they are speaking.

5. All agendas, whether catchwords or resolutions, should be ranked in order of the importance and urgency of the matter to be discussed. Finally, it would be a great boon if all faculty members were forced to read Roberts' Rules of Order, and if certain bodies, notably the Council should operate under a cloture rule instead of emulating so consistently the United States Senate.

Somewhat Hopelessly Yours,

A Commentator.

Success and Suggestion. Has there been in recent years at Yenching such immediately successful results as have followed "The Constructive Critic's" suggestion about removing dead matter from the Bulletin Boards? The record must have been a light stained sheet that has graced (sic) a McBrier Bulletin board for fifteen months. Some boards stand positively bare for days on end. Perhaps Yenchinians will eventually habituate themselves to read small and neat notices. By the way, why not date every notice? Then even the signer of it may remember how long it has passed its day of usefulness.

NOTES FROM THE PRESIDENT'S OFFICE

The Board of Managers met on Monday, October 20, and took several actions of general interest all of which were unanimously adopted. The first one concerning the School of Religion is as follows:

"The question having arisen in connection with the communication from the Ministry of Education as to the relation of the School of Religion to the University as a whole, Whereas the School of Religion as organized for graduate study and special courses has never been registered, there seems at present no possibility of registering with the Ministry of Education, Whereas there is a Department of Religion as an integral part of the University, Whereas it is the considered opinion of the Chancellor, the Dean and the majority of the faculty of the School of Religion that the interests of the School of Religion can best be promoted by the segregation of the School of Religion and its removal to the site adjacent to the University campus, The Board of Managers approves. The Board of Trustees that steps be taken looking forward the removal of the School of Religion to a new site joining the University campus; And furthermore, would urge that every effort be made to preserve and foster the most intimate relations between the faculty and students of the School of Religion with the formal and informal life of the University.

..... Such action and recommends to  
.....

The second action concerns an agreement between the University of Nanking College of Agriculture and Forestry and our University. The suggestion for this and all the details were first conceived and proposed by our own administration as what seemed to us the best way in which after our experience of the past few years the assets which we have could be used in the effort to improve the conditions of the peasant farmers of North China. The proposals were accordingly made to and approved by both the Famine Fund Committee in Shanghai and the Nanking faculty, and we can look forward hopefully to the conserving of what has been built up in the past and more fruitful service in the future to the farmers of our region, as well as to pleasant cooperation between these two institutions. The text of the agreement is as follows:

Agreement between the University of Nanking College of Agriculture and Forestry and Yenching University.

1. The University of Nanking, College of Agriculture and Forestry, undertakes to conduct on behalf of and in the name of Yenching University the Agricultural Experiment Station belonging to the latter, with complete control of its Agricultural Experiment Station land, financial resources and other assets. Budgets and reports covering the fiscal year ending June 30 shall be rendered annually to the Board of Managers of Yenching University.
2. The operations will be limited, at least for the immediate future, to crop improvement.
3. The University of Nanking, College of Agriculture and Forestry, will secure the approval of the President of Yenching University before making any final decisions that affect the general administrative and property interests of Yenching University.
4. Yenching University is not to be financially obligated except in the use of funds designated for agricultural work or receipts therefrom.
5. All staff appointments shall be made by University of Nanking, College of Agriculture and Forestry, for temporary or permanent residence at Yenching University and shall be treated by the latter as visiting staff members of the rank held in each case at the University of Nanking.

6. The above Agreement may be terminated by either of the two institutions upon previous notice of twelve months, and a mutually satisfactory adjustment of property and other issues involved, provided that additions to property and equipment necessitating the expenditure of funds beyond the regular income and resources of the Agricultural Experiment Station involving later adjustments shall not be made without the action of the Board of Managers of Yenching University or its Executive Committee.

7. This Agreement is to become effective immediately upon the approval of the Board of Managers of Yenching University, the Dean of the University of Nanking, College of Agriculture and Forestry, and the China Famine Fund Committee.

8. In view of the decision to limit the experimental work at Yenching University to crop improvement, it is expected that the Animal Husbandry and Horticulture already developed be provided for elsewhere so as to conserve the original objectives.

9. It is expected that in effecting the transfer of responsibility described above the University of Nanking will as soon as possible place a properly qualified person in residence with authority to assist in the reorganization of the Experiment Station on the proposed new basis.

.....

Third action was an incorporation of certain changes made by the Board of Trustees in the Plan for Pensions for our faculty members as recommended by the Board of Managers at their meeting last June. The variations involved quite a bit of technical comment which need not be supplied here, but copies of the action are available at the President's Office. In general the scheme as it is now being perfected guarantees that arrangements be made for adequate protection in old age and emergencies of both Chinese and Western members of the staff, and thus carries into effect the essential purpose in the original proposals.

PERSONNEL

Mr. S. D. Wilson sends to bulletin readers his new address for the winter months: apartment 2a 5802 Maryland Avenue, Chicago, Ill.

Mr. and Mrs. de Vargas will leave Tientsin on Sunday on their voyage home via Suez. Their address during their furlough will be 10 Boulevard des Tranchees, Geneva, Switzerland (VIA SIBERIA)

Our congratulations to Mr. and Mrs. Gideon Chen on the birth of a son, to Mr. and Mrs. Chang Hun-chung on the birth of a daughter and Mr. and Mrs. Cato Young on the birth of a daughter. All of the College of Public Affairs.

.....  
YENCHING CHRISTIAN FELLOWSHIP

Following the Vesper Service there will be a short church meeting to elect a treasurer for this session and to discuss a few items of business among them the question of holding the Vesper Service in Sage Chapel instead of Minde Chapel. The chaplain regrets his inability to arrive last Sunday in time to chair the meeting at the time originally announced.

Vesper Service, Nov. 9. Dean T.C. Chao will be the preacher at Vesper Service on November 9. His subject will be "Jesus the Teacher", an English version of the great sermon preached in Chinese to the Religious Educational Conference.

The Sermon Dissection Discussion Group will meet again this Sunday, after Vespers in the Music Room of Winde Hall. It is suggested that all who wish to come bring sandwiches so that the group can sup together without having to hurry away elsewhere for meals. Tea will be served.

#### THE WOMEN'S ASSOCIATION

The Women's Association has settled upon the following days for its regular meetings:

Meeting of the Association: 3rd Tuesdays, 4:00 p.m.  
Cooking Classes: Every Monday, 3:00 p.m.

#### DEPARTMENT OF MUSIC CONCERT

On Friday evening, November 14th we are to have the pleasure of enjoying a concert by Mr. Benjamin C. Ch'en of Northeastern University, Mukden. He is a lyric tenor and those who have heard him sing have nothing but the highest praises for the fine quality of his voice and for his unusually fine interpretation. He is the brother of Miss Ch'en I of our Home Economics Dept. He studied for several years in Philadelphia and New York City and sings with finesse. Assisting in this concert will be Miss Adeline Veghte, pianist and Mrs. E.O. Wilson, contralto, both of the staff of the Department of Music. This is the first of a series of concerts arranged by the department during this academic year. A violin program will follow during December. The price of admission has been put at forty cents in order to attract a large audience. It is hoped that the students and faculty will take advantage of this opportunity to invite their friends to enjoy this music.

#### COMMUNITY CHEST NOTICE

All organizations who wish to get grants from the Community Chest are asked to send a representative to meet with the Committee in charge on Friday, Nov. 7th, from 4-5 p.m., at Mr. Wiant's house, South Compound. The representative must bring the budget for this year, and an audited account of last year, of the association that the represents.

#### NEW DIRECTOR OF STUDENT WELFARE

Mr. K.Y. Ma has accepted an invitation to act as Director of Student Welfare for the remainder of the present session taking charge of loans, scholarships and self-help. Mr. Ma is a native of Ningpo and was for some years general secretary of the Y.M.C.A. in Hangchow. He will begin his duties on arrival about the first of November, but will not bring his wife and children to Yenching until some time in the spring.

#### NOTES FROM THE REGISTRAR'S OFFICE

The Registrar regrets to have to remind you that test paper is supplied by the University through the Registered Office for purposes of tests and quizzes only. Exact number of sheets will be given to instructors according to request. Orders by the thousand from departments have recently been received. It does not seem to be in accordance with the present practice to comply with such requests. Unless this item in the budget is phenomenally increased, the Registrar's Office needs your cooperation in observing strict economy. You are further reminded that the test paper is to be written on both sides.

COLLEGE TEAS

The Regular Weekly Natural Science College Tea on Sunday, Nov. 2 will be held at Miss Boring's home, 11 Lang Jun Yuan from 4:00-6:00 o'clock. This week it will be preceded by a special pre-medical gathering from 3:00-4:00. Come and see the garden in its autumnal beauty.

The College of Public Affairs will be at home to all its members in the President's House from 4:30-6:30 on Friday afternoon, Oct. 31.

THE READERS FORUM

Compound Suppers. Is there no genius in our midst who could coordinate the dates on which our compound suppers are held? Perhaps we prefer to be individualistic and a law unto ourselves, but surely in this busy community where free evenings are so hard to find, it might be an advantage to have these gatherings, take place at the same time. Other regular activities affect all the compounds equally, so whatever day is chosen should be equally convenient, or inconvenient as the case, may be to all concerned. Could not the compound chairmen take the time to meet together and decide this question to the satisfaction of all?

Return-Borrowed-Books Day. Since the great Sage of China laid such great stress on the proprieties, would it not be fitting to set aside Confucius' birthday or some holiday as return-your-borrowed-books day in Yenching? The writer happens to know that certain persons with more than ordinarily attractive libraries and unusual kindness of heart have books scattered all over the community, some of which have been away from home for a long, long time. The creation of a conscience on this subject might be a desirable side-line activity for the Faculty Book Club.

"Levitas."

-----  
Letting George and Georgette Do it. The Constructive Critic has long believed that the idea that some folks just naturally have initiative and others have not can be, and usually is, abused. Responsibility for the promotion of activities, both official and community, is concentrated in the hands of too few persons while far too many never assume or accept leadership in anything. It might be wholesome if the "initiators" would all go on strike for a semester and let the followers either start something or go without their favorite activities for a term.

Since this is a "pipe dream," the next best thing is to make the quite reasonable request that the rank and file feel a responsibility for the movements in which they participate similar in kind and approaching in degree the internal compulsion which actuates the person or persons whom we have delegated to take the lead. We remember in college how one person used to arise in chapel at frequent intervals and harangue us on loyalty to the Sunday School though he himself never went near Epworth League or the evening church service. Not infrequently, he would be followed by another who would plead with us to support the Epworth League though he himself stayed in bed until noon on Sundays. There are some folks like that in Yenching.

Six O'clock Electricity. One wonders if there is any saving to the university by not lighting unnecessary electric bulbs? It is odd to see rows of road lights struggling at 6:00 a.m. to outshine the spreading dawn glow. The east row of lights in the Women's Campus and the line along the Ridge Road from Sage Hall east, are often burning at that early hour with the lakeside lights occasionally keeping them company. The windows of the Men's Dormitories glow like those of a busy factory at that hour altho a hasty glance into ground-floor rooms fall on calmly sleeping students. One wonders!

"Observer"

Committees Once More. It is a curious thing that Yenching habits for committee meetings at the end of the afternoon when heads are fagged ~~after~~ the regular work of the day, and bodies long for change and recreation. Is it quite impossible to put the regular meetings of important administrative committees and official bodies at some morning hour when minds are clear and energies untapped? More business in less time and better done would be an end for which considerable sacrifice might well be made.

#### FOR SALE

For Sale: An army tent large enough for six persons, a two drawer file, a set of dishes, a 1908 edition of the New International Encyclopaedia, a 1912 Unabridged Webster's Dictionary. See Bliss Wiant.

#### PERSONNEL

Mr. Tsao Yi left on Monday afternoon on a month's trip to visit alumni centres in Tientsin, Tonghsan, Changli, Chingwentao and Shanhaikuan.

The Pomona Students Expedition send through Mr. Chuan their best regards to Yenching and thanks for the kindnesses shown to them while they were here.

Our best wishes to Mr. and Mrs. K.C. Hsiao of the College of Public Affairs on the birth of a daughter.

Mr. Chienfan Li writes to the bulletin from the "S.S. President Pierce" as it nears the shores of America. He is traveling to St. Louis, to continue his studies in Botany on a fellowship granted by Washington University. On the way to Japan he made friends with a young Japanese fellow traveler, and they discussed many social and political problems of their respective countries. Mr. Li visited friends in the Imperial University in Kyoto, and inspected various laboratories in connection with his special field of studies. We conclude from his comments of his experiences on the "President Pierce" that the weather was very rough, but his letter concludes with the remark that they are nearing port, "Busy and happy".

#### FACULTY, 39--FIRST UNIT, 20.

The world seemed black indeed for the faculty hoopsters in the first quarter of the Faculty--First unit basket ball tilt last Friday afternoon on the Central field court. But when the "speed demons" were able to coordinate on a definite plan of cooperation, they again pulled the freight train stunt and slashed off another victory in the present competition to the score of 39 to 20.

At the end of the first quarter the score stood 14 to 2 in favor of the student. Every dog has his day, though, and with the blowing of the whistle setting the players in motion for the second quarter the faculty began an aerial attack, and with passes from one end of the court to the other the score mounted to 15 to 16 at the end of the half--still in favor of the students.

The availability of substitutes, the minuteness in size of the first unit forwards, the experience of the previous game, a better eye for the basket, and the continual applauding on the sidelines proved to be huge advantages on the side of the faculty, and the third quarter closed with the score standing at 26 to 20 in favor of the faculty. The first unit were unable to more than touch the ball in the final quarter, while faculty scorers ran wild, resulting in a decisive victory for the wearers of the yellow jerseys.

The next game will be between the faculty and the third unit, scheduled for this coming Friday afternoon on the Central Field courts to begin at 4:30. All faculty members are invited, as this match will determine the winners of Division one of inter-unit basket ball play.

YENTA CHRISTIAN FELLOWSHIP NOTES

IMPORTANT. Vesper Service change of Location. by vote of the congregation the Vesper Services on Sunday during the month of November will be held in Sage Chapel. All students and faculty alike who wish to worship through the medium of the English language are cordially welcomed to the service. The beauty and intimacy of Sage Chapel will add to our sense of worship.

