			Series I. Associated Boards for Christian Colleges in China, Consolidated General File	1937-1944
			This file is alphabetically arranged. Headings include topics, individual names, and names of organizations. Inclusive dates are provided for the material related to each heading, except in cases when a folder encompasses more than one heading. The original order and heading designation of the file have not been altered; cross references have not been added. In most cases, common sense will lead the researcher to discover that, for example, material related to the United Christian Missionary Society is located under "Disciples of Christ" and material related to the Rackham Fund is located under "Foundations--Rackham Fund."

Series II. United Board for Christian Colleges in China Consolidated General File

Box	Folder	Reel	Description	Date(s)
			Series II. United Board for Christian Colleges in China Consolidated General File	1947-1955
			The organization of this Series is similar to that of Series I. The time periods covered by the two Series overlap slightly. Although some material in Series II dates from after the United Board's corporate name change, the File's original title has been retained to indicate its clear orientation toward the China College era.	
			The detailed cross reference directory developed by the United Board for use with its Consolidated General File will be of considerable value to the researcher. It is located at the end of Series II listings. No responsibility is taken for the accuracy of the cross reference lists.

Series V. Audio-Visual Materials

Many of these photos have been digitized. View [digitized photographs](#) in the Yale University Library Digital Collections.

The materials in Series V have been divided according to format:

- 1) Films, filmstrips
- 2) Photographs
- 3) Slides
- 4) Sketches
- 5) Sound recordings

General films about United Board work in China and geographical areas of China are followed by films related to specific educational institutions in Asia. Film titles are provided as available. A small number of filmstrips follow the films.

Photographs are organized in the following sequence:

- a) Associated Boards and United Board activities in the United States
- b) China Colleges
- c) Other educational institutions in Asia
- d) Organizations related to the China Colleges
- e) Miscellaneous photographs of China and Korea

The organization within these categories varies according to the number, size and subject matter of photographs available.

The slides include glass lantern slides and more modern varieties. Slides relating to four China Colleges are followed by a number of boxes of unidentified slides.

The sketches are by Mary V. Thayer of Ginling College.

The sound recordings consist of two phonograph records and seventeen soundscrip discs.