The Sunday afternoon Service. Hereafter the service of worship each Sunday afternoon at three o'clock will be conducted not for workmen and servants only; but all members and friends of the Christian Fellowship will be cordially welcomed. It will be held in the Ninde Chapel, as formerly, and is especially planned for any who appreciate a simpler and more informal service than that held on Sunday mornings. We shall continue to welcome workers and servants, and shall also be glad to see any others who care to attend. An attractive Service is being planned, with Mr. Ma Ch'ing-hsuan, a student in the School of Religion, in charge. In this connection it may also be announced that Mr. Li Jung-fang has consented to act in a pastoral capacity for the "worker friends". If any employers know of anyone in need of pastoral sympathy or help, please notify Mr. Li; and he will be glad to call.

#### YENTA RELIEF FEDERATION

At the beginning of last winter a few of us got together to discuss the question of relief work and the help which was already being given to the poor people in the district immediately around the University. Out of these discussions sprang the Yenta Relief Federation whose purpose was "to co-ordinate all the relief agencies in the University, and to work together for the relief of the poor families in the University neighbourhood, and to prevent poverty." The work is carried on under three divisions: the investigation department who last year made a study of budgets; the emergency department, and the family case work department.

During last winter 57 cases, including 172 persons were referred to us. In many instances where there was sickness we gave food or clothing, and sometimes money; but whenever possible we tried to find work so that the people could earn money to support themselves. In co-operation with the University six men were employed on re-making the road outside the east gate of the Campus, and this winter we are again hoping to find means to employ those who cannot keep themselves during the long hard winter. The men want coclie work, and the women can do quite plain sewing. You can help us by giving us work of this kind.

At this time of the year we should also like to make a special appeal for gifts of old clothing, or old material which could be made into quilts, children's garments, etc. If you can give us such help will you please send in your name to Miss Pan Yu-mei who will make arrangements for collection.

During our enquiries last winter we came across many sad cases - old ladies who, as far as we could find out, had no relatives whatever, and no one to look after them. We helped them as far as our funds would permit, but we knew that something different ought to be done. About this time the Jan Tien Ch'ang Kung Ch'ang informed us that they had a house in Haitien, and we conceived the idea of putting this house into shape, and making of it an Old Ladies' Home. The house has been repaired with money given to us by the Kung ch'ang, and we are about ready to put into it not more than ten old ladies. The cost of keeping one old lady for one year will be \$50. We know you have many claims on your purse, but perhaps you could interest your friends at home in this new project of helping to bring a little comfort to these forlorn women. An energetic committee is at work with Mrs. Ritter as chairman and Miss Hague as secretary-treasurer, and three students to do the actual running of the home. They will be glad to give you any information, and will be very grateful for any help you can give.

#### PHOTOS OF THE CAMPUS

The New York Office is writing for enlarged photos, colored or sepia, of the campus. If any members of staff have photos which they think might be used in America in connection with the campaigns for money, the President's Office would be grateful for the loan of the films. The enlargements are prepared out here. We already have a plentiful supply of pictures of "athletics", but pictures of buildings, scenes on the campus, and especially of students in connection with their classroom activities will be most welcome.

NOTES FROM THE COMPTROLLER'S OFFICE

English Mimeographing. The work of the English Mimeographing office will hereafter be in charge of Mr. C.P. Pao. All members of staff who wish to have such work done are asked to consult with Mr. Pao in room 127 at the north end of Bashford Hall.

Change of Route of the University Bus. In accordance with requests from both faculty and student members, the Committee on Transportation is making arrangements to have the bus route into town changed to run via the Hsi Tan Pailou; the route covered on the way out to remain as formerly. If any members of our community feel that this change is not a convenient one they are asked to inform the authorities before Wednesday, November 12; students to inform Mr. Lin Yueh-ming and faculty members Mr. Hung Chen-hsun of the Comptroller's Office. If the majority are in favor, the new plan will become effective on Friday November 14.

NOTES FROM THE DEPARTMENT OF MUSIC

Victrola Records. The Music Department seeks the help and cooperation of all those who own records for Victrolas and similar instruments. We are planning to give some concerts using these records as the background and would therefore greatly appreciate knowing the repertoire which the whole community combined can offer. Will you then please send in to the Music Department a list of the good records you may have which you would be willing to loan to the department for such use. We would also appreciate having this record for use in the course "History and Appreciation of Music".

The Chorus. At the last meeting of the Chorus the question of the date and time of meeting was again opened and discussed. Those in favor of having Thursday evenings at 6:45 were in the great majority. We need faculty cooperation very badly. This is a community organization which renders unique service. Plan your social engagements so that they will coincide with the meeting of the Chorus. Conflicts may easily be avoided by thoughtful planning in advance of dinners and parties, etc. The Chorus offers one of opportunity where the whole group of faculty and students meet on a common plane for enjoyment and recreation. Are you taking advantage of this opportunity?

The program for the concert provided by the Music Department for the whole community on Friday evening, November 14th at 8 o'clock in

Bashford Auditorium is as follows:-

Where'er You Walk.....Handel  
So Sweete is She .....Old English  
On the Banks of Allan Water.....Old English  
Come and Trip It.....Handel.

B. Chih Ch'en

Ich kann's nicht Fassen, nicht Glauben...Schumann  
Sapphische Ode .....Brahms  
Der Erlkönig .....Schubert

Mrs. E.O. Wilson

Suite Opus 1 .....Eugene d'Albert  
a. Allemande  
b. Gavotte  
c. Musette

Miss Adeline Veghte

O Mistress Mine.....Quilter  
Now Sleeps the Crimson Petal...Quilter  
Goin' Home (New World Symphony)Dvorak  
Duna .....McGill  
Blow, Blow, Thou Winter Wind...Quilter.  
Mr. Ch'en.

Tickets for this concert are on sale at the President's Office. Plan to have your city friends out for the week end to enjoy this program. This is the only concert that Mr. Ch'en will give so it is their only opportunity of hearing him.

SOCIAL AFFAIRS

Compound Meetings. The following compounds and groups have arranged their regular monthly meetings:

South Compound; the last Tuesday of each month,  
East Compound: the fourth Monday of each month  
Lang Jun Yuan: the first Thursday of each month.

The Natural Science College Tea for Sunday, Nov. 9 will be held at the home of Dr. T.H. Chen of the Mathematics Department at his home, 2 Chun Chi Ch'u, Haitien from 4:00-6:00. Ask the gateman at the South Gate, (near the garage) how to reach this place. It is really nearer to the campus to the south than Lang Jun Yuan is to the north.

GENERAL

A young lady teacher of French and German at Tsinghua University would like to know if there is any faculty family at Yenching where she might board for the winter, either for four days during the week or for the whole week. For further details please apply to Miss Hague.

For Sale: Electric Stove, 110 Volt, a bargain for \$9.00. Apply to Mr. K. A. Wee.

For Sale: Inquire of Mr. L.C. Porter

- 1 Pair Skating boots, almost new.
- 1 " Hood's Basketball shoes, somewhat new.
- 1 " Chinese-made Basketball shoes, new.
- 1 " Chinese-made tramping shoes, old.
- 1 " American made tramping boots old.

NEW ARRIVALS OF THE CAMPUS

Mr. Ma Wen-cho, arrived from Shanghai on Wednesday to take up his work in connection with the committee on Loans, Scholarships and Self-Help. His official position is chairman of the above committee, and not Director of Student Welfare as announced in last week's Bulletin. He will for the present stay with Mr. and Mrs. S.J. Chuan.

A young visitor from Germany has arrived in the person of Mr. Heinrich Rocholl and is staying with Mr. and Mrs. Wolferz. Mr. Heinrich has been spending some time in America on an American-German exchange fellowship in the University of Chicago, and in several research projects. He is a graduate of the University of Berlin, and as a member of the German Youth Movement and the World Student Christian Federation is much interested in seeing something of our University life. It is quite possible that arrangements can be made for Mr. Rocholl to lecture to us.

.....  
CHILD WELFARE WORK

We believe that many people in Yenching are interested in this subject, and when the Sociology Department heard that the Golden Rule Association of America had given a sum of money for the promotion of Child Welfare Work in North China, Dr. Hsu immediately appointed a committee whose functions were: the correlation of the teaching programme in child welfare, and the providing of suitable field facilities for students in child welfare. You will probably realise the difficulties of finding places in Peking where students could receive adequate training. However, arrangements have been made for students to attend Dr. Marion Young's clinic, Mrs. Chu's Nursery school, the P.U.M.C. Pediatric Clinic and the Social Service Department, but it was felt that probably the association which could provide the best all-round training was the Home Finding Association. This Association started in Peking several years ago with the main purpose

of finding suitable homes for unwanted babies, and up to date 87 babies have either been boarded out or permanently adopted. The Yenching Committee met with the Home Finding Association Committee, and an arrangement has been made between them. The Association has held one meeting on October 2nd, and they are now planning a Mass Meeting to be held in the P.U.M.C. Auditorium on Friday, November 14th at 3:00 p.m. Mrs. Hsiung Hsi-ling, the President, will explain the purpose of the association, and it is hoped that many members will join at a nominal membership fee of \$1 per annum. We hope that our Yenching faculty will support the Association, for much of the success of our Child Welfare programme will depend on the success of the Home Finding Association.

#### LECTURES AND CONFERENCES

Faculty Conference on Teaching. At the meeting of this conference held a fortnight ago there was further discussion of the purposes of education in Yenching. For the next meeting, which occurs Thursday evening of this week, the subject for discussion is to be "The Lecture Method in University Instruction". It is expected that two or three members of the group will give short statements introducing the subject, after which the whole group will be invited to participate in the discussion.

Philosophy Lecture. The subject for the lecture on Wednesday next is one that aroused a great deal of interest among Chinese intellectuals a few years ago. Professor Chang Tung-sun took part in that debate. All those who have been interested in such a discussion should not fail to hear Professor Chang's lecture.

The November Meeting of the Women's Association will be postponed to Tuesday, December 2nd. Dr. Marjorie Rankin of Pankai University will be the speaker on that date.

#### VISITING PROFESSOR FROM JAPAN

Prof. Tetsutaro Ariga of Doshisha University is expected to arrive at Yenching about the end of this week. He will spend a month as visiting professor from Japan. His program will be in charge of Dean Chao which will include lectures on topics of common interest. The dates of these lectures will be announced after his arrival. While at Yenching he will be the guest of Dr. and Mrs. Andrew C. Y. Cheng. Any members of our community who may wish to meet him or entertain him may communicate directly with Dr. Cheng.

#### DEPARTMENT OF MUSIC

Mrs. A.M. Dunlap, head of the Voice Department of the Institute of Fine Arts of Peking has kindly consented to give a series of lectures on music at the University, on certain Tuesdays of the academic year. These lectures are open to all who might care to come and will be especially interesting to those taking music courses or those who care to increase their appreciation of music in a broad way. Mrs. Dunlap, being an artist as well as a musician will illustrate from her own drawings some of the things which will be discussed in these lectures. There will be others assisting her at times, some in costume and some by song and instrumental music. The complete list and dates (all subject to variation) is as follows:-

1930

- Nov. 25, "Ancient Musical Instruments"  
Dec. 9th. "Greek Music, Gregorian Chants"  
Jan. 13, 1931. "Ornamentation: Early Folk-Song, Troubadours, Trouveres, etc."  
Jan. 20. "Early Italian Music"  
Feb. 10. "The Development of the Pianoforte"  
Feb. 17 "Eighteenth Century Composers"  
Mar. 3rd: "Nineteenth Century Composers"  
Mar. 10. "The Growth of Opera in Italy"  
Mar. 24. "Bayreuth and the Wagnerian Tradition"  
April 7. "The Modern French School"  
April 21. "The National School of Russian Music"  
May 5 "American Composers"

These lectures are at 4:30 in Sage Hall, Tuesdays.

COMMUNITY CHEST ANNOUNCEMENT

The following budget for the Community Chest for this year has been passed upon by the Committee in charge, and is herewith presented to the Yenching Community:

The Relief Federation	\$500
Student Self-Help Work	350
Yenta Christian Fellowship (regular work)	500
Yenta Christian Fellowship (Workman's Center)	450
Sick Students' Aid Fund	100
Ch'eng Fu Dispensary	50
Contingencies	50
	<hr/>
	\$2000

The Committee has considered carefully each item presented and would not have included it in the above given list unless fully convinced that the enterprise deserved the money and that the money would be wisely administered. The Committee having examined all the requests and having satisfied itself as to their merits, now asks the Yenching Faculty and Staff to help in the raising of this budget.

For your information, the Committee begs to make a few comparisons between some of the figures of this year and those of last year. The total of this year's budget is \$2,000. The total raised for last year was \$1566.80 for the Chest itself and \$882 for the Workman's Center, making a grand total of \$2448.80. In this year's budget, a new item is included for the running expenses of the Workman's Center under the general heading of the Yenta Christian Fellowship. The Relief Federation item is also new. The Committee is convinced, however, that the Yenching Community is anxious to see the Workman's Center used to the best advantage, and that it would feel intelligently protected if the money contributed for the relief to our less fortunate neighbors was handled by the Federation. It is necessary therefore that each donor increase his or her customary pledge to the Chest so that the necessary budget for this year can be met.

On behalf of the various agencies and the beneficiaries that they help, the Community Chest Committee begs your thoughtful consideration and a generous decision in favor of what you can give. We are confident, that the collectors will meet with a very hearty response when they call upon you during the week of Nov. 14-21.

YENTA CHRISTIAN FELLOWSHIP

The preacher at the Vesper Service is Mr. Tetsutaro Ariga, Professor of Church History in Doshisha University.

AMERICAN ALUMNI ASSOCIATION PRIZE FOR EXCELLENCE  
IN CHINESE LITERATURE

A gift of one hundred dollars gold has recently been received from the Yenching Alumni Association in America and will be used to endow an annual prize known as "The American Alumni Association Prize for Excellence in Chinese Literature", to be awarded to a member of the Junior or the Senior class who is majoring in Chinese literature and has made the highest record of the year.

THE SOCIOLOGICAL WORLD

The fourth volume of "The Sociological World" edited by the Department of Sociology and published by the Commercial Press, Shanghai, is out. It contains a number of interesting articles such as:

- Some Impressions from Rural Social Research..Franklin C.H.Lee  
The Psychological Basis of Social Life .....Leonard Hsu  
Discipline and Education in Peping Prisons...Yen Ching-yueh  
Hsun Tzu's Theory of Social Education,...Chu Shih-ying, Ed. D.  
A Survey of the Consumers' Cooperative Society in  
Shanghai.....Chang Shih-wen  
The Biological Schools of Sociology.....Miss Yao Chun-oh  
A Survey of Labour Unions in Peiping.....Yu En-teh  
A Sociological Survey of the Boat-population  
in Foochow, Fukien.....Wu Kao-tzu  
An Inquiry into the Social Attitudes of a  
Group of Richshaw Coolies in Peiping....Huang Kung-tu  
An Observational Report of Six Experimental  
Stations in Rural and Industrial Welfare  
Work along Shanghai-Nanking Railway.....Wan Shu-yung  
Propaganda and Its Effect upon Chinese Social  
Changes .....Miss We Yu-chen  
An Inquiry into Yenching University Men-students'  
Attitude toward Marriage .....Ke Chia-tung  
A Tentative Bibliography in English on Social  
Survey and Social Statistics.....Yen Yung-chang  
A Brief Bibliography on population, Race, Migration  
and Colonization in China.....Leonard S. Hsu  
and David New

Order can be placed either with the Department of Sociology, or through The Commercial Press, Ltd.

Price \$0.80 per copy. Postage extra.

TICKETS FOR THE FRIDAY CONCERT

Tickets for the Music Department Concert on Friday evening, November 14, will be on sale at the Former Coop Store, the Treasurer's Office and the President's Office at 40 cents.

PERSONNEL

Dr. T.T. Lew will leave for Shanghai on Thursday of this week to attend the meetings of the National Christian Council as a representative of the North China Kung Li Hui. The meetings will be held Nov. 19-21.

Dr. Kenneth Saunders wishes through the pages of the bulletin to say "au revoir" to all his friends at Yenching and regrets that he cannot do so personally.

Leader: Mr. C.Y. Cheng assisted by the Faculty  
Quartette  
Sage Chapel: Mr. Howard Galt
- 6:00 p.m. South Compound Supper

YENTA CHRISTIAN FELLOWSHIP

Night School for Servants. The Social Service Division of the Fellowship wishes to announce that the night school for servants and workmen opened on October 16th. The classes are being held in McBrier Hall, Ninde Hall and the Workmen's Social Centre. The curriculum consists of Chinese, English and Mathematics. Excepting English textbooks which have to be provided by the students themselves, all other books are provided by the Social Service Division of the Fellowship. It is most earnestly hoped that all faculty homes and office heads will try their very best to urge their servants to take advantage of this exceptional opportunity to get a little education. There is to be also a special class in advanced English for servants to be held every Monday and Wednesday evening from eight to nine o'clock. Those who wish to join this class and other classes are requested to apply before November 25th at the Workmen's Social Centre.

Yenching Faculty Bulletin (Nov. 20, 1930).

Evening Prayers, Sunday November 30. On the last Sunday of the month Rev. Charles F. Whiston will conduct Evening Prayers and preach. All attendants at the Vesper Services will want to share in the beauty and worship of this service. All members of the university community, students as well as faculty, who find it helpful to worship through the medium of the English language are most cordially welcomed to the Vesper Services.

FACULTY CONFERENCE ON TEACHING

At the conference on Thursday evening of last week, there was an interested and spirited discussion of the Lecture Method. The chief characteristics of the method, with its many merits and defects, were no means fully treated, and accordingly the next session of the conference will be devoted to a further discussion of the subject.

The next session of the Conference will be held on Thursday evening, December 4th. This change has been made to avoid the American "Thanksgiving Day" which occurs on November 28th.

At the beginning of the session last Thursday there was read the statement called "The Purposes of Education in Yenching University", which had been prepared for an earlier meeting of the Education Club. The members of the conference suggested that the statement be circulated in the Yenching community in mimeographed form and accordingly copies are being sent out with this week's Bulletin.

COMPOUND SUPPERS

In spite of suggestions from the Readers Forum the Compound gatherings have each chosen a different day. Two of the meetings will be held this week:

The Southwest Residence Group will hold its monthly supper next Tuesday, November 25 at 6:00 o'clock at the home of Mr. and Mrs. Andrew Cheng. The hosts will be Mr. and Mrs. Cheng, Mr. and Mrs. H.H. Chuan and Mr. and Mrs. T. H. Chen.

The East Compound will meet this month at the home of Mr. and Mrs. C. W. Luh. The meeting will be held at 7:00 o'clock.

NOTE FROM THE COMPTROLLER'S OFFICE

Change of Time in Blowing of the Whistle. Some faculty members have suggested that if the Power House whistle were blown at 7:45 a.m. every day, it would enable members of the community to set their watches with the correct time at the beginning of the day before classes begin. As an experiment, this office has, therefore, asked the Power House to blow the whistle daily at 7:45 a.m. beginning Monday, November 24th. Should this change later on not be found convenient, the whistle time will be changed back to noon after due notice has been given.

UNIVERSITY LECTURES

On Thursday afternoon of this week our visiting professor from Japan, Mr. Ariga, will lecture in McBrier 103 on "The Youth Movement in Japan". On the following Thursday Professor V.K. Ting will speak on "Lessons of the Russian Revolution".

DEPARTMENT OF JOURNALISM

Journalists Publish "The New China" The Journalism Club of the department of Journalism are planning to issue the first number of a new magazine within the next few days, under the title, "The New China." The magazine is edited by students, and will uphold the student attitude of the upbuilding and reconstruction of China.

The subscription price for the journal of opinion is, according to the editor, Mr. Wu Ch'un, \$1.50 per year. Faculty subscriptions may be turned in to Miss Tang Pei Chen. The first issue will contain special articles by Hawking Yen, William Huhg, Wang Chai Sung, Tang Te Chen, Chou Ke Cheng, and a debate on the subject of women's occupation by Mrs. Vernon Nash and Mrs. R. C. Sailer. Faculty cooperation in this student venture will be heartily appreciated.

"Social Problem" Out. Numbers two and three of the organ of the Sociology Club, "Social Problem", have been issued and the fourth number is on the press. The magazine may be purchased at the Yenching--the university co-op.

#### BASKET BALL CHAMPIONS

The faculty quintet--composed of ten members--are inter-unit basket ball champions of Yenching. Hurrah!! In the finals match played on the Central Field court last Friday they swooped down upon the strong second unit team and devoured them amidst side line cheers to the tune of 31 to 16.

The sun dipped slowly and slipped from view behind the Western Hills while ten men--five students, five faculty--struggled and grappled with a dirt covered sphere. The sun was indifferent and did not care what the outcome of the game might be. Any body could be champs as far as it was concerned. But before the last shade of night was pulled Nash rolled the ball through the hoop for the last goal of the present season and jerked the faculty score up two more notches to 31.

In the semi-finals the faculty hoopsters won by a default from the Third unit, and went into the final tilt with a determination to get the crown. In a clean fought game they came out victorious. The students proved much the superior in ground work, but in getting the ball down the field they often lacked the necessary punch to forge past Free and Taylor at the faculty guarding positions and to slip in a goal. Ku relieved Taylor in two quarters and with masterful guarding prevented the students from making many points which they earned.

Wee, who was put in at the second quarter, upheld his record of high scorer, ringing up 12 points in 24 minutes. Huang Hsien-ju, with two sweaters on, played probably the highest brand of guarding and passing he has displayed this season, even dribbling down the field in the second quarter for a goal. Darkness affected Nash's eye for the basket, he being responsible for only 4 points, but he pulled off some guarding that made the students stand by. Groff came in for his amount of luck in the first quarter just after the students had rung up six points in the first four minutes of play and he retaliated with two goals and a free throw. Biggerstaff at center made good use of his long legs and height both in jumping and in covering the court from one end to the other. An invaluable man he is. In fact the whole team did well, and are worthy of the championship--the first they have won in basketball.

The line up follows: Faculty: Nash, forward, (4); Wee, forward, (12); Ku, guard; Biggerstaff, center, (4); Groff, forward, (9); Free, guard; Taylor, guard; Huang, guard, (2); The second unit players were: Wan Tien Pang, forward, (6); Chang Kung, guard; Tang Te Chen, center, (4); Hsieh Chin, forward, (2); Yu Hang Ta, guard; Chen Kuang-chao, guard; Sung Te Hoh, forward; Li Tsung Hsun, guard; Chao Shan Yu, guard; Huang Ta Chang, forward, (2).

The faculty are scheduled to play the variety team in a practice game on the Warner Field court on Thursday at 4:30.

THE READERS FORUM

The Prospects for Socialism. One would surely be the possessor of some high voltage optimism who could live in our Yenching community for any extended period and still believe that any form of cooperative living, much less voluntary communism, is a possibility for mankind in any early future. What hope is there for even a mild form of socialism for society at large when such a homogeneous and like-minded group as ours, living in a dominantly self-contained community, cannot successfully maintain a cooperative store; pays much higher for almost everything by buying commodities in individual "dribblets;" has lived in Peking West more than four years without providing any adequate facilities for the play-life of its children, and so on! Not one-third of the eligible persons join a faculty book club with an annual membership fee which is less than the price of one standard book. The average attendance at vesper services Sunday afternoons on a given day is approximately a fourth of the English-speaking adult residents; there have been times when there were more persons marching in the processional (choir and leaders) than there were in the congregation at starting time. Almost all of us make an attempt to live up to the Golden Rule; it might help if we would also become followers of Kant and act only in such ways as we would be willing to have become universal practices.

The Destructive Critic.

-----  
Perhaps We Might Shame the Tardy Ones. The Constructive Critic suggests the making of a bunch of large placards on which is printed "YOU ARE LATE." Place these in all the common meeting places and hang them up facing the door when the stated time for a gathering arrives. If all are late, the first arrival might have the privilege of trying to shame the rest.

PERSONNEL

Dr. Stuart left on Wednesday morning on a short visit to Tientsin and expects to return at noon Friday.

Miss Lucy M. Burt, a new appointee in the Women's College in the Department of History will arrive in Tientsin on Friday morning.

A letter written from 14 Sandringham Drive, Sefton Park, Liverpool, announces the safe arrival of Mr. Huang Chc. He is studying this year in the University of Liverpool on the Holt Scholarship. Mr. Huang writes "After a long but perfectly peaceful journey of 42 days I arrived at London on the 13th of last month and came to Liverpool directly. The Indian Ocean was as smooth as the lake at Yenching. My class work began last week and it is very easy because as you know M.A. in English universities is purely a dissertation business. I like Liverpool very much. It is a nice city. My room is quite comfortable, though being a foreigner I have not yet adapted myself to English food. I think it will be all right in a short time".

GENERAL

For Sale: 1) The following Victrola Records belonging to Mr. de Vargas can be obtained from Mr. Wiant at \$2.20 each:

Listen to the Mocking Bird....Whistling Solo  
Hawaiian Sunset--Waltz--Orchestra  
Abide with Me--Pipe Organ Solo

2) A Pair of Riding Boots which were bought in America for \$15 and have worn exactly three times. The price asked is \$10.00 Mex. Inquire of Miss Boynton, 112 Sage.

Picture Postcards. Miss Boynton will be grateful for picture postcards of any kind. The Bible woman at the Haitien Church is asking for such material. Please send either to 112 Sage, or to 6 Chun Chi Ch'u, Haitien.

YENTA CHRISTIAN FELLOWSHIP

Vesper Service. Following the Vesper Service on Sunday, there will be a short Church Meeting to decide where to hold the Vesper Services in the future. On Sunday, December 7, Vespers will be conducted as a Communion Service.

Executive Committee Meeting. There will be a brief meeting of the Executive Committee of the Yenta Christian Fellowship on this coming Sunday morning, November 30th, at ten o'clock in the Reading Room of Finde Hall to discuss the admission of new members, who will be presented at the Sunday Service for formal admission to the Fellowship. The time for the meeting is specially arranged in order to save time. All members of the Executive Committee are urged to be present.

Admission of New Members. New members of the Yenta Christian Fellowship will be formally received into the Fellowship at the next Sunday Service. All new and old members are urged to be present at the service.

An Entertainment for the Reception of New Members will take place next Wednesday evening, December 3rd, at 7:00 o'clock at Sage auditorium. The Social Committee of the Fellowship has prepared an interesting program in which faculty, students and workmen will participate. Mr. Mead will also give a showing of his interesting motion picture films. All new and old members of the Fellowship are urged to reserve that evening in order to be present to get acquainted with each other.

NOTES FROM THE CHANCELLOR'S OFFICE

The attention of all members of our community is called to the recent action taken by the Faculty Executive Committee in regard to dogs:

"Recommendations from the University Physician regarding the the Keeping of Dogs.

VOTED; to accept the following recommendations from the University Physician;

1. That the Business Office be instructed:
  - A) to kill all stray, homeless dogs found on the campus,
  - B) to warn the owners of all recognized dogs that their dogs may be shot unless they keep them away.
  - C) to endeavour to keep all dogs out of the campus and to so deal with all that come in that they will be unlikely to return.
2. That members of the University be only allowed to keep dogs as watch dogs confined to their own compounds, in which case said dogs should be inoculated against rabies, once yearly at owner's expense.

NOTES FROM THE REGISTRAR'S OFFICE

The Deans and Doyens have been waiting to study the mid-term examination results of the Freshman students and to serve them the proper warning and advice. The Registrar is waiting for all grades to come in to get the results in shape for the Deans and the Doyens. If you are still keeping some of your grades away from the Registrar, will you please reveal them to him before he sends you a personal invitation?

UNIVERSITY COUNCIL AGENDA

Certain members of the Council have expressed the wish that the agenda for each meeting should be distributed to the members before they come to the meeting. The secretary will be glad to comply with this wish if the members will cooperate. As an experiment, the agenda for the December meeting will be sent to all members on Sat, Nov. 29. Items that do not reach Mr. Y.P. Mei the secretary by Friday, will have to be filed with the Chairman at the meeting.

UNIVERSITY LECTURES AND SEMINARS

There seems to be no lack of mental refreshment prepared for us this autumn, and our fears have not been justified that this year would compare unfavorably with last when the two international conferences held in Japan brought so many notable speakers to our gates. Not only is the University Lectures committee under the chairmanship of Mr. Barbcur keeping up its high standard of efficiency if one may judge from the numbers that flock to McBrier 103 on Thursday afternoons, but the departments seem to be vying with each other in their efforts to keep us well informed in almost every field of knowledge, by most courteously throwing open lecture series and seminars to members of staff. The list which we have prepared may be some help in choosing how we may wish to spend a spare hour before or after dinner.

- Monday, 5:00 p.m. Seminar, Mr. Porter: THE STORY OF CHINESE PHILOSOPHY, McBrier 126  
7:00 p.m. Lecture Series, Mr. Rocholl: THE FINANCIAL CONSEQUENCES OF THE WAR, McBrier 103  
8:00 p.m. Seminar, Mr. Richards: THE LOGIC OF TEANING, McBrier 126
- Tuesday, 4:30 p.m. Lecture Series, Mrs. Dunlap: MUSIC, Sage Assembly Hall (for subjects and special days, see YFB, Nov. 13)  
5:00 p.m. Lecture Series, Mr. Richards: LITERARY CRITICISM, McBrier 103
- Wednesday, 7:00 p.m. Lecture Series, Mr. Rocholl: THE FINANCIAL CONSEQUENCES OF THE WAR, McBrier 103  
8:00 p.m. Seminar, Mr. Band: THE PHILOSOPHY OF MODERN PHYSICS, B. 115
- Thursday, 4:30 p.m. University Lectures, McBrier 103  
8:00 p.m. Faculty Conference: TEACHING, Home of Mr. Falt (meets fortnightly)
- Friday, 4:30 p.m. Lecture Series, Mr. Ariga: THE HISTORY OF CHRISTIANITY IN JAPAN, Ninde Hall
- Saturday, 10:30 a.m. Lecture Series, Mrs. Greene: RELIGIOUS ART, Ninde Hall

(Our apologies to any seminars or lecture series which may have been omitted from the above list through ignorance of the compositor)

Notes regarding Lecturers

- a) At the Women's Association Meeting on Tuesday, the speaker will be Dr. Marjorie Rankin who is at present in Wankai University organizing courses in the Primary School at Wankai. Dr. Rankin's topic will be concerned with Primary School teaching.
- b) The speaker for the University Lecture on Thursday, December 4, will be Professor Chu Hsi Chu, head of the Department of History at the National University of Peiping. His subject will be "The Literature of Chuang Tse".
- c) The Faculty Discussion Group on Tuesday evenings, Nov. 25, Dec. 3 and 9, will be led by Professor Ariga on the General Christian Thought Movement in Japan, the Program of Religious Education and Activities in Doshisha University, and other topics.

ATHLETICS

There seems to be a energetic movement this autumn among those interested in developing the strong body in which to house the strong mind. And, we are most strongly urged to come out into the air and spend those precious spare hours in the late afternoon upon the Athletic field. We already know from these pages the fame achieved by members of staff upon the Basketball field. The following sports are now open to all who may not feel themselves too old to risk life and limb in the pursuit of health:

FIELD HOCKEY

We believe for the first time in our history this great English sport is being initiated at Yenching. The students have been organizing and looking for a coach, and this week the first faculty meet was held on the old Athletic Field. Owing to rather short notice the numbers that foregathered on Tuesday afternoon were not sufficient for a game, but all those interested are asked to turn out on Friday for a first practice under our coach Mr. Nash, who assures us that this game is not as many suppose, merely a ladies game, but one worthy of the noblest masculine prowess. The game on Friday will be composed of mixed faculty teams. Many have indicated their interest on paper. Come now and prove it on the field.

The SKATING CLUB

=====

Some weeks ago the Skating Club Committee met, when the tentative plans for the season were discussed and the budget, in the light of previous experience, was carefully considered. This year the contribution from the Men's College has already been given by the Dept. of Physical Education; the Women's College is doing likewise, while the fee for each Faculty member or child has been fixed at \$2.00 per head (all city guests will be welcomed free)

With the co-operation of the Landscape Committee the sections of the lake to be occupied by the various rinks have been cleared of surface weeds; the P'eng is now in process of erection, and the lighting system is to be installed under Mr. Holm's supervision. The children's Rink will be enlarged and a boundary and goals supplied so that they can play ice-hockey. It is planned that the Carnival this year will be an all day affair during the winter vacation; the children's Fancy Dress parade and various competitions in the afternoon, Student's and Faculty Dress Parades in the evening. Some of the keenest skaters are already taking chances and getting into practice, our manager, Mr. Wei Jung Li is full of enthusiasm, and it is probable the rink will be available within a week.

The Committee now appeals to all intending skaters to send in their subscriptions promptly to the Treasurer, C.W. Parr 15 Lang Jun Yuan.

(N.B. Although no mention is made in the above notice of ice hockey for faculty members, we hope that this winter facilities will be made for a faculty team to be trained and ready for action. It may be that some anxious wives who watched the games last year in which the faculty took part, are not willing to encourage this major sport, but we have not heard definitely that this is the case)

TOM-THUMB GOLF

Those of us who attended Assembly one Monday morning not long ago heard much about this new sport which has swept America off its feet, and no doubt many are eager to learn. We can only say that the Comptroller's Office has assigned a field suitable for this game, but we have heard nothing further. Perhaps the Tom-Thumb Golfing season will open in the Spring.

HORSEBACK RIDING

For information regarding the RIDING CLUB, all members of staff interested in horseback riding may apply for rules and regulations to Mr. Croff, secretary.

SOCIAL EVENTS

The hosts for the Natural Science Tea on Sunday will be Messrs. Yang, Band and Meng of the Physics Department. The tea will be given at the home of Mr. and Mrs. Ritter just outside of the South Gate.

All members of the Graduate Division, students and faculty alike, are cordially invited to an informal tea at Dean Frame's Residence on Sunday afternoon from 4:30 to 6:00.

THE READERS FORUM

(Editor's Note: A number of bulletin readers have expressed their interest in the Forum. We most heartily encourage contributors, but would point out that this section is not planned for the airing of private grievances. The Editor reserves the right to reject such material as is neither of a constructive nature, nor of general interest).

More Satisfactory Compound Suppers. The Constructive Critic suggests that the chief social result of compound suppers is to enable us to see folks whom we meet frequently anyway by reason of proximity of residence. Meanwhile our community has reached such a size and compounds are far enough apart that friends may go for weeks at a time without seeing each other. There is sufficient business needing attention to justify a full compound meeting on alternate months but would it not be desirable at every other meeting for one of the following plans to be adopted:

1. The compound chairmen could confer with the faculty social committee, four or more meeting places obtained, and then the names of those to gather at each of the homes be determined by lot rather than upon a geographical basis. In order to give the occupants of each home the possibility of a change from each other's presence, we suggest that the lots be drawn individually.

2. It is possible of course for most of the residents of a compound to meet as before but for the chairmen to arrange "visitation exchanges" in such a way that every person would be a guest at each of the other compound suppers in the course of a year. This would involve some work, but give every individual a number and ask some mathematical expert in permutations and commutations to work out a schedule. The resulting increase in sociability would be worth the effort.

The general faculty socials do not meet the problem since they are too big to insure an opportunity for a good visit with those whom we see infrequently. Either of the above plans would of course require that the compounds get together and agree upon a common night for their meetings, but this ought to be done in any case.

-----  
Blowing of the Whistle. Perhaps this column is meant only for controversy, but since a recent article complained of Yenching lack of cooperation, may I be allowed, as one who has several eight o'clock classes and therefore finds it necessary to know the correct time early in the morning, to express my great satisfaction and pleasure in the 7.45 a.m. whistle?

The Humble Scientist.

-----  
The Greek Ideal. On stepping into the President's Office this morning where the compiling of the Weekly Bulletin was under way, I was appalled by the list of lectures and seminars which are scheduled for the afternoons which when added to one already in operation with regard to committee meetings, would seem to make the effort to obtain some exercise before dinner, almost not worth the unequal struggle. I would suggest, therefore that we return to the Greek Ideal of lectures in the open air. Would the Landscape Committee consider the construction of an open-air theatre suitable for this purpose?

The Disabused Critic

#### VISITORS TO OUR CAMPUS

A small party including Dr. and Mrs. Butterfield, Mr. Hubbard of Pactingfu and Mr. F.L. Chang of the National Christian Council, Shanghai, will visit our campus this weekend as the special guests of those connected with our Rural Improvement program. The party will arrive Sunday evening and leave Tuesday morning. Dr. Butterfield is at present in China in connection with International Missionary Council meetings. His visit to China in 1921-22 as a member of the China Educational Commission, and his interest in our agricultural work at that time will be remembered by many of us. Dr. Butterfield was formerly president of Massachusetts Agricultural College and later of Michigan Agricultural College.

#### ALUMNI NEWS

In a letter which arrived a few days ago, Mr. Tsao Yi, our alumni secretary, gives us some interesting items of news regarding alumni centres which he is at present visiting. Leaving Peking on the 27th of October he made his first stop in Tongshan where our graduates now number 13, an increase of 6 over last year's enrollment. During Mr. Tsao's visit a luncheon was held at which Messrs. Cheng Te-shih, Chou Lien-chieh, Shan Shu-t'ien and Wang Yu, were elected officers for the year. At Changli Mr. Tsao found eight members of the association, all connected with the Methodist Mission, two serving in the mission proper and six teaching in the Huiwen Middle School. A meeting was held at Principal Hsu Wan-liang's residence where plans were discussed for the organization of an "Extension Department" in the university through which questions from alumni of different chapters may be sent in to be answered by the professors of Yenching. Miss Li Tsui Yü, who was in Changli last year has since married Mr. Chang Yung Ch, '24, Mr. Chang has recently returned from America and is now teaching in Nankai University. Officers of the Changli chapter are Messrs. Hsu Wan-liang, Hou Yung-wei and Nien Shih-chen. Mr. Tsao reached Chingwantao on Nov. 5 and at a meeting the following day, Messrs. Tan Hsi-tseng and Chin Chen-sheng were elected officers of the chapter.

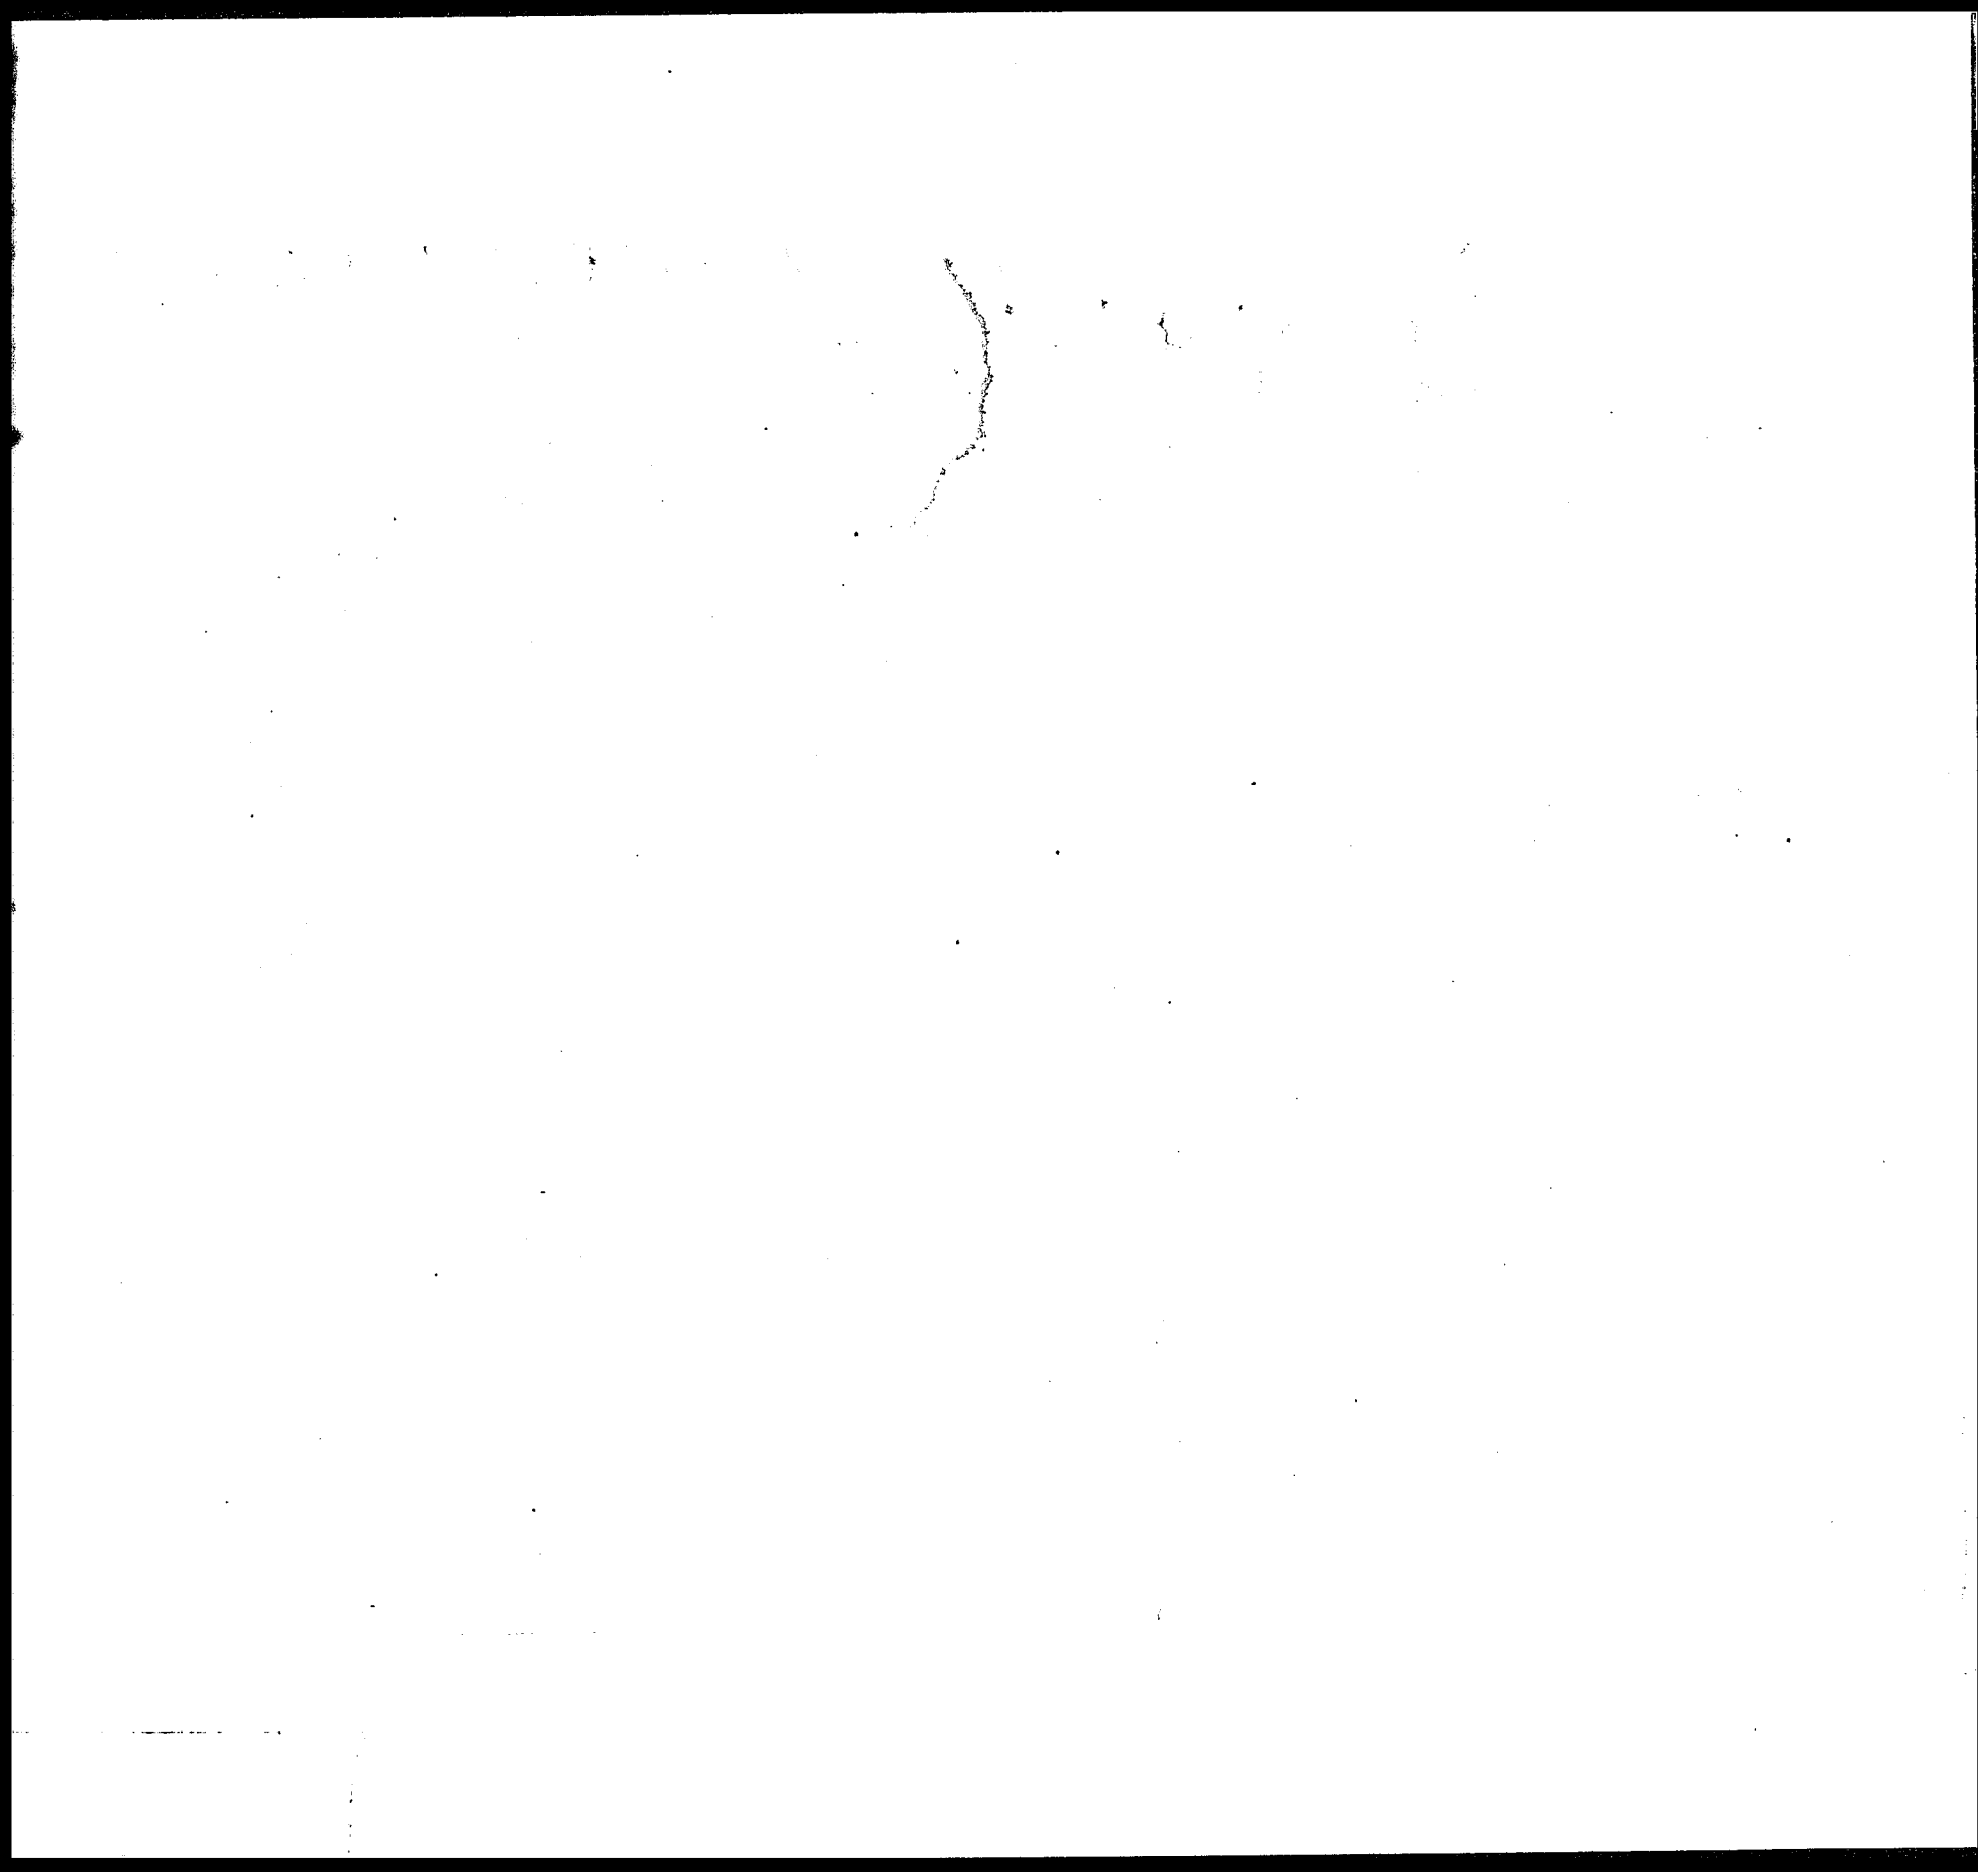

An alumni luncheon was held at Shanhaikuan on Nov. 8, and new officers elected, Messrs. Kac Hui-lai, Li Wen-hsiang and Liang-yu. At Chin Hsien, Mr. Tsao found six of our graduates teaching in the middle schools, and four others in business. An alumni luncheon followed by election of officers was held in the Cheng Te Girls Middle School, at which Messrs. Liu Yun-lung, Li Ching-shan and Sung Chih-heng were elected.

#### PERSONNEL

John Shu-hsin Li, weighing 7/8 lbs arrived at 4:00 a.m. on November 23; his parents, Mr. and Mrs. J.C. Li tell us that he is named after President Stuart, and that he is to be called Jack.

A letter from Mr. George Dutcher announces their safe arrival of Mrs. Dutcher and himself in Middletown after their absence of nine months. Both wish to be remembered to all at Yenching who showed them "constant hospitality and many courtesies", and "wish to extend to Yenching University our best wishes for its continued prosperity and success in its great career of usefulness."

Mr. Francis Chen (Chen Hsi-cheng) writes from 2150 Edwards Hall, Yale University, on October 14, that his classwork is going on well, that students are very friendly to him and that he is enjoying his academic work very much indeed. He is taking most of his courses under Prof. Jerome Davis whom he describes as a Christian socialist. He mentions conditions of great economic depression prevailing everywhere in America.

.....  
NOTES FROM THE DEPARTMENT OF MUSIC

Mrs. Dunlap's Lecture. The second series of lectures about music given by Mrs. Dunlap will occur on next Tuesday afternoon, December 9th, at 4:30 in Sage Hall. The subject of this lecture is "Greek Music, Gregorian Chants". A short play in the Greek style is being planned to demonstrate the use the ancient Greeks made of music in connection with drama; the effect which this custom and usage had on succeeding generations of opera lovers will be emphasized in later lectures. There will also be a choir of men to chant Gregorian music and a few new Victrola records which will intone the "Ordinary" of the Mass in pure Gregorian music.

Mrs. Dunlap, will lecture giving the background for these features of the program.

\* \* \* \* \*

Student Recital. The second of the Student Recitals of the Department of Music will be given in Sage Hall at 7:30 P.M. next Monday evening, December 8th. Although this is planned for music students, yet those who are particularly interested in observing the work of the students are welcome.

\* \* \* \* \*

"The Messiah". The Choral Society has been faithfully practising on "The Messiah" since the beginning of school this year and now offers its rendition to the Yenching community on Thursday evening, December 18th in the Bashford Hall Auditorium. There is no better way of introducing the week before Christmas and of inducing the Christmas spirit than by listening to the familiar music of this greatest of oratorios. For the past two centuries it has been the inspiration of thousands and it is more beloved than ever before in its long history. Full details as to program will appear in the bulletin for next week. On the 19th the Chorus sings it in the city.

\* \* \* \* \*

A Baby Grand Piano is being offered for sale by one of the members of our community. For particulars please get in touch with the Music Department.

NOTES FROM THE DEPARTMENT OF BIOLOGY

Honorary Biology Society Chapter. The Biology Department has a chapter of the honorary Biology Society, Beta Beta Beta. From among the Senior and Graduate Students, the following have been elected to membership this fall: Men Ting-hsiu, George Chu, Chen Shih-ti, Mao Yin-tao. The Chairman for this year is Chen Kuo-chieh and the Secretary-Treasurer is Men Ting-hsiu. The initiation dinner was held at the home of Miss Boring in November, with 11 members present, including 2 charter members from P. U. M. C., Dr. W. Gist Gee and Dr. Bernard Read.

NOTES FROM THE DEPARTMENT OF EDUCATION

The Faculty Conference on Teaching. The attention of members of the faculty is called to the meeting of this conference on Thursday evening of this week. The meeting will be devoted to further discussion of the Lecture method of Teaching. (Through an error the conference was set down in last week's Bulletin as meeting Nov. 27. But no meeting was held on that date)

Phi Beta Kappa Meeting. The attention of all members of the Faculty and staff, both new and old, who are members of Phi Beta Kappa, is called to the meeting on Friday Dec. 5, at 4.30 P.M. at the house of Dr. Ferguson in Peiping.

NOTES FROM THE COLLEGE OF ARTS AND LETTERS

Because of other duties in the University, Professor William Hung has been kept very busy and felt that he could not hold the position as the Chairman of the Department of History concurrently. Dean Frame was thus asked by the General Faculty Executive Committee to serve as the Acting Chairman of the Department for the present academic year.

NOTES FROM THE DEPARTMENT OF ECONOMICS

We are happy to announce that Mr. Heinrich Rocholl has recently joined the University as Lecturer in the Department of Economics. Mr. Rocholl, as many of us already know, comes from Germany, having been graduated with the degree of Master of Arts from the University of Berlin.

He is a representative of the German youth movement and had travelled extensively both in England and in the United States before he came to China. He served as research-assistant in the University of Chicago for a whole year, and for some time he was connected with the Swift & Co. as research economist.

Aside from conducting classes in Economics, Mr. Rocholl is offering a series of lectures on "Economic Reconstruction of Europe since the War". These lectures are being held twice a week, in the evening of Monday and Wednesday, commencing at 7:30. They are open to all members of the University community.

OPENING OF WOMEN'S COLLEGE GYMNASIUM

On Saturday morning November 29, at 11 o'clock the Boyd Gymnasium was officially given over to the University authorities by the contractors.

Altho, the apparatus, dressing room equipment and office furniture is not installed yet, there were four classes on Tuesday. A Junior gymnastic class at 7 o'clock initiated the building, then a Sophomore gymnastic class, next a clog dancing class, and finally a Senior basket ball practice. There was much enthusiasm among the girls and the indoor work promises to be most encouraging.

There will be a formal "open house" as soon as the apparatus is installed and all of the furnishings are complete. Everyone will be invited so watch for the announcement to come and bring your friends.

All faculty wives, staff members and women faculty who are interested in playing basket ball, volley ball or indoor base ball please communicate with Marguerite McGowen. The girls are most desirous of playing a Faculty team in any sport.

YENTA BASKET BALL AND SOCCER TEAMS ADD HONORS TO THEIR ALMA MATER

The Yenta football eleven sliced off the third victory in succession, Saturday, November 22, when they won over the National University Pei Ta, kickers on the latter's field with a technical default. As is the rule in defaults the Yenta boys lined up on

the field, went thru the process of playing the game until a goal was scored--scored against an invisible defender.

With the formation of the new league this year between this university, Tsing Hua, Pei Ta, Fu Jen and Shih Ta, and following a discussion on the desirabilities of defaulting, it was decided that greater efforts would be made this year to run off games according to schedule. Sometimes, however, because of conditions defaults are unavoidable. It will be remembered how last year the Yenta teams made many trips to the city to find that because of ill feelings or a general lack of desire to play, they had to return without playing. And on other occasions when the team being defeated became angry and walked off the field near the finish, avoiding a technical defeat and taking a technical default. However the situation is much different this year, and a stronger feeling of sportsmanship and intercollegiate relationship has been netted and welded among the five schools. Prospects for the future surely seem bright.

The basket ball game between the Yenta Bats and the Pei Ta quintet was of a very "scrappy" nature, the Bats just managing to split by to the tune of 18 to 17. Lin Chi-wu was the outstanding scorer for the Yenta five.

To one witnessing the football and basketball games between the Yenta teams and the strong Tsing Hua aggregations at Tsing Hua last Saturday, they would be inclined to imagine they were at a Yale-Harvard classic. The afternoons activities started with a parade of all the players onto the field, accompanied by a flaring brass band, large rooting teams for both the universities, and a large crowd of supporters along the sidelines.

The basket ball encounter went to the Yenta Bats, the final score standing at 25 to 20. The game throughout was like a horse race--both sides remaining almost neck and neck until the last few minutes when the breaks turned in the Yenching direction, three baskets slipped in, and the whistle blew. The Tsing Hua fellows were somewhat taller than the Bats, but their "basket eyes" were not as accurate. This victory places Yenching a probable winner for the league second place, this being the last game for the first round. Peking Normal university, Shih Ta, will most likely wear the crown, since they have not lost a single game this season.

The soccer tussle could be ably called a game of "tit for tat". The score ended after two halves of strenuous playing by both teams, at 1-1. Urged by the referee at the beginning of play to "play hard, play fair, play honestly" the twenty-two men were each determined that his side win, and the contest resulted in a hard fought and well played match.

The Yenching kickers were out for revenge, since last year the Tsing Hua group defeated the Yenta soccerites in the final competition and won the North China championship. Yenching was a bit sure of itself in the first half, and after the ball had travelled up and down the field for 15 or 20 minutes, one of the T.H. forwards swung in with a combined attack of the other forwards, and packed the ball safely and nicely out of reach of the goalie into one corner of the Yenta goal.

With the opening of the second half, the Yenchingites doubled their efforts and determination, storming the Tsing Hua stronghold for fully five minutes, until they tied the score with a clean goal. For 35 minutes more the game raged on, the melee becoming fiercer every minute, but the Tsing Hua eleven who pressed incessantly against the aggressive Bats, were unable to untie the score. Yenching was unable to get within striking distance of the Tsing Hua goal in the last minutes of play, displaying purely a strong defensive.

#### SKATING CLUB

The following Rink Regulations were drawn up at the last meeting of the Committee, the members of which hope they will be loyally supported by skaters in this effort to make the rinks more efficient and comfortable for everyone.

1. The Rinks are controlled by the Skating Committee, which is directly under the Department of Physical Education.

2. Membership is open to :-
    - A. Members of Yenching or Tsinghua Communities, and their children on payment of the membership fee of \$2.00 per head.
    - B. All Yenching Students, whose membership fee has (for this year) been provided by the Contributions of the Men's & Women's Departments of Physical Education.
    - C. Local residents can skate at a fee of .20 cents per day.
    - D. Guests from the city are welcomed free.
  3. Separate rinks are provided for Adults and Children, who are requested to skate in their respective rinks (except in the case of adults instructing children on the Junior Rink.)
  4. The Senior Rink is provided for skating ONLY. Sliding, sleighing, ice hockey, etc. are strictly forbidden on it.
  5. The Senior rink is open from 7 a.m. to 11 a.m. and from 3 to 10 p.m. The Junior rink will be open at Mid-day for CHILDREN ONLY.
  6. The P'eng is provided for the comfort of the members, but the Committee will not accept any responsibility for articles left there.
- N.B. The Treasurer reports that he has not yet received any membership fees in spite of his appeal for same in last week's Bulletin !!

#### COMMUNITY CHEST

The Community Chest Committee announces that the Faculty and Staff have contributed the sum of approximately \$2200, - \$200 above the amount requested. This was a most generous response to the appeal of the various organizations, and they all - through this Committee - extend their thanks to the Staff and Faculty members for their generous support.

The Committee has taken the liberty of allocating the extra \$200 in a way which it hopes will be satisfactory to the contributors. The sum of \$50 was added to the Ch'eng Fu Dispensary amount, \$50 added to the Contingency fund, and \$100 given to the Social Service Committee of the Students' Self Government Association. This Association had requested the Chest for a contribution too late to be included in the regular budget.

There are still a few members of the Staff and Faculty who have not been seen by collectors. It is to be hoped that these members will not refrain from giving because the campaign has gone "over the top," because the Students' Self Government Association Social Service Committee had been hoping for a contribution of \$200. Furthermore the contingency fund can always be used to good advantage at odd times during the year when unusual calls for help arise.

It is hoped that all those who made pledges will remember the dates, and send in their money to Mr. Wiant promptly. This will save Mr. Wiant a great deal of extra work.

#### SALVATION ARMY APPEAL FOR FUNDS

The attention of members of our community is called to the fact that the representative of the Salvation Army is spending a few days on our campus for the purpose of making the annual appeal for funds for the general work of the Army which includes the special

winter relief work carried on in the city of Peking in connection with which six porridge kitchens have already been opened in the poorer sections of the city. Mr. Harris will call on members individually, but if for any reason he fails to reach you you may contribute by sending your cheque directly to the Salvation Army, Peking.

#### YENCHING DIRECTORY

The Directory has at last made its appearance, and has gone the rounds of the campus, a copy having been sent to each member of staff, each departmental office and to the various administrative offices. If members of staff have failed to receive the copies sent them, or need further copies, please apply to Mr. Li in the President's Office.

Corrections and Omissions. Miss Burt's (Dept. of History) Chinese name has been changed to Pei Fu-ju, her "mingtze" to remain the same as printed.

The following members of the Sociology Department were omitted from the departmental and address lists:

Mr. & Mrs. Yu Li-te (full time assistant), 10 Hsueh Chia Hutung, Chengfu. Mr. Wan Shu-yung (full time assistant), Sociology Experiment Station, Ching Ho. Mr. Faw Fai E (part time assistant), 218 2nd Dormitory. Miss Wu Yu-chen (part time assistant), 101 First Court. Mr. Lin Hsueh-chi (clerk), 5 Chien Chi Hsiang Hutung, Chengfu. Mr. Li Ch'ang-hui (clerk), 5 Shuang Ching Hutung, Si Chang P'o, Haitien.

Mr. Hsu Ti-shan's address in the Staff Address List should be corrected to read: 84 Shih Fu Ma Ta Chieh, Peking.

#### SOCIAL EVENTS

The Chengfu Community will be at home to all members of our community on Thursday afternoon, December 11, at the home of Mr. and Mrs. E.K. Smith, 2 Shu Fu Hutung, from 4:00 to 6:00 o'clock.

The Social Committee is sending a messenger around the campus this week, to collect the dollar which is due from each member of the community, to subsidize the social events for the year.

#### BUY YOUR CHRISTMAS PRESENTS

Cross-stitched Linens. There are many in the community who will welcome the announcement that there is once more a representative and very attractive assortment of cross-stitched linens on hand in the Kung Ch'ang sales room at 63 South Compound, and the inspection of those who have eagerly awaited an opportunity to purchase Christmas gifts is now invited. Instead of the usual half-day pre-Christmas sale this year. Mrs. Wiant will be in the sales room at regular hours each week from now until Christmas time. It is hoped this arrangement may make it possible for everyone to inspect the stock with greater leisure at a time most convenient to each.

Regular hours when the sales-room will be open are as follows:

Tuesday mornings	9:30 to 12:00
Thursday afternoons	4:30 to 6:00
Friday mornings	9:30 to 12:00

Appointments for other hours may be arranged in advance by telephone. The sales room will always be closed from 2:00 to 4:00 P.M.

Handkerchiefs. Yenching Craftwork No. 1 would like to call attention to a large and varied stock of handkerchiefs. There are several new and most attractive designs.

For men:- linen and pongee handkerchiefs; also fine white silk for dress

For ladies:- linen, at several prices, pongee, and Crepe de Chine.

For children:- colored; and small handkerchiefs with Chinese figures.

Handkerchief may be seen and purchased at the home of Mrs. Mead, 30 East Compound Monday & Thursday mornings, or at any other time by appointment.

#### THE READERS FORUM

Wanted--Some "Do It Now" Hooks. It is a common experience of those who accept responsibility for some enterprise that it is highly difficult to get information upon which to act without personal interviews with all concerned. Administrative officers grow gray in the effort to obtain promptly essential data. It might be worth while for some public benefactor to purchase of a supply of brass filing stubs with our old efficiency motto "Do It Now" flaring out therefrom. Ye undersigned commends to all his colleagues the advice of all efficiency experts, "When pressed by an excess of duties, always do things in the order in which they are going to be required---Do First the Things Due First."

The Constructive Critic.

#### GENERAL

Cooking Stoves. Will the member of our community who wrote to The Transmarina Trading Co., Shanghai on the subject of Hasag Cooking Stoves, please come to the President's Office for the reply which has arrived addressed "Yenching University".

House for Rent. Members of Yenching University are asked to be kind enough to let their friends know that Mr. and Mrs. I.A. Richards (2a Ma Hsien Hutung, just off Hatamen Street) have an attractive small Chinese house, with bathroom and modern sanitation, which is for rent at a very reasonable rate. The house is furnished, the equipment including household linen, and silver and its entire contents will be for sale at the end of December. The court is spacious with bamboo and pine trees.

Union Church Baking Powder. Raise It, may be obtained either from Mrs. Galt in the South Compound or from Mrs. Mead in the East Compound. Price, \$1.20 per tin. The best and cheapest on the market. Have your cook try it.

#### LATE APPEARANCE OF THE BULLETIN

Will those who send material in for the weekly bulletin please remember, that if the issues are to make their appearances promptly on Wednesday evening, this material must be sent in to the President's Office on Tuesday. This week about half the material arrived on Wednesday, with the result that the bulletin is late again! The editor in an endeavor to cope with the situation as it stands at present will include two Thursdays in each calendar.

PERSONNEL

Christening of the Wee Baby. On the afternoon of Thanksgiving Day a little group of friends of Mr. and Mrs. K. A. Wee gathered at their home in the East Compound for the Christening of their small son who is now six months old. Dr. Stuart, assisted by Mr. Eubank performed the ceremony. The baby's godparents are Mrs. Porter, Dr. Stuart, and Mr. Franklim Warner, president of our Board of Trustees. He was named William Leighton, after the Rt. Rev. W. S. Oldham, former Bishop of Malaysia, and Dr. Stuart. The baby seemed very much to enjoy his christening, welcoming his guests as they arrived, and behaving with perfect decorum all through the ceremony.

Mr. David C. H. Lu, now a student in the School of Journalism of the University of Missouri, has found time to fulfil his promise to write and tell us something of his experiences since leaving for America last May. A few days in Korea with Ralph Cory, and at Honolulu with his brother Paul, were pleasant interludes between rough weather at sea and much bother from immigration officials. Reaching San Francisco on June 4 he spent three days in visiting Stanford University and the city, and another three days at Columbia, Mo, on his way to New York. His ten weeks in New York city were very busy ones. He lived with Mr. R. S. Britton, attended lectures in the summer session at Columbia University, worked on two of the newspapers of New York city and had some "thrilling experiences". In September he returned to the University of Missouri, classwork there beginning on the 10th. We will quote his impressions in his own words. "For a Chinese to come to this country, I am sure each one has some exciting experiences. From the day I stepped on soil here, no one has ever taken me for a Chinese. Everyone ask me "Are you a Japanese?" or "Are you a Filipino?". I say emphatically "No! I am a Chinese, from China". I do not know whether my height has anything to do with this. Some students asked me one day when we were eating lunch together, "Have you chickens in China?" another asked me "Have you matches in China?" You see by this that China is not well known. I have been acting as a goodwill ambassador. I have given many lectures since I came here. I even gave one on "The Modern Chinese Girl" a subject I don't know much about. I gave it before a group of 200 pretty looking American girls. You don't know how I trembled. Many of the people who have heard me speak of me as "That Yenching scholar". I have written several articles about China in our paper here and I have tried my best to convey to them China's goodwill and friendship.

I am enjoying my school work here and I am quite busy with outside activities. I have no time for social activities. The American students like to have plenty of good time and dancing is their favorite game indoors. I have not been to any of the football games and I have had no time to even play with the other students. I am living in the home of a professor who treats me very nice, and he has two little daughters who are very cute. I am very fortunate to have had this opportunity to come here and I am trying to do my best to work hard and to make a name for Yenching.

There is only one Chinese boy besides myself. There is one Korean and three Japanese. The International Club is quite active here. I do not have much time to mix in with them. The majority of the members are from South America. I have been receiving Chinese newspapers from Tientsin and I know the conditions that going on. My work here which was originally intended for two years is being reduced to three semesters. I am planning to get my B.J. and M.A. degrees in January 1932.

I always remember the good time I had in the South Compound Suppers. The people I think of often make me homesick. I am looking forward to seeing some of the friends when I go back, at least I hope pretty soon, as the Americans say it." I have not heard from any of the Yenching people yet except Dr. Parr who wrote from Ireland."

*Mrs. Lee*

YENCHING

YENCHING FACULTY BULLETIN

Sage Chapel: Christmas Song Service  
7:00 p.m. Lecture: Mr. Rocholl, the Financial Consequences of  
the War: McBrier 103

Thursday, Dec. 18

- 9:00 a.m. Ninde Chapel: Family Service  
Speaker: Mrs. Vernon Nash  
Subject: "All-family worship at home".  
8:00 p.m. Choral Society Concert: The Auditorium  
"The Messiah".

OUR HOLIDAY SEASON CALENDAR

In next week's bulletin we should like to print the full calendar of all our activities that are taking place in connection with the Christmas and Holiday Season. Will all those responsible for such events please send in their notices in good time to Miss Hague. This should avoid some confusion in the making up of the calendar and in preventing conflicts.

## YEN TA CHRISTIAN FELLOWSHIP NOTES

Sunday, December 14. will be observed as "Golden Rule Sunday" in Yenching University. At the morning service in Minde Chapel Dr. T.C. Chao will conduct the service, and Dr. Leonard S. Hsu will be the preacher, and will speak particularly on the work for the welfare of children which has been undertaken by Yenching University.

The Golden Rule Foundation. In 1919 there was a great call from America for relief for the thousands of children who were homeless and suffering through the War, and America responded by sending men and money. Not all the money which was collected was expended, and with the balance The Golden Rule Foundation was established with the purpose of helping children and children's work. Recently the Sociology Department has received a grant of \$1,000 from this Foundation to promote Child Welfare Work in North China.

The Vesper Service on December 14 will be the last of these regular services for the year. The first of the Vesper Services in 1931 will be on January 11. On this coming Sunday Rev. P.M. Scott of the Anglican Mission will conduct the service and preach. The usual Evensong service on the last Sunday of the month is changed to this date because Mr. Scott is located at Tatung in Shansi and is only occasionally in Peking. It is a pleasure to welcome him to our Yenching Fellowship.

On Sunday, December 21st, the Sheng Kung Hui will hold its Christmas Service at 7:30 in Sage Chapel, after which the members will all breakfast together, as is their usual custom. All the members of the Yenta Christian Fellowship will join in a Xmas Communion Service to be held in Finde Chapel at 10:30, a.m. when Dr. T.C. Cha. will preach on the "Meaning of Xmas", and there will be special Xmas Music.

The Special Services at Christmastime will be the Candlelight Service on Christmas Eve from 5:00-6:00 o'clock, and the Christmas Morning Service at 11:00 o'clock.

Faculty Discussion Group Miss Lucy Burt will lead the Discussion Group on Tuesday of next week on "The British Christian Student Movement". The group will not meet during the winter recess. The first meeting of the new year will be held on Tuesday, January 13. Mr. Rocholl will lead on this and the following Tuesday on "The German Student Movement."

#### NOTES FROM THE DEPARTMENT OF PHYSICS

The Seminar in Philosophy of Physics has been changed to Friday Afternoons 4.30 p.m. in future. Place as before.

#### NOTES FROM THE DEPARTMENT OF MUSIC

On Thursday evening, December 18th, The Chorus will sing "THE MESSIAH" in the auditorium of Bashford Hall. The time is 8 P.M. Christmas will mean much more to you for having heard this inspired music with its ever fresh and impressive messages, music that has been the source of hope and satisfaction for countless thousands of people. Due to unusual expense in connection with the erection of a temporary stage it will be necessary to charge 30 cents this year. If there be any who feel constrained to make a larger contribution, such will be gratefully received. The roster of soloists is the best that can be secured and includes Major J.E. Hanson of the Salvation Army, Mrs. Joseph Croop, wife of the violinist and a singer of large experience, Mrs. E.O. Wilson, of our own staff, and Dr. R.J. McCandliss of the Language School, recently introduced to Peking in concert. The Chorus has been hard at work to make its contribution effective and beautiful. It should be a memorable occasion. On Friday evening, the 19th, the same program is presented in the Asbury Church, M.E. Mission, East City.

#### FACULTY CONFERENCE ON TEACHING

At the meeting of the Conference last Thursday evening the time was given to further discussion of the lecture method. Toward the end of the hour this question was asked:

"How is our view of the lecture method affected by our answer to this question: Is my main purpose to arouse the students' interest in this subject, or to fill his mind with information?"

Since there was not time for the discussion of this aspect of the topic, it was agreed that the substance of this question should furnish the topic for the next meeting of the Conference.

It was further agreed that since the Thursday evening a fortnight later had been chosen as the evening for the chorus concert, that the next meeting of the Conference would be held in January, after the holidays.

Accordingly, the next meeting of the Conference will be held on Thursday evening, January 15th, and the subject for discussion will be: "The Problem of Arousing the Students' Interest in Relation to Various Class-room Methods."

ANNOUNCEMENT FROM STUDENT SELF HELP COMMITTEE

The winter vacation is drawing very near. Some of the students will remain on the campus. If the faculty members wish to employ them for any kind of work, please consult with the Committee directly.

UNIVERSITY LECTURES

In view of the number of outside lectures that have been arranged for these coming days, and of the approach of the Christmas Season, it is felt wiser to have no additional speakers until after the beginning of next term.

SOCIAL EVENTS

Professor Tetsutaro Ariga invites the faculty to tea on Friday afternoon of this week. He is leaving Yenching next Monday, the fifteenth and asks that the following notice be inserted in the bulletin:

"My I take this opportunity to express my hearty appreciation of the cordial hospitality extended to me by the members of the Yenching community during my brief visit here. I hope this will pave the way for closer friendship between Yenching and Doshisha and that it will help promote better understanding between the peoples of China and Japan. May I have the pleasure of seeing you again before I leave at a tea party in the Dean's Residence, Friday afternoon, December twelfth, from four to six o'clock.

Yours sincerely,  
Tetsutaro Ariga"

On Thursday afternoon of this week a tea will be given under the auspices of the Social Committee to which all members of staff and their wives are invited. The tea will take place in the home of Mr. and Mrs. E.K. Smith Chengfu and the hosts on this occasion will be the Chengfu Community.

Student Faculty Teas. On Sunday, December 14 three Student Faculty Teas will be held:

The Natural Science Tea. will be held at the home of Miss Mills and as December 21 the last Sunday before the vacation will be full of Christmas celebrations. some to Miss Chen I, 57 Yen Nan Yuan. This will be the last tea for Graduate Division Tea. All graduate students and members of the faculty offering graduate courses are cordially invited to an informal tea at the home of Prof. and Mrs. H.J. Huang, 46 Yen Nan Yuan, at 4:30.

The College of Arts and Letters will be at home to its students on Sunday afternoon at 4:00 p.m., The Dean's residence

PERSONNEL

Visit of Professor Ariga. On Sunday afternoon, December 14, at 3:30 there will be a Communion Service in the small chapel of Ninde Hall where the School of Religion faculty and students will come together for spiritual fellowship among themselves and with Professor Tetsutaro Ariga of Doshisha University. After the service the School of Religion will meet for tea in the President's House in honor of Professor Ariga and to give him a happy send off. The Dean of the School of Religion wishes to express through the Bulletin his appreciation of the Christian Fellowship between our School of Religion and Doshisha University made possible by the visit of this exchange professor. We are sure that members of the University community who have come in contact with Prof. Ariga have very much enjoyed knowing him through his lectures, in the faculty discussion group and in personal conversations. We all wish Professor Ariga godspeed and ask him to carry back to Doshisha our greetings to our sister institution, and to friends there.

Visit of Professor R. H. Tawney. Professor Tawney of the London School of Economics is one of the foremost English economists, and intellectual leader of the Labour movement. He is visiting the East at the invitation of the Institute of Pacific Relations, and we are very lucky to have him spend some time in Yenching. Professor and Mrs. Tawney are at present in Shanghai where they have been visiting Hangchow and Nanking (to confer with Government representatives) in company with Professor J. B. Tayler. The present arrangements are that they will be in Yenching about December 25th. Arrangements are being made for Professor Tawney to give a course of lectures, and also to meet with some representative groups in North China to discuss with them problems of economic reconstruction.

#### FOR SALE

Books. Mr. I.A. Richards wishes to dispose of a number of English BOOKS. Will those interested apply to him for a list at the Philosophy Department, or 2 Ma Hsien Hutung, Peking.

Lacquer Teatables. A set of three from Fukien Province. Price. \$36.00 The tables can be seen in the Janitor's Room in the first Men's Dormitory, and purchase can be made through the janitor.

#### LOST

Books. Will the borrower of Miss Hague's "Courage", J. M. Barrie, "When we Were Very Young" A.A. Milne and "Firflower Tablets" by Amy Lowell and Mrs. Ayescough, if quite finished with them please return them.

Pamphlet on Taking Blood Pressure. It belongs to Dr. Learmonth and is marked with his initials in pencil. The borrower carried it in his pocket and it probably dropped out during one of our large meetings when overcoat was piled upon overcoat and a great scramble followed the meeting. Will the finder please return the pamphlet to C.W. Luh or direct to Dr. Learmonth.

A Pair of ladies lined fabric Gloves were left in the President's House after one of the recent Council Meetings. Will the owner please send for them.

#### FURTHER CORRECTION IN THE BULLETIN

Owing to a misunderstanding Miss Burt's Chinese name was incorrectly given in last week's Bulletin. It should read Pei Lu Szu (貝露思).

#### CHRISTMAS CARDS

Some very attractive Christmas cards with Yenching seal and colored photos of the campus can be obtained in the Yen Ch'ang Hou (old Coop Store) Samples can be seen in the President's Office.

#### THE READERS FORUM

What do you think of this scheme? It is a general desire and policy of the university that recreational exercise shall be made available for the largest possible number. Hence the emphasis upon intramural competitions of all kind. Even with the opening of both gymnasiums, this policy of athletics for the mediocre many instead of for the skilled few, is practicable only if outdoor sports are available since the capacity of the gymnasiums at any given time is limited. The open character of the winters in North China decidedly favors open-air forms of sport. But the day light available after 4:30 makes the playing of any game difficult, if not impossible, during many weeks of winter. The Constructive Critic therefore earnestly suggests that afternoon classes from Nov. 15 to March 15 of held from 3 to 6 instead of from 1:30 to 4:30, and that sports be played in the early afternoon. Necessary committee meetings could then be held at the lunch hour, extending into the free

Period as far as required. Similarly, lectures and other meetings now held in the late afternoons could be held from 2 to 3 p.m. or in the evening. We would respectfully suggest however, that the time available for recreational exercise should be kept free of other engagements and attractions as far as possible if we are as keen, as we claim to be, upon the maintenance of a healthy, well-balanced program for life.

#### FACULTY VS. STUDENT ATHLETICS

Those members of staff who during the past few years have taken the time to assist in promoting athletics among the students have not found it a waste of time. It is very easy, when shorn of academic dignity and on a footing of perfect equality, to find yourself making friends in a way that is not possible when unable to get away from the relationship of "teacher and student". You may argue that you do not wish any other relationship, that it would mean a loss of dignity on your part, and that students cannot respect their faculty if they become too "friendly". It is to those, however, who believe in the more human relationships that I now appeal to bringing before you the fact that there are opportunities open now as never before to come out and play with the students. Athletics are comparatively new in Yenching and are being taken up with tremendous enthusiasm. Our playing fields are new, our gymnasiums are new, and the urge is coming from the student side for their faculty to learn to play games with them. If you are not fond of athletics, then perhaps it is better for you not to respond to this call. You would, no doubt, lose too much dignity. At Oxford a don disporting himself upon the playing fields may not be considered a seemly sight, but Yenching has built up no such academic tradition as yet, and if joining in the games means merely a little planning of your time, a little skaking off of the feeling of laziness that steals upon you when classes are over and tea in your study looms large in your thinking, then by all means let the tea wait and come while out daylight lasts. We are all growing older, perhaps imperceptibly, but it is really astonishing how the years depart from you when you mingle in this perfectly natural way with young people. You will be home feeling that your youth is not so far away after all. The reaction may come in the morning when muscles are stiff, but how good for your muscles! The time may come, and all too soon, when our athletics are so well organized that faculty may be considered a bit of a nuisance on athletic fields and your presence may not be suffered as gladly as now. If you have read thus far, perhaps you would like to read more of these Faculty-Student athletics as written up by an eye-witness belonging to our Department of Journalism:

Bought to Nought. That the possibilities of Field Hockey as a Yenching game are yet not fully realized was shown in the interunit game between the Faculty Demons and the First Unit last Friday afternoon. The score at the end of two 15 minute halves remained the same as when the game began, namely 0-0.

The Faculty eleven started the game with nine players and they had to play a stiff game throughout. Within the first few minutes of play the students shot a goal, but it was overruled and did not count after an argument ensued as to the rules. From that time on until the end of the half the ball traveled all over the field--with most play being strategically enacted in front of the faculty goal. The faculty defence was impermeable, with Charlie Parr defending the goal, and with Heinrich Rocholl and Hilda Hague playing full backs.

In one of half back positions Dora Bent, with the only proper Hockey uniform on the field, and with a style of play that proved she knew the game, broke up many plays that might have netted the students a goal. Bill Adolph playing at another half back position upheld the right forwards splendidly in the breaking up of plays and in feeding the ball to the outside for the forward line, and on the other side of the field Princeton technique was evidenced in the personage of the fleet-foot, Lloyd Free.

On the forward line, Andy Ku bullied off at center forward, aided on each side by Escar Sanderson and Louie Holm on the left and Randolph Sailer and Sam Groff on the right. The forward line, in the face of many difficulties and the ever overwhelming disadvantage of inexperience, had a stiff and fast time running up and down the field.

On several occasions the faculty might have scored had the forwards been a bit more speedy--but that all comes with practice. Sailer at right outside forward handled the ball well when he got hold of it, Sanderson on the left side seemed to be able to run indeterminably without getting winded, while others had to stop and puff occasionally. Holm stuck to his position and had the faculty been able to exact a bit more team work against the disorganization of the student team, and could have fed him on the left outside no doubt more of the playing would have taken place in front of the student goal. Had Groff spent more of his energy in playing rather than hollering so much the forward line might have been strengthened somewhat. Ku at center played fast, covered not only his center position but the whole field, and came near scoring for the faculty on no less than two occasions.

According to inter national rules no substitutions are permitted, but an agreement has been reached between the units that if enough players come out substitutions may be made. That fact alone will be the saving grace of the faculty, for eleven players cannot expect to keep up with the younger and speedier students throughout the whole game. Therefore the captain of the faculty team is anxious that more faculty members come out to uphold the faculty standard, and to get some fun and exercise in a new and most interesting game.

The last game score stood at 0-0. Let's win the next.

Bats Defeat Demons. The Faculty Demons have had their red hot pitch forks cooled off twice in the last few weeks by the whizzing flutter of the wings of the Yenta Varsity Bats, when the two quintets met on the Warner field basket ball court. In the first tilt the Demons stooped and the Bats flew past at the rate of 47 points to 22. In the second melee the score keepers's pencil was not so busy, he having only marked up 42 points for the students against 20 for the faculty.

Both defeats for the faculty came after they had pushed forward with much stick-to-it-ive-ness in the inter-unit competition and had won the blue ribbon in the judges decision--thus winning the championship. The games with the varsity team did not count in competition play, but the faculty merely consented to play in order to give the varsity team some stiff practice and help the coach to groom them for the intercollegiate schedule.

In the first game only six faculty members were out, and because of the lack of substitutes were unable to hold the fleet footed students in check. Many times the students ran rings around the faculty and shot goals almost at will, while at other times when the faculty had their wind, close playing was witnessed by the sideliners who stood by cheering and enjoying the game.

In the second game the faculty were able to substitute more often, but the sad defeat was accounted to poor teamwork. The score at the end of the first quarter stood 6-8 in favor of the students but from that time, until the last goal was shot in the dark, none of the teammates kept any record of the scores, and the score keeper was kept busy. The line-up for the two games follows:

	First game		Second game
Taylor	G (6)	Hsueh (14)	G Taylor
Nash (4)	G (18)	Yung (6)	G Free
Biggerstaff	C (8)	An (8)	C (2) Biggerstaff
Wee (14)	F (2)	Jai (6)	F (2) Wee
Ku	F (2)	Lin (2)	F Ku
Groff (4)	F (2)	Fan (2)	F (8) Nash
Free	G (4)	Tu (2)	F (6) Groff
		(6) Tai (2)	G Porter
			F Jen

Praise and appreciation go to every faculty member for their cooperation throughout the season. Groff captioned the team. No more games in basket ball will be played this year, all attention having turned from that sport to Field Hockey--with inter-unit competition having begun last Friday. Faculty members interested in getting exercise are urged to come out, and those who cannot play are urged to come watch the game.

*Mrs Lee*

Thursday, Dec. 25 CHRISTMAS DAY

- 11:00 a.m. Christmas Service: Minde Chapel  
4:00 p.m. Yenta Christian Fellowship Student-Faculty Social:  
The Auditorium

Friday, Dec. 26

- 7:00 p.m. Christmas Entertainment under the auspices of the  
Workmen's Department: The Auditorium

Saturday, Dec. 27

- 8:30 p.m. "Jé Mao" Christmas Play: Sage Auditorium

Sunday, Dec. 28

- 9:00-10:30 a.m. University Service: Minde Chapel  
10:30 a.m. Junior Church and Sunday Schools

Monday, Dec. 29

- 6:00 p.m. Dinner of Journalism Staff and Students: Home of  
Mr. and Mrs. Fash.

Tuesday, Dec. 30

- 7:30 p.m. Student Association New Year Entertainment for  
Villagers: The Auditorium

Wednesday, Dec. 31

- 7:30 p.m. Student Association New Year Entertainment for  
Students and Faculty and their Friends: The  
Auditorium

Wednesday, January 7

- 8:00 p.m. Social Committee Faculty Christmas Party: The  
President's House

SPECIAL EVENTS IN CONNECTION WITH THE  
HOLIDAY SEASON

You will find on the front page the calendar of services and social events that will take place in connection with the Christmas and New Year season as far as it has been possible to assemble this information.

- Dec. 18. "The Messiah". The first event to take place is the Choral Concert the details of which have already appeared in last week's Bulletin. In regard to tickets, we are asked to inform you that no tickets will be sold in advance and there will be no reserved seats. You will pay as you enter.
- Dec. 20. Sunday School Entertainment. On Saturday afternoon, December 20, at 1:30 all the children of the Sunday Schools conducted under the Yenta Christian Fellowship, Chinese and Foreign, faculty and villagers, will hold their Christmas entertainment in McBrier 103.
- Dec. 21. On Sunday, December 21, a number of special Christmas services will be held beginning with the Sheng Kung Hui early morning Communion at 7:30, after which the members will have breakfast together at Miss Hague's house in the Lang Jun Yuan. Those expecting to come to breakfast are asked to send in their names to Miss Hague in advance.

The morning service in Ninde Chapel at 10:30 will be the special union Christmas Service of the whole Yenta Christian Fellowship. The sermon which will be given by Dr. Chao on "The Meaning of Christmas", will be followed by a Communion Service. There will be special music. As there will be no Chinese service on that afternoon, householders are asked to make arrangements if possible to let their servants attend this service.

On the afternoon of Dec. 21, at 4:00 the children of the Faculty Junior Church and Sunday Schools will hold their special Christmas service in Finde Chapel. All the children will take some part in the worship, but this year the children of our Chinese faculty members will be in charge. The children specially invite all members of our community, parents, faculty and students who may wish to come and worship with them.

- Dec. 24. On Christmas Eve, that is Wednesday afternoon, from five to six o'clock, the Christian Fellowship will follow its tradition of having a candle-light service in the chapel of Finde Hall. While the prayers and the short sermon will be given in Chinese, the rest of the service will be singing Christmas songs, and there will be special music. All are invited to this service.

- Dec. 25. There will be a special service, mostly in English on Christmas morning at eleven o'clock, in Finde Hall Chapel. There will be special music and a Christmas sermon. It is hoped that many will attend this service.

At 4:00 o'clock on Christmas afternoon a Yenta Christian Fellowship Student-Faculty social will be held in the Auditorium to which all members of the fellowship, faculty and students are invited. There will be a little play by Lawrence Houseman called "Nazareth" given with faculty and students taking part, music, and finally a distribution of gifts. All those who attend this party are asked to bring a little gift with them costing not more than ten cents.

- Dec. 26. The Workman's Department of the Fellowship will hold their Christmas party on Friday evening, December 26, beginning at 7:00 p.m. in the Auditorium. Please see that your servants are free to come to this.

- Dec. 27. The Je Mao will give a little play written by Miss Boynton in the Sage Auditorium on the evening of Saturday, December 27. All faculty members are invited. In accordance with our usual custom students may be brought as special guests of faculty. Tickets can be procured from the "Ta Mao Mr. Mead", and all other Je Mao members, as long as the supply holds out.
- Dec. 29. The Journalism Department, staff and students, will dine together on Monday evening at the home of Mr. and Mrs. Nash.
- Dec. 30 & 31. The Student Association will give two New Year parties, on Dec. 30 for students and faculty, and on Dec. 31 for our neighbors in the surrounding villages of Chengfu and Haitien. Both these entertainments will be given in The Auditorium at 7:30.
- Jan. 7. When you have sufficiently recovered from all the festivities that are taking place on our campus at Christmas and New Year time, the Social Committee invites you to a Christmas party to be held in the President's House on Wednesday evening, January 7, beginning at 8:30.

The program is to be kept as a complete surprise, and we are told it is a very delightful and original one, so do plan to come and be sociable.

#### YENTA CHRISTIAN FELLOWSHIP NOTES

The only regular services to be held on the Sundays of the Winter Vacation are the Sunday Schools, and the University morning service at 10:30 which will be held as usual. All other services will be suspended until the beginning of the new term.

#### NOTICE FROM THE SECRETARY OF THE UNIVERSITY COUNCIL

The attention of all faculty members is invited to the Minutes of the University Council of December 1st, copies of which were distributed at the end of last week. Whether it is your habit or not to read the University Council Minutes, be sure to read this last issue, especially its appendix which contains the Council action on delinquent grade reports. You may be interested to know that it was after long discussion that this action was adopted. And the Registrar hopes even now that there will be no need for the application of this action. Your cooperation is earnestly solicited.

On account of the holiday and President Stuart's trip to Shanghai, the Council meeting for January will be postponed till Monday, January 19.

#### NOTES FROM THE CHANCELLOR'S OFFICE

The University has extended an invitation through the National Christian Council to the Summer School on Religious Education now being planned for in connection with the visit to China of Dean Weigle of Yale and others, to hold its conference on our campus next summer.

On recommendation from the Department of Sociology Miss Wu Yu-chen is appointed full time assistant in Social Work beginning with the second semester. Miss Wu is at present doing part time work in the department.

On recommendation from the Department of Economics Mr. Chung Ping-chang has been appointed assistant in the department to replace Mr. Ma Hsi-yung who has resigned.

RESEARCH-WORK NOTES. PHYSICS DEPARTMENT

For the benefit of those who wish to know how research is progressing in the various departments we suggest that each of those responsible for such work send to the Bulletin occasional reports of progress, and of plans. For example:

Researches on Ultra-violet Radiation from the Sun. The necessity for researches on the ultra-violet radiation from the Sun is self-evident. A completely satisfactory investigation by science of the solar activity cannot be obtained without observations from all parts of the Earth's surface at all times of the year; as yet no serious attempts have been made in the neighbourhood of Peking.

In a nation like China, where the problem of raising the standards of public health is of utmost importance and immense difficulty, a thorough knowledge of the available supply of health-giving solar radiation is obviously desirable.

It is therefore proposed in Yenching Physics Department to undertake a series of correlated researches on solar activity, and two branches of this work have already begun:-

- a) Direct measurement of U.V. by chemical means, using the standard solutions employed by the pan-Pacific survey directed from Honolulu, will give comparisons between the U.V. in Peking and that at most parts of the Pacific area.
- b) Correlation of these measurements with observations on the electrical state of the atmosphere. The latter is a significant factor in the explanation of the effect of the atmosphere on the solar radiation passing through it.

It is hoped that in the near future measurements will be made possible on the U.V. entering the upper atmosphere and the "Heaviside Layer" - the measurements being made by means of radio reception - and this will enable important results to be obtained regarding the absorption by the atmosphere of the U.V.

Further reports on this work will be issued as occasion arises.  
W.B.

THE READERS FORUM

The Daylight Saving Suggestion of Constructive Critic is a very valuable one. This is the custom in British Boarding Schools and Colleges on account of our short winter days. Numbers of students here come to me complaining of loss of vigor and appetite and sleeplessness, who state that they have no time for exercise. I would like the change to begin from October 1. From that date the sun sets before 6:00 o'clock. November 15 comes very close to skating time when there is exercise to be had for many in the evenings.

(signed) B.L.L. Learmonth

The suggestion of a three to six p.m. winter class schedule may appear too radical to merit serious consideration. In reality it is a plan which has been used successfully in other countries. When one considers the tremendous waste of sunshine which our present system makes inevitable, it seems strange that we have clung to it so long. An hour and a half a day when multiplied by 800 is no paltry amount to throw away. Just how many ultra-violet rays occur in an hour of North China sunshine, and just how much they would cost if purchased in the form of electrical current and apparatus, I am unable to state. But it is self-evident that to waste 80,000 hours of sunshine every winter (excluding holidays) is not intelligent planning.

(Unsigned)

.....

Here's a Knot for Someone's Sword. An intimate friend of many members of our community has turned up unexpectedly for a week-end visit twice this year. On both occasions, when his host and hostess at his request, have gotten in touch with these friends for a possible meal and visit, every single Yenching friend of the visitor has had other engagements. Rather lamely, we have tried to explain to our visitor from the interior that such a situation is not a

chronic condition but characteristic of week-ends only. But we fear that he has gone away each time with the feeling that Yenching families must need social secretaries.

As a result of this series of facts and in view of the hectic schedule of appointments which so many of us try to keep up with week after week----seminars, committees, lectures, teas, dinners, concerts, games, chapel, receptions for distinguished guests, and so on ad fatigationem---The Constructive Critic ventures to suggest that the time has come when it is imperative that we have some corporate thinking on the problem of excess socialization.

Certain individuals meet this problem by neither extending nor accepting any invitations from Monday to Friday; others limit their engagements to three per week. Some set no limits to private social activity but rarely if ever attend any general functions. The undersigned believes that the problem is one requiring common counsel, as individual action constantly leads to misunderstanding and embarrassment.

Admittedly the subject is a delicate one. One may seem most ungracious, for instance, if he puts into specific language in this public manner a fact of which we are all aware but which is rarely discussed outside the circle of each fireside, namely, the large number of invitations which are extended merely or primarily from a sense of social obligation. But it is precisely at this point that we may find the most practicable solution of the difficulty of congested schedules.

When the university community was smaller, every person desired and tried to have everyone else to one or two meals a year. Our community has grown too large for such a social program to be practicable or desirable. What a change would it not make in the weekly schedules of most of us if we were relieved of such social debt paying and payeeing! The system is a self-perpetuating circle, however, until simultaneously broken by general agreement.

In thus suggesting that dinner parties, and such, in individual homes should be reserved largely for groups of more intimate and specially congenial friends, the undersigned has no thought of sanctioning the establishment of exclusive social cliques. Far from it! Our closer friendships are too diversified for that possibility to be a danger, in his opinion. The widening and deepening of more general acquaintanceships is possible in the faculty socials, general receptions, compound suppers, and similar gatherings.

We realize that it is quite gratuitous for any one to make suggestions to another about his social practices, and this is not our intention herein. We are trying to discuss a general condition in a broad way. It is our strong feeling that the number of community-wide social gatherings should be greatly decreased, as being unnecessary, if we are to continue in the grip of a private social system with conventions and customs like unto those of a diplomatic circle in a natural capital.

It will be obvious to all that the foregoing has been written by a man. For the sake of domestic felicity and concord, he would like everyone to understand that he speaks strictly for himself only. With some misgivings, he none-the-less earnestly hopes that all whose guest he has been or who have been his guests will understand that he is not being personal but is discussing a condition. Whatever the reader may think about the situation or the desirability of changing it, we'll venture that, like the writer, you always suppress a laugh with difficulty when someone in the city asks in a somewhat pitying and patronizing tone what we find to do with our time way out here in the country.

#### PERSONNEL

Our congratulations to Dr. and Mrs. J.F. Li on the birth of a daughter.

Mr. Hsu Pao-chien does not forget how interested Bulletin readers are in the activities of those members of our community who are abroad on furloughs. One does not wonder when one reads the account of what he is doing, that he has no time to elaborate or write up his impressions.

The following is a brief report of my doings during October and November:

Oct. 1-14 Work in the World's Committee of Y.M.C.A. office at Geneva.

Oct. 14-17 International Student Service Assembly at Paris

Oct. 18-22 International Rural Y.M.C.A. Conference at Dassel, Germany where I spoke on the Mass Education and the Cooperative Movement in China.

Oct. 24-31 Visit to Denmark (Copenhagen, Haslev and Aarhus) where I spoke to various groups, Y.M.C.A. boys, university and high school students, Y.M. and Y.W. secretaries, church members, farmers. I visited cooperative farms and dairies, peoples' high schools, and gave three interviews on China to press people. I enjoyed this visit to Denmark tremendously.

Nov. 2- Since the first of November, Paris--where I have been studying French, making speeches and getting into contact with Chinese students and protestant groups. There are some earnest groups among the Chinese students here that I have discovered. The most urgent needs for the Chinese students who number about 1,000, are two--1) suitable places for lodging, and 2) group life and contact with the representative elements of French society and other groups.

P.S. I'll be here till the end of December when I have to go back to Geneva for meetings".

#### ATHLETICS

Yenching Varsity vs. Peking Club 11. We extend our congratulations to our Varsity team for so nobly unholding the blue and gold last Saturday. With very little practice and a delightfully vague knowledge of rules, but with superb dash and spirit, the Yenching eleven held in check the more experienced team from the Peking Club during the whole afternoon's play, allowing them to score only one goal. We predict great things for our team, after a little more careful study of the rule book and some practice in shooting.

The Skating Carnival will be held the week following the vacation, and on either the Friday evening, Jan. 16th or Saturday Jan. 17th according to weather conditions.

It was suggested at the Committee, that students and Faculty members remaining in Yenching over the holidays might like to have an informal "Je Nao" on the rink some time during that period; will all those in favour of something of the kind express their wishes to the Treasurer, who will gladly welcome suggestions. Student skaters are asked to talk it over with any members of the Committee during the next few days.

The first week end of the New Year will be full moon, and would therefore be an ideal time for an evening's fun.

All those who have not yet paid their subscriptions are asked to do so as soon as possible.

#### CHRISTMAS PRESENTS

1931 Calendars with Yenching Pictures. Small 1931 calendars with the Yenching gold seal on their blue covers, and colored photographs are now on sale at the old Coop. Store. They are ideal Christmas presents to send to friends. The price varies from \$.35 to \$1.20 each.

Cross Stitch. The sales room at Mrs. Wiant's house, No. 63 South Compound is open on Tuesday and Friday morning from 9:30 to 12:00 and on Thursday afternoon after 4:00 o'clock.

#### LOST

On Monday Nov. 24, at 6:00 p.m. between the door of McBrier building and the Philosophy Department, Mr. I.A. Richards dropped a large pair of English leather gloves covered with fur on the outside. Reward \$10.

NOTICE FROM THE REGISTRAR'S OFFICE

During the holidays the office will be open according to the schedule for offices passed by the G.F.E., but will not be fully staffed. Miss Cookingham will be in charge before the New Year, and Mr. Mei after. If you cannot get what you want in the office call them up please. The Registrar would point out that while the long holiday at this time may interrupt our program of instruction, it should help out as far as term papers, field investigation, and laboratory make-up work are concerned. In rare cases only, therefore, will students receive the mark "in" on the grade reports for the present semester. The Registrar's office has prepared  $\frac{1}{2}$  size sheets of test paper, for the daily quiz. Please mention the size you want at the counter.
